*Revenue Law* Michael Tookey, 2002      *Revenue Law Textbook* Holborn Law Tutors, 1985      **Textbook on Revenue Law** Adrian Shipwright, Elizabeth Keeling, 1997-01-01      *Textbook on Revenue Law* Adrian Shipwright, Elizabeth Keeling, 1998 This work concentrates on the living tax law and its practical ramifications. It offers a presentation of this complex and ever-changing subject and deals with the subjects found on most undergraduate and postgraduate degree tax courses. The second edition has been updated to take account of the Finance Act 1998 and other recent developments.

**Revenue law** Paul MacNicholl, 1992      *Tiley's Revenue Law* Glen Loutzenhiser, 2016-10-20 This is the eighth edition of John Tiley's major text on revenue law, now restructured to cover the UK Tax system: Income Tax, Capital Gains Tax, and Inheritance Tax, as well as incorporating sections dealing with Corporation Tax, International and European Tax, Savings and Charities, which had previously been published in a separate volume entitled *Advanced Topics in Revenue Law*. This new version of *Revenue Law* is fully revised and updated for the latest case law, statutory and other developments, including Finance Act 2016, the Supreme Court decision in *UBS DB*, the G20 OECD Base Erosion and Profit Shifting project, Diverted Profits Tax, EU State Aid investigations, the 2016 business tax road map, and recent reforms to the UK taxation of capital gains, savings, income, dividends, and employment benefits. The book is designed for law students taking the subject in the final year of their law degree course or for more advanced courses and is intended to be of interest to all who enjoy tax law. Its purpose is not only to provide an account of the rules but to include citation of the relevant literature from legal periodicals and some discussion of or reference to the background material in terms of policy, history, or other countries' tax systems.      **Tiley's Revenue Law** Glen Loutzenhiser, John Tiley, 2022 This is the 10th edition of John Tiley's classic textbook on revenue law covering the UK tax system: income tax, capital gains tax, inheritance tax, and corporation tax, as well as incorporating sections dealing with international and European tax, savings, charities, and new to this edition, value added tax and stamp duties. The new edition has been comprehensively revised and fully updated with the latest case law, statutory and other developments, including the Finance Act 2021. The book's companion website provides bonus chapters on investment intermediaries, pensions, charities, and the UK's value added tax and stamp duties. The companion website will also supply annual updates to the print edition, as well as study questions to help students navigate this complex subject. The book is designed for students taking modules in tax law in the final year of their law degree or for more advanced courses. It is also a valuable resource for academics and professionals in the field.
