Remaking Turkey E. Fuat Keyman,2008-01-01 In recent years there has been an upsurge of interest in Turkey s ability to create a secular constitutional democracy within a predominantly Muslim population Remaking Turkey provides a comprehensive and detailed account of how Turkey has achieved the possibility of modernity and democracy in a Muslim social setting as well as the important problems and challenges confronting this achievement Turkey has demonstrated that as an alternative modernity and as a significant historical experience of the co existence between Islam and democratic modernity in a secular political structure it could make an important contribution to the most needed democratic global governance for the creation of a secure just and peaceful world Remaking Turkey starts its investigation with an analysis of the Ottoman legacy then focuses on identity based conflicts and civil economic and global processes all of which have brought about significant challenges to modernity and democracy in Turkey The book concludes with an account of the recent changes and transformations that have given rise to the process of remaking Turkey In this way editor E Fuat Keyman presents a political theory based approach to Turkish modernity and its recent changing formation creating an original study of contemporary Turkey

The Political Economy of Reforms and the Remaking of the Proletarian Class in China, 1980s-2010s Shan Shanne Huang,2023-01-19 This book comprehensively investigates the position of China s working class between the 1980s and 2010s and considers the consequences of economic reforms in historical perspective It argues the case that far from the illusion during the Maoist period that a new society had been established where the working classes held greater political and economic autonomy economic reforms in the post Mao era have led to the return of traditional Marxist proletariats in China The book demonstrates how the reforms of Deng Xiaoping have led to increased economic efficiency at the expense of economic equality through an extensive case study of an SOE state owned enterprise in Sichuan Province as well as wider discussions of the emergence of state capitalism on both a micro and macroeconomic level The book also discusses workers protests during these periods of economic reform to reflect the reformation of class consciousness in post Mao China drawing on Marx s concept of a transition from a class in itself to a class for itself It will be valuable reading for students and scholars of Chinese economic and social history as well as political economy sociology and politics

*Mega-Events and Globalization* Richard Gruneau, John Horne, 2015-10-05 Since the turn of the twenty first century there has been a trend for urban mega events to be awarded to cities and nations in the East and Global South Such events have been viewed as economic stimulant as well as opportunities to promote national identity gain greater international recognition and exercise a form of soft power However there has also been on going controversy about the value impact and legacy of global mega events in these cities and nations This book provides a critical examination of the ambition for spectacle that has emerged across the East and Global South The chapters explore the theoretical and conceptual issues associated with mega events and new forms of globalization from the critical political economy of mega events in a changing world order to the contested social and economic legacies of mega events and the widespread opposition that increasingly accompanies these events The book also explores questions of urban development and governance the role of new communications technologies in global economic expansion the high security State and the growing global influence of international non governmental organizations This book offers a rich collection of original theoretical contributions and global case studies from leading international scholars from the social sciences and humanities It offers a fresh and unique interdisciplinary perspective that synthesizes cutting edge research on mega events and urban spectacles while simultaneously contributing to a broader understanding of the dynamics of global capitalism and international political power in the early twenty first century

**Anarchist Studies**, 1999 Remaking Human Geography (RLE Social & Cultural Geography) Audrey Kobayashi, Suzanne Mackenzie, 2014-01-23 This book highlights the increasingly important contribution of geographical theory to the understanding of social change values economic political organization and ethical imperatives As a cohesive collection of chapters from well known geographers in Britain and North America it reflects the aims of the contributors in striving to bridge the gap between the historical materialist and humanist interpretations of human geography The book deals with both the contemporary issues outlined above and the situation in which they emerge industrial restructuring planning women s issues social and cultural practices and the landscape as context for social action

**Reinventing Modern Dublin** Yvonne Whelan, 2003 Yvonne Whelan takes the reader from the contested iconography of Dublin as it evolved in the years before Independence through to the contemporary plans for the millennium spire on O Connell Street showing how a shift has taken place from an intensely political symbolic landscape to one that is increasingly apolitical in tune with the changing nature of Irish politics culture and society at the turn of the 21st century In her comprehensive discussion of how the streetscape has changed Whelan explores the capacity of the cultural landscape to underpin and reinforce particular narratives of identity and reveals the ways in which issues of street naming building

designing and memorializing became firmly grounded in space and bound up with the politics of representation Incorporating many pictures maps and plans *Reinventing Modern Dublin* is a work of historical cultural and urban geography a valuable addition to the growing body of knowledge about Dublin's historical geography and Irish urbanism

*Ultra-Modernism* Edward Denison, Guangyu Ren, 2016-12-01 The first half of the twentieth century was fraught with global tensions and political machinations However for all the destruction in that period these geopolitical conditions in Manchuria cultivated an extraordinary variety of architecture and urban planning which has completely escaped international attention until now With over forty carefully chosen images *Ultra Modernism Architecture and Modernity in Manchuria* is the first book in English that illustrates Manchuria's encounter with modernity through its built environment Edward Denison and Guangyu Ren take readers through Russia's early territorial claims Japan's construction of the South Manchuria Railway SMR and the establishment of Manchukuo in 1932 The book examines in detail the creation of modern cities along the SMR and focuses on three of the most important modern urban centres in Manchuria the Russian dominated city of Harbin the port of Dalian and the new capital of Manchukuo Hsinking Changchun Like so much of the world outside the West during the twentieth century Manchuria's encounter with modernity is merely a faint whisper drowned out by the deafening master narrative of Western centric modernism This book attempts to redress an imbalance in the modern history of China by studying the impact of Japan on architecture and planning beyond the depredations of the Sino Japanese War *Ultra Modernism Architecture and Modernity in Manchuria* is a concise fascinating reminder of northeast China's transformation a century ago when it was known as Manchuria Denison and Ren show how Dalian Shenyang Changchun and Harbin went from a sleepy port a decaying imperial seat and small agricultural settlements to sleek manicured metropolises linked by the world's longest railway to Europe This is an excellent addition to both syllabus and bookshelf Michael Meyer author of *In Manchuria A Village Called Wasteland* and *the Transformation of Rural China* and *The Last Days of Old Beijing* *Life in the Vanishing Backstreets of a City Transformed* Manchuria today conjures up images of rusting heavy industry and a hostile environment But beneath the coal dust is a built environment that was once at the cutting edge of what was meant to be modern This creative and comprehensive book takes readers back to a time when the region was an outdoor laboratory for modernity and cosmopolitanism James Carter author of *Creating a Chinese Harbin Nationalism in an International City 1916-1932*

**Modernity, Religion, and the War on Terror** Richard Dien Winfield, 2016-04-15 The war on terror cannot be truly understood without investigating the legitimacy of modernity the challenge that religion presents to modernization the inescapable conflicts attending the emergence and expansion of modernity and the post colonial predicament from which Islamist reaction arises Richard Dien Winfield illuminates the war on terror in light of these issues presenting an anti foundationalist justification of the rationality and freedom of modernity while assessing how religion can stand in opposition to modernity and why Islam has been a privileged vehicle of anti modern religious revolt Winfield shows that the privatization

that religion must undergo to be compatible with modern freedom involves no capitulation to relativism but rather is a theological imperative on which the truth of religion depends Exposing the limits of any purely secular modernization of Islam Winfield shows how Islam can draw upon its core tradition to repudiate the oppression of Islamist reaction and become at home in the modern world      Remaking Gender and the Family Sarah Woodland,2018-06-05 In Remaking Gender and the Family Sarah Woodland examines the complexities of Chinese language cinematic remakes With a particular focus on how changes in representations of gender and the family between two versions of the same film connect with perceived socio cultural political and cinematic values within Chinese society Woodland explores how source texts are reshaped for their new audiences In this book she conducts a comparative analysis of two pairs of intercultural and two pairs of intracultural films each chapter highlighting a different dimension of remakes and illustrating how changes in gender representations can highlight not just differences in attitudes towards gender across cultures but also broader concerns relating to culture genre auteurism politics and temporality      Investigating Modern Art Liz Dawtrey,Elizabeth Dawtrey,Toby Jackson,Mary Masterton,Pam Meecham,Paul Wood,1996-01-01 Modern art sometimes seems difficult or even impossible to understand In this appealing book modern art becomes accessible through clear and informative discussions about modern artists art movements and art works Charting the development of modern art from the nineteenth century through the present day each chapter focuses on particular artists and works of art placing them in their artistic contexts and discussing them from a variety of viewpoints Issues of gender and ethnicity criticisms of the accepted canon of modern art and important social and political influences on the institutions of art are woven into the discussion of key artists such as Picasso Matisse Pollock and Warhol and movements such as Cubism Surrealism Abstract Impressionism and Minimal Art      **Grassroots Post-Modernism** Gustavo Esteva,Madhu Suri Prakash,1998 Gustavo Esteva is one of Latin America s best known alternative thinkers about development For this book he teams up with Madhu Suri Prakash to offer a vibrant and provocative critique of the Western development paradigm      **Understanding James, Understanding Modernism** David H. Evans,Laci Mattison,Paul Ardoin,S. E. Gontarski,2017-04-20 Psychologist philosopher teacher writer William James stood closer than any other thinker to the center of the confluence of intellectual and artistic forces that defined the culture of modernism The outstanding feature of this volume lies in its intent to investigate James s influence on both American and International Modernism It provides on the one hand a multifaceted introduction to students of history philosophy and culture and on the other a compendium of some of the most up to date thinking on this central figure James s first book Principles of Psychology 1890 immediately established James as the leading psychologist of his time at a moment in history when psychology seemed to offer the promise of finding some definitive answers to eternal philosophical conundra James s innovations would register a clear effect on much modernist art most evidently in the stylistic prose experiments of James Joyce Virginia Woolf and their imitators James s tentative skepticism concerning the concept of consciousness as such and the post Cartesian ego that was

its foundation also anticipates the questioning of the subject that would be the theme of much modern and indeed postmodern thought The contributors to this volume explore James s most essential texts as well as his influence on contemporary writers artists and thinkers The final section is a glossary of James s key terms with entries written by leading experts     **Theses in Progress in Commonwealth Studies** ,2002     Conceived in Modernism Aimee Armande Wilson,2017-06-29 Offers a new perspective on the politics of contraception by showing that Anglo American birth control rhetoric has roots in modernism
