Rewriting The Sacred Text:

Rewriting the Sacred Text Kristin De Troyer, 2003-01-01 Readers may be surprised at the complex course that many biblical texts traveled between original composition and inclusion in the Jewish or Christian canons of Scripture Four different patterns of development are examined and evaluated in this study **Forgotten Scriptures** Lee Martin McDonald, 2009-01-01 The early Christian church had a variety of Scriptures and other source material that informed their faith and shaped their thinking But after a few centuries the church decided to keep the twenty seven books of our present New Testament and to treat them as a canonical in faith and practice But what of the other books Many of them have survived and remain valuable for understanding the diversity of the early Christian church and the astounding claims of faith on which it was founded Learning about these ancient documents need not threaten the church's current orthodoxy and authority in fact learning about these texts can help today's Christians form a deeper understanding of the early church

De Souza, 2018-09-10 The series Jewish Thought Philosophy and Religion aims to present a wide spectrum of studies and texts related to Jewish thought philosophy and religion from antiquity to the present It seeks to highlight the multiplicity of approaches within Judaism and to shed light on the interaction between Jewish and non Jewish thought JTPR is edited on behalf of the Maimonides Centre for Advanced Studies at the University of Hamburg Further book series of the Maimonides Centre for Advanced Studies are Studies and Texts in Scepticism and the Yearbook of the Maimonides Centre for Advanced Studies The Yearbook 2016 was published as volume 1 of the series Jewish Thought Philosophy and Religion From 2017 onwards the Yearbook is published as a separate series **Textual Criticism and Sacred Texts** Signe Cohen, 2023-03-20 In Textual Criticism and Sacred Texts Signe Cohen looks at the text critical scholarship on sacred texts across disciplines She traces the development of the genealogical method and discusses its role in textual criticism today The book examines the applicability of traditional text critical methods to oral texts as well as the roles of translations and commentaries in textual criticism Cohen then turns to the under theorized question of the relationship between religion and text critical scholarship and outlines ethics of textual criticism applied to religious texts She then discusses how new digital technologies will change the textual scholarship of the future and proposes new ways that scholars can collaborate across sub disciplines [The Formation of the Biblical Canon: Volume 1](#) Lee Martin McDonald, 2017-01-26 Lee Martin McDonald provides a magisterial overview of the development of the biblical canon the emergence of the list of individual texts that constitutes the Christian bible In these two volumes in sum more than double the length of his previous works McDonald presents his most in depth overview to date McDonald shows students and researchers how the list of texts that constitute the bible was once far more fluid than it is today and guides readers through the minefield of different texts different versions and the different lists of texts considered canonical that abounded in antiquity Questions of the origin and transmission of texts are introduced as well as consideration of innovations in the

presentation of texts collections of documents archaeological finds and Church councils In this first volume McDonald reexamines issues of canon formation once considered settled and sets the range of texts that make up the Hebrew Bible or Old Testament in their broader context Each individual text is discussed as are the cultural political and historical situations surrounding them The second volume considers the New Testament and the range of so called apocryphal gospels that were written in early centuries and used by many Christian groups before the canon was closed Also included are comprehensive appendices which show various canon lists for both Old and New Testaments and for the bible as a whole

Rewriting Moses Brian Britt,2004-08-01 Exalted for centuries as a hero and author of the Bible Moses is inseparable from biblical tradition itself Moses is also an inherently ambiguous figure and a perennial focus of controversy from ancient disputes of priestly rivalry to modern issues of class gender and race In *Rewriting Moses* Brian Britt analyses elements of polemic and ideology in the Moses of the Bible of film novel visual art and scholarship He argues that the biblical Moses lives within writing while the post biblical Moses lives more often in biography Yet later rewritings of Moses refract biblical traditions of writing in surprising ways *Rewriting Moses* provides an original account of the Freudian insight that traditions preserve what they repress This is volume 14 in the *Gender Culture Theory* series and is volume 402 in the *Journal for the Study of the Old Testament Supplements* series

Constructing Femininity in the Book of Jubilees Chontel Syfox,2025-07-24 A striking feature of the book of Jubilees is the visibility it gives to women in comparison to Genesis with the matriarchs especially seeming to play an outsized role in the rewriting Utilising approaches drawn from the fields of gender and feminist studies *Constructing Femininity in the Book of Jubilees* interrogates the motives and priorities that guided the rewriter in his representation of the matriarchs asking to what extent the treatment of these characters was unique to this text and its author's attitude towards women or typical of the then literary Zeitgeist

Allen,2017-07-03 Garrick Allen brings the Book of Revelation into the broader context of early Jewish literature He touches on several areas of scholarly inquiry in biblical studies including modes of literary production the use of allusions practices of exegesis and early engagements with the Book of Revelation

nineteenth century America was a vibrant period marked by charismatic leaders who produced new sacred writing This book explores the lives and works of Mormon founder Joseph Smith Jr Methodist revivalist Phoebe Palmer and Transcendentalist Ralph Waldo Emerson focusing on how their textual productions contributed to a diverse discourse community grappling with a perceived loss of religious authority It identifies shared motifs and practices these modern prophets employed to establish new carriers of religious authority Claudia Jetter examines the concept of religious authority highlighting the dynamic ascription processes between charismatic leaders and interactive social communities within the historical context of nineteenth century America Rewritten Gospel Jonathan M. Potter, 2024-12-30 How early Christian gospels were written is an old question that continues to engage scholars Moving beyond the traditional approach of reading Luke as a gentile gospel composed primarily using Greco Roman methods of history and biography writing this book argues that Luke s use of the earlier Gospel of Mark should be understood in the context of contemporaneous early Jewish writings known as Rewritten Scripture Texts like the Book of Jubilees and Josephus s Antiquities interpret Scripture by rewriting it in such a way that ambiguities and contradictions are diminished while also adapting it to contemporary beliefs and practices A similar strategy of interpretation through rewriting best explains Luke s reworking of Mark Even if Mark is not yet Scripture Luke s manner of rewriting Mark suggests that Luke views the earliest gospel as an authoritative narrative about Jesus that merits interpretive clarification and expansion rather than rejection or critique This approach offers solutions to various problems in the composition of Luke such as the combination of expansion and omission verbatim repetition and free paraphrase and it also places Luke s compositional process within a plausible ancient literary context Religious Transactions in Colonial South India H. Israel, 2011-08-15 Religious Transactions in Colonial South India locates the making of Protestant identities in South India within several contesting discourses It examines evolving attitudes to translation and translation practices in the Tamil literary and sacred landscapes initiated by early missionary translations of the Bible in Tamil Situating the Tamil Bible firmly within intersecting religious literary and social contexts Hephzibah Israel offers a fresh perspective on the translated Bible as an object of cultural transfer She focuses on conflicts in three key areas of translation locating a sacred lexicon the politics of language registers and standard versions and competing generic categories as discursive sites within which Protestant identities have been articulated by Tamils By widening the cultural and historical framework of the Tamil Bible this book is the first to analyze the links connecting language use translation practices and caste affiliations in the articulation of Protestant identities in India *A History of Biblical Interpretation, Volume 1* Alan J. Hauser, Duane F. Watson, 2003 A History of Biblical Interpretation provides detailed and extensive studies of the interpretation of the Scriptures by Jewish and Christian writers throughout the ages This first volume explores interpreters and their methods in the ancient period from the very earliest stages to the time when the canons of Judaism and Christianity gained general acceptance

Brodie, 2001-08-16 Recent years have seen a remarkable surge in interest in the book of Genesis the first book of the Hebrew Bible and a foundational text of Western culture In this new commentary Thomas Brodie offers a complete and accessible overview of Genesis from literary theological and historical standpoints Brodie s work is organized around three main ideas The first is that the primary subject of Genesis is human existence the second is that Genesis basic organizational unity is binary or diptych Brodie argues that the entire book is composed of diptychs accounts which like some paintings consist of two parts or panels Finally Brodie contends that many of Genesis sources still exist and can be identified and verified Genres of Rewriting in Second Temple Judaism Molly M. Zahn, 2020-06-11 A study of the many different ways ancient Jewish scribes changed or rewrote the sacred and authoritative traditions they inherited **Forbidden Texts on the Western Frontier** Tony Burke, 2016-01-28 North American study of the Christian Apocrypha is known principally for its interest in using noncanonical texts to reconstruct the life and teachings of Jesus and for its support of Walter Bauer s theory on the development of early Christianity The papers in this volume presented in September 2013 at York University in Toronto challenge that simplistic assessment by demonstrating that U S and Canadian scholarship on the Christian Apocrypha is rich and diverse The topics covered in the papers include new developments in the study of canon formation the interplay of Christian Apocrypha and texts from the Nag Hammadi library digital humanities resources for reconstructing apocryphal texts and the value of studying late antique apocrypha Among the highlights of the collection are papers from a panel by three celebrated New Testament scholars reassessing the significance of the Christian Apocrypha for the study of the historical Jesus *Forbidden Texts on the Western Frontier* demonstrates the depth and breadth of Christian Apocrypha studies in North America and offers a glimpse at the achievements that lie ahead in the field *Northern Lights on the Dead Sea Scrolls* Anders Klostergaard Petersen, Torleif Elgvin, Cecilia Wassen, Hanne von Weissenberg, Mikael Winninge, 2010-01-01 Structured by four important themes the book discusses various aspects pertaining to the interpretation of the Dead Sea Scrolls The first theme is comprised by a number of essays that deal with different aspects of textual interpretation of particular Qumran writings The second theme centers on the question of historical referentiality How can the purported referentiality of particular Qumran writings be used in order to reconstruct an underlying historical reality The third theme includes essays that pertain to different dimensions concerning the methodology of interpretation The fourth theme focuses on problems relating to the textual reconstruction of specific Qumran texts In the final section of the book the perspective is widened to other writings outside the more specific Qumran context *W.B. Yeats, Ezra Pound,*

and the Poetry of Paradise Sean Pryor, 2016-02-24 Emphasizing the interplay of aesthetic forms and religious modes Sean Pryor's ambitious study takes up the endlessly reiterated longing for paradise that features throughout the works of W B Yeats and Ezra Pound Yeats and Pound define poetry in terms of paradise and paradise in terms of poetry Pryor suggests and these complex interconnections fundamentally shape the development of their art Even as he maps the shared influences and intellectual interests of Yeats and Pound and highlights those moments when their poetic theories converge Pryor's discussion of their poems profound formal and conceptual differences uncovers the distinctive ways each writer imagines the divine the good the beautiful or the satisfaction of desire Throughout his study Pryor argues that Yeats and Pound reconceive the quest for paradise as a quest for a new kind of poetry a journey that Pryor traces by analysing unpublished manuscript drafts and newly published drafts that have received little attention For Yeats and Pound the journey towards a paradisaal poetic becomes a never ending quest at once self defeating and self fulfilling a formulation that has implications not only for the work of these two poets but for the study of modernist literature
