Revue Dhistoire Moderne Et Contemp Volume 17:

The Historiography of Contemporary Science and Technology Thomas Söderquist,2013-01-11 More than ninety percent of all scientific history has been made during the last half century So far however only a fraction of historical scholarship has dealt with this period Merely a decade ago most scientific historians considered recent science the scientific culture created lived and remembered by contemporary scientists an area of study best left to the historical actors themselves

Napoleon Andrew Roberts,2014-11-04 The definitive biography of the great soldier statesman by the acclaimed author of Churchill and The Last King of America winner of the LA Times Book prize finalist for the Plutarch prize winner of the Fondation Napoleon prize and a New York Times bestseller A thrilling tale of military and political genius Roberts is an uncommonly gifted writer The Washington Post Austerlitz Borodino Waterloo his battles are among the greatest in history but Napoleon Bonaparte was far more than a military genius and astute leader of men Like George Washington and his own hero Julius Caesar he was one of the greatest soldier statesmen of all times Andrew Roberts s Napoleon is the first one volume biography to take advantage of the recent publication of Napoleon s thirty three thousand letters which radically transform our understanding of his character and motivation At last we see him as he was protean multitasker decisive surprisingly willing to forgive his enemies and his errant wife Josephine Like Churchill he understood the strategic importance of telling his own story and his memoirs dictated from exile on St Helena became the single bestselling book of the nineteenth century An award winning historian Roberts traveled to fifty three of Napoleon s sixty battle sites discovered crucial new documents in archives and even made the long trip by boat to St Helena He is as acute in his understanding of politics as he is of military history Here at last is a biography worthy of its subject magisterial insightful beautifully written by one of our foremost historians

France in the Era of Fascism Brian Jenkins,2007-04-01 France s response to the rise of European fascism during the 1930s and subsequently to the Nazi occupation 1940 44 has been a difficult subject for the nation s historians The consensus amongst leading French authorities on the period has been the claim that France was largely immune to fascism in the 1930s and that the Vichy regime was an aberration produced by defeat and occupation Over the last 30 years this position has gradually been undermined mainly through the work of foreign scholars but it nonetheless remains intact This volume brings together for the first time the leading critics of the standard French interpretation who have used these essays to refine and update their positions or to move the debate onto new terrain

Studies in Contemporary Jewry Peter Y. Medding,1989-07-13 This volume critically examines the State of Israel forty years after its establishment Topics include the integration of Middle Eastern Jews in Israeli society the Arab minority in Israel the dilemma of Haredi Jewry Israeli democracy in transition and the changing legitimations of the State of Israel Other essays in the volume include debates on the significance of mixed marriages in North America and the distinctive character of American Zionism This series is published yearly by the Institute of Contemporary Jewry at The Hebrew University of

Jerusalem It is edited by Jonathan Frankel Peter Y Medding and Ezra Mendelsohn all distinguished professors of contemporary Jewish history at the University The volumes include symposia articles book reviews and lists of recent dissertations by major scholars of Jewish history from around the world *Transregional and Transnational Families in Europe and Beyond* Christopher H. Johnson, David Warren Sabean, Simon Teuscher, Francesca Trivellato, 2011-08-01 While the current discussion of ethnic trade and commercial diasporas global networks and transnational communities constantly makes reference to the importance of families and kinship groups for understanding the dynamics of dispersion few studies examine the nature of these families in any detail This book centered largely on the European experience of families scattered geographically challenges the dominant narratives of modernization by offering a long term perspective from the Middle Ages to the twenty first century Paradoxically transnational families are to be found long before the nation state was in place *The Memory of Colonialism in Britain and France* Itay Lotem, 2021-03-12 This book explores national attitudes to remembering colonialism in Britain and France By comparing these two former colonial powers the author tells two distinct stories about coming to terms with the legacies of colonialism the role of silence and the breaking thereof Examining memory through the stories of people who incited public conversation on colonialism activists politicians journalists and professional historians this book argues that these actors mobilised the colonial past to make sense of national identity race and belonging in the present In focusing on memory as an ongoing politicised public debate the book examines the afterlife of colonial history as an element of political and social discourse that depends on actors goals and priorities A thought provoking and powerful read that explores the divisive legacies of colonialism through oral history this book will appeal to those researching imperialism collective memory and cultural identity [Socialism and the Experience of Time](#) Julian Wright, 2017 How do we make social democracy by seizing the unknown possibilities of the future or by focusing our attention on the immediate present Julian Wright examines French reformist and idealist socialism s fascination with modern history using interlocking biographical essays to understand the timeframe of their social transformation **A History of Private Life** Philippe Ariès, Michelle Perrot, Georges Duby, 1987 Library has Vol 1 5 **The Force of Fashion in Politics and Society** Beverly Lemire, 2016-12-05 Throughout history fashion has emerged as one of the most powerful driving forces determining the political economic and social ramifications of the production distribution and circulation of goods Indeed fashion especially in relation to clothing and textiles shapes the relationship between self and society in unique ways In this light the collected papers in this volume position fashion as the lens the critical mediating force through which to analyse and understand cultural economic and political shifts within a broad spectrum of societies in Europe Asia Africa and America from the seventeenth to twenty first centuries Topics include a seventeenth century failing fashion region the material politics of marketing American abolitionist fashions the construction of a fashionable ethos for French perfumes and the use and meanings of clothing and textiles in the politics of Nigerian silk robes and early modern domestic d cor in Europe This

volume represents an important shift in scholarship towards a more in depth understanding of the role of fashion in early modern and modern times and will appeal to international readers interested in material culture fashion consumer studies and cultural anthropology among other areas

Are Statistics Only Made of Data? Éric Brian, 2024-03-12 This book examines several epistemological regimes in studies of numerical data over the last four centuries It distinguishes these regimes and mobilises questions present in the philosophy of science sociology and historical works throughout the 20th century Attention is given to the skills of scholars and their methods their assumptions and the socio historical conditions that made calculations and their interpretations possible In doing so questions posed as early as mile Durkheim s and Ernst Cassirer s ones are revisited and the concept of symbolic form is put to the test in this particular survey conducted over long period of time Although distinct from a methodological and epistemological point of view today these regimes may be found together in the toolbox of statisticians and those who comment on their conclusions As such the book is addressed to social scientists and historians and all those who are interested in numerical productions

Catalog of Copyright Entries Library of Congress. Copyright Office, 1977

France and Women, 1789-1914 James McMillan, Professor James F Mcmillan, 2002-01-08 France and Women 1789 1914 is the first book to offer an authoritative account of women s history throughout the nineteenth century James McMillan author of the seminal work *Housewife or Harlot* offers a major reinterpretation of the French past in relation to gender throughout these tumultuous decades of revolution and war This book provides a challenging discussion of the factors which made French political culture so profoundly sexist and in particular it shows that many of the myths about progress and emancipation associated with modernisation and the coming of mass politics do not stand up to close scrutiny It also reveals the conservative nature of the republican left and of the ingrained belief throughout french society that women should remain within the domestic sphere James McMillan considers the role played by French men and women in the politics culture and society of their country throughout the 1800s

From Nationalism to Fascist Europeanism Emanuel Rota, 2025-08-08 This book traces the intellectual history of fascist Europeanism examining how Italian and Francophone fascist thinkers envisioned European unity as a means of consolidating power overcoming nationalist divisions and resisting external threats rather than promoting peace or democracy Readers will discover how fascist thinkers from Mussolini and Drieu La Rochelle to Evola Thiriart and Romualdi reimagined European unity as a radical alternative to liberal democracy driven by visions of power hierarchy and racial identity By exploring pivotal debates on nationalism modernity and empire this book reveals the hidden ideological struggles within fascist Europeanism and their enduring legacy in today s far right movements Richly grounded in historical analysis and original sources it provides a provocative new perspective on European integration as an ongoing political battleground This book is intended for scholars researchers and students of modern European history fascism and political ideologies It will also be of interest to those studying contemporary far right movements and the historical roots of European integration

The

Problem of Democracy in Postwar Europe Pepijn Corduwener, 2016-08-25 The current perception of democratic crisis in Western Europe gives a renewed urgency to a new perspective on the way democracy was reconstructed after World War II and the principles that underpinned its postwar transformation This study accounts for the formation of the postwar democratic order in Western Europe by studying how the main political actors in France West Germany and Italy conceptualized democracy and strove over its meaning Based upon a wide range of librarian and archival sources from these countries it tracks changing conceptions of democracy among leading politicians political parties and leaders of social movements and unveils how they were deeply divided over key principles of postwar democracy such as the political party the free market economy representation and civic participation By comparing three national debates on the question what democracy meant and how it should be institutionalized and practiced this study argues that only in the 1970s conceptions of democracy converged and key political actors accepted each other as democrats with similar conceptions of democracy This study thereby deconstructs the myth of the quick emergence of one consensual Western European model of democracy after 1945 demonstrates that its formation was a long and contentious process in which national differences were often of crucial importance and contributes to an enhanced understanding of the historical roots of the current sentiment of democratic crisis

A Desert Named Peace Benjamin C. Brower, 2009-07-07 In the mid nineteenth century French colonial leaders in Algeria started southward into the Sahara beginning a fifty year period of violence Lying in the shadow of the colonization of northern Algeria which claimed the lives of over a million people French empire in the Sahara sought power through physical force as it had elsewhere yet violence in the Algerian Sahara followed a more complicated logic than the old argument that it was simply a way to get empire on the cheap *A Desert Named Peace* examines colonial violence through multiple stories and across several fields of research It presents four cases the military conquests of the French army in the oases and officers predisposition to use extreme violence in colonial conflicts a spontaneous nighttime attack made by Algerian pastoralists on a French village as notable for its brutality as for its obscure causes the violence of indigenous forms of slavery and the colonial accommodations that preserved it during the era of abolition and the struggles of French Romantics whose debates about art and politics arrived from Paris with disastrous consequences Benjamin Claude Brower uses these different perspectives to reveal the unexpected causes of colonial violence such as France s troubled revolutionary past and its influence on the military s institutional culture the aesthetics of the sublime and its impact on colonial thinking the ecological crises suffered by Saharan pastoralists under colonial rule and the conflicting paths to authority inherent in Algerian Sufism Directly engaging a controversial history *A Desert Named Peace* offers an important backdrop to understanding the Algerian war for independence 1954 1962 and Algeria s ongoing internal war begun in 1992 between the government and armed groups that claim to fight for an Islamist revolution

Fathers, Families, and the State in France, 1914-1945 Kristen Stromberg Childers, 2018-07-05 The state s policy with regard to fathers and fatherhood had a great impact on concepts of

citizenship and gender in France in the era of the two World Wars Drawing on new material that has only recently become available from the archives of the Vichy regime Kristen Stromberg Childers analyzes the ways fathers were promoted as saviors of the nation after France's humiliating defeat by the Germans in June 1940 Childers argues that concern for the family and for the status of fathers in modern France was not merely a response to falling birthrates and German aggression but was fundamental to the very notion of citizenship and political participation The debate on men as gendered beings Childers demonstrates is central to the political social and cultural history of France in the modern age The father figure became a focus as participants from all classes and across the political spectrum debated what was wrong with the French family and what policies were needed to remedy the problem Childers examines how these policies were implemented what they reveal about the development of the welfare state in France and how they help explain the importance of Vichy in twentieth century French history Twenty eight illustrations including fifteen photographs many never previously published complement her argument

Words in Time Francesco Benigno, 2017-04-21 Examines the origins and development of the words we use critiquing the ways in which they have traditionally been employed in historical thinking and examining their potential usefulness today Provided by the publisher [France's Lost Empires](#) Kate Marsh, Nicola Frith, 2011-01-01 This collection of essays investigates the fundamental role that the loss of colonial territories at the end of the Ancien Régime and post World War II has played in shaping French memories and colonial discourses In identifying loss and nostalgia as key tropes in cultural representations these essays call for a re evaluation of French colonialism as a discourse informed not just by narratives of conquest but equally by its histories of defeat

Germany's Struggle for Modernity Jürgen Kocka, Volker Berghahn, 2025-04-01 In the historiography of modern Germany the nineteenth century's innovations marks a period of seismic change From accelerating demographic growth to growing secularization and the rise of nationalism it was a century which laid the foundations for both a civil society and the dictatorships of the twentieth century In this comprehensive history of Germany from 1780 to 1918 Jürgen Kocka re examines the transformative interactions that took place between society economy culture and politics Innovatively resituating these developments within a wider context of conflict and transformation in Europe this book illuminates new ways to understand the emergence of classical modernity within the nineteenth century
