Cities and Gender Helen Jarvis, Jonathan Cloke, Paula Kantor, 2009-06-02 Men and women experience the city differently in a myriad of ways An analysis of urban and gender studies as co constitutive subjects is long overdue This book is a systematic treatment of urban and gender studies combined It presents both a feminist critique of mainstream urban policy and planning plus a gendered reorientation of key urban social environmental and city regional debates Gender, Governance and Empowerment in India Sreevidya Kalaramadam, 2016-03-22 Since the mid 1980s the presence of women in governance has become a major marker of successful democracy in global and national discourses on the democratization of society A diverse set of nation states have legislatively mandated gender quotas to ensure the presence of elected women representatives EWRs in various rungs of governance Since 1993 the Indian state has legislated a massive program of democratization and decentralization As a result more than 1.5 million EWRs have taken office within the lower rungs of governance or the Panchayati Raj Institutions PRI This book is an ethnography of the Indian state and its policy of legislated entry of women into political life It argues that political participation of women is necessary to change the political practices in society to make institutions more gender class and caste representative and to empower individual women to negotiate both formal and informal institutions Its locus is the everyday life contexts of EWRs in the southern Indian state of Karnataka who negotiate their own meanings of politics state society empowerment and political subjectivity Analysing three factors structural boundaries sociocultural divisions and conjunctural limitations imposed on the participation of EWRs by political parties the book demonstrates that the social embeddedness of PRIs within everyday practices and social relations of identity and power severely constrain and shape the political participation and empowerment of EWRs Providing a valuable insight into contemporary state and feminist praxis in India this book will be of interest to scholars of grass roots democracy gender studies and Asian politics Gender Education and Equality in a Global Context Shailaja Fennell, Madeleine Arnot, 2007-09-12 Focusing on gender equality by exploring the interrelations between gender education and poverty this work demonstrates a range of methodological frameworks for analysing gender and education with a development context

The Logics of Gender Justice Mala Htun, S. Laurel Weldon, 2018-03-01 When and why do governments promote women's rights Through comparative analysis of state action in seventy countries from 1975 to 2005 this book shows how different women's rights issues involve different histories trigger different conflicts and activate different sets of protagonists Change on violence against women and workplace equality involves a logic of status politics feminist movements leverage

international norms to contest women's subordination Family law abortion and contraception which challenge the historical claim of religious groups to regulate kinship and reproduction conform to a logic of doctrinal politics which turns on relations between religious groups and the state Publicly paid parental leave and child care follow a logic of class politics in which the strength of Left parties and overall economic conditions are more salient The book reveals the multiple and complex pathways to gender justice illuminating the opportunities and obstacles to social change for policymakers advocates and others seeking to advance women's rights *Gender Inequality in the Public Sector in Pakistan* K. Chauhan, 2015-12-05 As gender training is applied increasingly as a development solution to gender inequality this book examines gender inequality in Pakistan's public sector and questions whether a singular focus on gender training is enough to achieve progress in a patriarchal institutional context *Gender, Globalization, and Health in a Latin American Context* J. Gideon, 2014-10-15 Using a political economy of health *Gender Globalization and Health in a Latin American Context* demonstrates how the development of health systems in Latin America was closely linked to men's participation in formal labor This established an inherent male bias that continues to shape health services today While economic liberalization has created new jobs that have been taken up mainly by women these jobs fail to offer the same health entitlements Author Jasmine Gideon explores the resultant tensions and gender inequalities which have been further exacerbated in the context of health care commercialization *Gender in Latin America* Sylvia H. Chant, Nikki Craske, 2003 A comprehensive state of the art review of gender in one of the world's most diverse and dynamic regions The authors draw on a wide range of sources including their own field research to explore changes and continuities in gender roles relations and identities during the late twentieth century into the twenty first Debunking traditional universalizing stereotypes diversity in gender is highlighted in relation to the cross cutting influences of age class sexuality ethnicity rural urban residence and migrant status
