Revision Express Modern History:

A History of Modern Political Thought Gary Browning, 2016-10-13 How are we to understand past political thinkers Is it a matter simply of reading their texts again and again Do we have to relate past texts of political thought to the contexts in which ideas were composed and in which the aims of past thinkers were formulated Or should past political theories be deconstructed so as to uncover not what their authors maintain but what the texts reveal In this book theories of interpreting past political thinkers are examined and the interpretive methods of a range of theories are reviewed including those of Hegel Marx Oakeshott Collingwood the Cambridge School Foucault Derrida and Gadamer The application of these theories of interpretation to notable modern political theorists Machiavelli Hobbes Locke Rousseau Kant Hegel Marx Bentham Mill Nietzsche and Beauvoir is then used as a way of understanding modern political thought and of assessing interpretive theories of past political thought The result is a book which sees the history of modern political thought as more than a procession of political theories but rather as a reflection on the meaning of past political thought and its interpretation It provides a way of reading the history of modern political thought in which the question of interpretation matters both for understanding how we interpret the past but also for considering what it means to undertake political thinking *A History of Modern Jewish Religious Philosophy* Eliezer Schweid, 2025-01-20 Schweid concludes his history of modern Jewish thought by narrating two major progressions in Diaspora Jewish thought of the early twentieth century 1 the varied responses of ultra Orthodox Diaspora Jewish thinkers to the Holocaust Wasserman Shapira Ashlag Dessler Teichthal Rokea and Yosef Yitzhak Schneersohn and 2 the formative thinkers of the major movements in American Jewish thought Kohler Schechter Kaplan Herberg Strauss Soloveitchik and Heschel *A Manual of Ancient and Modern History* William Cooke Taylor, 1850 The Cambridge Modern History Collection J.B. Bury, Mandell Creighton, R. Nisbet Bain, G. W. Prothero, Adolphus William Ward, Lord Acton, 2024-02-22 The Cambridge Modern History is a comprehensive modern history of the world beginning with the 15th century Age of Discovery The first series was planned by Lord Acton and edited by him with Stanley Leathes Adolphus Ward and George Prothero The Cambridge Modern History Collection features all five original volumes Volume I The Renaissance Volume II The Reformation the End of the Middle Ages Volume III The Wars of Religion Volume IV The 30 Years War Volume V The Age of Louis XIV Lectures on Modern History William Smyth, 1849 **The Cambridge Modern History**, 1905 **Japan's Modern History, 1857-1937** Junji Banno, 2014-08-13 Over the course of the period 1857 to 1937 in Japan six distinct stages can be identified as the country moved from Shogun rule and its subsequent overthrow from industrialisation and investment to the Meiji Constitution and then from Taisho democracy to Showa fascism In this book Junji Banno stresses the mutual relationships between each period and to this end renames them accordingly the age of reform age of revolution age of construction age of management age of reorganisation and age of crisis Following this model the book covers eighty years of history in Japan focusing on political history and foreign relations with extensive

material also on economic development and foreign influences on political institutions and practices Based on extensive archival research Japan s Modern History considers synoptically the key trends and their significance over the period of 1857 to 1937 In turn it presents in detail fascinating information on many of the main leaders and other significant figures with extensive quotations from their writings letters and diaries This book is a translation into English of a major work of scholarship by a leading historian of modern Japan and may be considered the apex of Junji Banno s work in the field As such it will be of great interest to students and scholars of both Japanese history and history more broadly
