 affecting exchange and the market and the burden and methods of legal judgement It also includes Ba kowski s 2011

National Bibliography Arthur James Wells,1992 *On the Spirit of Rights* Dan Edelstein,2018-12-14 By the end of the
 eighteenth century politicians in America and France were invoking the natural rights of man to wrest sovereignty away from
 kings and lay down universal basic entitlements Exactly how and when did rights come to justify such measures In *On the*
Spirit of Rights Dan Edelstein answers this question by examining the complex genealogy of the rights that regimes
 enshrined in the American and French Revolutions With a lively attention to detail he surveys a sprawling series of debates
 among rulers jurists philosophers political reformers writers and others who were all engaged in laying the groundwork for
 our contemporary systems of constitutional governance Every seemingly new claim about rights turns out to be a variation
 on a theme as late medieval notions were subtly repeated and refined to yield the talk of rights we recognize today From the
 Wars of Religion to the French Declaration of the Rights of Man and of the Citizen to the 1948 Universal Declaration of
 Human Rights *On the Spirit of Rights* is a sweeping tour through centuries of European intellectual history and an essential
 guide to our ways of thinking about human rights today **Bowker's Law Books and Serials in Print** ,1984
