## Revolt Against Time:

**The Revolt Against the Masses** Fred Siegel, 2015-04-07 This short book rewrites the history of modern American liberalism. It shows that what we think of as liberalism, the top and bottom coalition we associate with President Obama, began not with Progressivism or the New Deal but rather in the wake of WWI in disillusionment with American society. In the 1920s, the first thinkers to call themselves liberals adopted the hostility to bourgeois life that had long characterized European intellectuals of both the left and right. The aim of liberalism's founders, such as Herbert Croly, Randolph Bourne, H. G. Wells, Sinclair Lewis, and H. L. Menckens, was to create an American version of the aristocracy long associated with European statism. Critical of mass democracy and middle class capitalism, liberals despised the businessman's pursuit of profit as well as the conventional individual's pursuit of pleasure, and in the 1950s liberalism expressed itself in the scornful critique of popular culture. It was precisely the success of a recently elevated middle class culture that frightened the leaders of the New Class, who took up the priestly task of de-democratizing America in the name of administering newly developed rights. The neo-Malthusianism that emerged from the 1960s did not aim to control the breeding habits of the lower classes as its eugenicist precursors had done, but to mock and restrain the buying habits of the middle class. Today's brand of liberalism, led by Barack Obama, has displaced the old Main Street private sector middle class with a new middle class composed of public sector workers allied with crony capitalists and the country's arbiters of elite style and taste. *Revolt Against the Dead* Douglas E. Brintnall, 2025-07-01 First published in 1979, *Revolt Against the Dead* describes the changing lifestyle of the Aguacatec Indians, a Mayan peasant people of the northwestern highlands of Guatemala. The author presents the societal transformation from an economic, social, political, and religious perspective. The book explores both internal and external factors responsible for bringing about the change in the Aguacatan community. It emphasizes the interplay between changing local conditions and outside influences. As many factors that occurred at different times were responsible for the transformation, most of the book is organized into a kind of history. The local events are therefore presented as three major epochs: traditional Aguacatan, a transitional period of collapse, and the contemporary new order. This volume will be of interest to students and researchers of anthropology and history. *Nietzsche & the Metaphysics of the Tragic* Nuno Nabais, 2006-01-01 A concise and historicized analysis of the development of Nietzsche's thought on the subject of tragedy. *Revolt Against Theocracy* Farhad Khosrokhavar, 2024-08-26 This book is the first in-depth account of the uprising in Iran that began on 16 September 2022 when a young woman, Mahsa Amini, was killed by the morality police. In the months that followed, protests and demonstrations erupted across Iran, representing the most serious challenge to the Iranian regime in decades. Women have played a key role in these protests, refusing to wear a hijab and cutting their hair in public, to chants of "Woman, Life, Freedom." In Farhad Khosrokhavar's account, these protests represent the first truly feminist movement in Iran and one of the first in the Muslim world where women have been in the vanguard. There have been many movements in the Muslim world in which

women have taken part but rarely have women and especially young women been the driving force The Mahsa Movement also championed non Islamic secularized values based on the joy of living the assertion of bodily freedom and the quest for gender equality and democracy Khosrokhavar gives a full account of the context of and background to the events triggered by the killing of Mahsa Amini analyzes the character of the Mahsa Movement and the regime s repressive response to it and draws out its broader significance as one of the most significant feminist movements and political uprisings in the Islamic world **The Revolt Against Civilization: The Menace of the Under Man** Lothrop Stoddard,2020-09-28 **Debussy,**
