Michael Brown

Revue Lusotopie International Political Research On Spaces Stemming From Portuguese Colonization And History:

The International Journal of African Historical Studies ,2008 **Médias, pouvoir et identités** , A l aire de la mondialisation le fait linguistique est marchandisé de manière croissante Ainsi le marché des feuilletons brésiliens telenovelas est brusquement largi et tend devenir un phénomène lusophone majeur Si personne ne nie l'influence croissante que le genre brésilien acquiert dans l'aire dessinée par la pratique du portugais la quatrième langue européenne la plus parlée dans le monde le phénomène produit-il une uniformisation tendancielle des pays de langue portugaise L'analyse des médias dévoile certes des phénomènes de rapprochement provoqués par la communauté de langue mais renforce aussi l'impression que chaque pays reste surtout influencé par son aire d'insertion propre La lusophonie demeure une aire spécifique d'intersection avec d'autres identités et n'est pas en tant que telle une aire culturelle Partout les médias sont un enjeu de pouvoir et c'est par le biais de ces enjeux que s'expriment les identités ethniques ou politiques les trajectoires professionnelles des journalistes les techniques de reportage les traditions cinématographiques émergentes etc Bien entendu la vitalité des médias sera plus forte où le mouvement social a imposé une réelle pluralité politique c'est en particulier pourquoi l'Angola n'est pas directement présente dans ce dossier même si certaines initiatives les plus souvent restreintes la capitale sont prometteuses En revanche les vitalités portugaise brésilienne capverdiennes et même mozambicaine apparaissent pleinement qu'il s'agisse de la télévision de générations journalistiques du développement d'internet notamment au Cap Vert l'archipel de tous les rivaux Introduit par un beau texte de l'écrivain mozambicain Luis Carlos Patraquim ce dossier ne prétend pas l'exhaustivité Mais en une dizaine d'articles d'auteurs de nationalités brésilienne britannique française mozambicaine et portugaise il offre une complémentarité d'approche du puzzle lusophone *International Journal of Iberian Studies* ,2007 **Médias, pouvoirs et identités** ,2005-09-01 Partout les médias sont un enjeu de pouvoir et c'est par le biais de ces enjeux que s'expriment les identités ethniques ou politiques les trajectoires professionnelles des journalistes les techniques de reportage les traditions cinématographiques émergentes etc Introduit par un beau texte de l'écrivain mozambicain Luis Carlos Patraquin ce dossier ne prétend pas l'exhaustivité Mais en une dizaine d'articles d'auteurs de nationalités brésilienne britannique française mozambicaine et portugaise il offre une complémentarité d'approche du puzzle lusophone **Gouverner les sociétés africaines. Heritage in Eight Acts Rodrigo Christofolletti,2024-12-17 Heritage in Eight Acts brings together contributions on cultural heritage at an international level with an emphasis on Latin American and Ibero American studies addressing points of convergence between the local and the global in an accessible and direct way It discusses themes that have gained importance on the heritage preservation agenda signaling how Latin America and Europe have expanded their connections and actions in favor of the multiplicity of heritage Eight scholars from diverse backgrounds bring critical and nuanced understandings of heritage to the context of international relations From architecture to history and from archeology to art history each contribution displays methodological creativity and analytical depth The result is a synthesis with the impact of showing how points of connection can bring Latin America closer to Europe but not from a relationship of subalternity but of shared protagonism

Decolonization in the Indian Ocean World Pamila Gupta,2018-10-18 Pamila Gupta takes a unique approach to examining decolonization processes across Lusophone India and Southern Africa focusing on Goa Mozambique Angola and South Africa weaving together case studies using five interconnected themes Gupta considers decolonization through the twined lenses of history and ethnography accessed through written oral visual and eyewitness accounts of how people experienced the transfer of state power She looks at the materiality of decolonization as a movement of peoples across vast oceanic spaces demonstrating how it was a process of dispossession for both the Portuguese formerly in power and ordinary colonial citizens and subjects She then discusses the production of race and class anxieties during decolonization which took on a variety of forms but were often articulated through material objects The book aims to move beyond linear histories of colonial independence by connecting its various regions using the theme of decolonization offering a productive and new approach to writing post national histories and ethnographies Finally Gupta demonstrates the value of using different source materials to access narratives of decolonization analyzing the work of Mozambican photographer Ricardo Rangel and including lyrical prose and ethnographical observations Portuguese Decolonization in the Indian Ocean World provides a nuanced understanding of Lusophone decolonization revealing the perspectives of people who experienced it This book will be highly valuable for historians of the Indian Ocean world and decolonization but also those interested in ethnography diaspora studies and material culture
