Perry, 2007-08-24 This pioneering study explores the role of working class militias as vanguard and guardian of the Chinese Revolution The book begins with the origins of urban militias in the late nineteenth century and follows their development to the present day Elizabeth J Perry focuses on the institution of worker militias as a vehicle for analyzing the changing yet enduring impact of China's revolutionary heritage on subsequent state society relations She also incorporates a strong comparative perspective examining the influence of revolutionary militias on the political trajectories of the United States France the Soviet Union and Iran Based on exhaustive archival research the work raises fascinating questions about the construction of revolutionary citizenship the distinctions among class community and creed the open ended character of revolutionary movements and the path dependency of institutional change All readers interested in deepening their understanding of the Chinese Revolution and in the nature of revolutionary change more generally will find this an invaluable contribution *Mao's New World* Chang-tai Hung, 2017-02-28 In this sweeping portrait of the political culture of the early People's Republic of China PRC Chang tai Hung mines newly available sources to vividly reconstruct how the Chinese Communist Party CCP tightened its rule after taking power in 1949 With political cultural projects such as reconstructing Tiananmen Square to celebrate the Communist Revolution staging national parades rewriting official histories mounting a visual propaganda campaign including oil paintings cartoons and New Year prints and establishing a national cemetery for heroes of the Revolution the CCP built up nationalistic fervor in the people and affirmed its legitimacy These projects came under strong Soviet influence but the nationalistic Chinese Communists sought an independent road of nation building for example they decided that the reconstructed Tiananmen Square should surpass Red Square in size and significance against the advice of Soviet experts sent from Moscow Combining historical cultural and anthropological inquiries *Mao's New World* examines how Mao Zedong and senior Party leaders transformed the PRC into a propaganda state in the first decade of their rule 1949-1959 Using archival sources only recently made available previously untapped government documents visual

materials memoirs and interviews with surviving participants in the Party's plans Hung argues that the exploitation of new cultural forms for political ends was one of the most significant achievements of the Chinese Communist Revolution The book features sixty six images of architecture monuments and artwork to document how the CCP invented the heroic tales of the Communist Revolution
