Rewritten Theology:

Rewritten Theology Mark D. Jordan, 2005-12-23 Responding to the recent upsurge of interest in Thomas Aquinas this book goes straight to the heart of the contemporary debates about Thomism Focuses on the concept of authority both in terms of Aquinas's own attitude to authority and how the Church authorities have used Aquinas's texts Engages with appropriations of Aquinas's work by a range of theologians from liberal Catholics to the creators of radical orthodoxy Argues for future readings of Aquinas which are substantially different from those which have gone before

Analytic Theology and the Academic Study of Religion William Wood, 2021-01-28 Analytic theology can flourish in the secular academy and flourish as authentically Christian theology Analytic Theology and the Academic Study of Religion explains analytic theology to other theologians and scholars of religion while simultaneously explaining those other fields to analytic theologians William Wood defends analytic theology from some common criticisms but also argues that analytic theologians have much to learn from other forms of inquiry Analytic theology is a legitimate form of theology and a legitimate form of academic inquiry and it can be a valuable conversation partner within the wider religious studies academy Analytic Theology and the Academic Study of Religion articulates an attractive vision of analytic theology fosters a more fruitful inter disciplinary conversation and enables scholars across the religious studies academy to understand one another better

Rethinking Christian Identity Medi Ann Volpe, 2013-01-04 RETHINKING CHRISTIAN IDENTITY A brilliant compelling agenda setting book Volpe has written this thoughtful passionate informed critique that invites us all to think through precisely what is involved in being formed in the Christian tradition Ian Markham Virginia Theological Seminary A model for those of us who seek to combine the vocations of academic theology and pastoral ministry Rethinking Christian Identity offers a compelling vision of Christian formation Volpe deftly shapes her vision in conversation with contemporary theologians and voices from the history of the Church combining erudition with a passion for Christian discipleship Kathryn Greene McCreight St John's Episcopal Church Recent decades have seen major shifts in our understanding of Christian identity This timely book explores contemporary theological theory in asking what makes a Christian in the twenty first century what unites and sets Christians apart from other social or political groups and how is this identity forged and then passed on to others Volpe engages with these changing ideas through the work of Kathryn Tanner Rowan Williams and John Milbank whose accounts of Christianity challenge older views Drawing these theologians into conversation with Gregory of Nyssa she clearly and persuasively discusses the importance of doctrine in identity formation the unexplored ideas of the significance of sin on Christian identity and its effects and the need for an inclusive account of Christian identity As Christianity declines in parts of the Western world and yet expands in others the nature of Christian identity is more crucial and vexed than ever before This important book makes a valuable contribution to these ongoing debates

Theology David Schnasa Jacobsen, 2015-02-13 Karl Barth famously argued that all theology is sermon preparation But what if all sermon preparation is actually theology This book pursues a thoroughgoing theological vision for the practice of preaching as a way of doing theology The idea is not just that homiletics is the realm of theological application That would leave preaching in the position of simply implementing a theology already arrived at Instead the vision in these pages is of a form of theology that begins with preaching itself its practice its theories and its contexts Homiletical theology is thus a unique way of doing theology even a constructive theological task in its own right Homiletician David Schnasa Jacobsen has assembled several of the leading lights of contemporary homiletics to help to see its task ever more deeply as theological yet

in profoundly diverse ways Along the way readers will not only discover how homileticsians do theology homiletically but will deepen the way in which they understand their own preaching as a theological task Contributors include Ronald J Allen Professor of Preaching and Gospels and Letters at Christian Theological Seminary John S McClure Charles G Finney Professor of Preaching and Worship at Vanderbilt Divinity School Alyce M McKenzie George W and Nell Ayers Le Van Professor of Preaching and Worship at Perkins School of Theology Southern Methodist University Michael Pasquarello III Granger E and Anna A Fisher Professor of Preaching at Asbury Theological Seminary Luke A Powery Dean of the Chapel and Associate Professor of the Practice of Homiletics at Duke University Teresa Stricklen Eisenlohr Ph D Associate for Worship Office of Theology and Worship at the Presbyterian Church U S A Powers and Submissions Sarah Coakley,2008-04-15 In this book Sarah Coakley confronts a central paradox of theological feminism what she terms the paradox of power and vulnerability Confronts a central paradox of theological feminism what Coakley terms paradox of power and vulnerability Explores this issue through the perspective of spiritual practice philosophical enquiry and doctrinal analysis Draws together an essential collection of Sarah Coakley s work in this field Offers an original perspective into contemporary feminist theology Political Theology: A Guide for the Perplexed Elizabeth Phillips,2012-06-07 There is an increasingly intense interest in political theology amongst contemporary scholars and students Yet while there are many authors engaging in political theology there are very few resources about political theology which aim to orient students and other recent newcomers to the field This is a concise and accessible advanced introduction which distinguishes various approaches to political theology and which explores several of the central issues addressed in political theologies Theological students will be able to approach courses and readings in political theology with a renewed confidence with this overview in hand Our Only Hope Margaret B Adam,2014-08-28 The most popular source of theological hope for modern Christians is that of Jurgen Moltmann Preachers teachers and lay people reflect Moltmann s influence with their hope in a this worldly eschatology and suffering God However an exclusive reliance on that hope deprives the church of crucial resources in the face of global economic environmental and military crises Our Only Hope explores Moltmannian hope and considers its costs before looking elsewhere for additional contributions from Thomas Aquinas theological virtue of hope to nihilism and beyond in order to encourage the church to sustain and practise hope in Jesus Christ our only hope **Scriptural Interpretation** Darren Sarisky,2012-08-21 In Scriptural Interpretation Sarisky brilliantly draws together Patristic Theology and a theological interpretation of Scripture in the modern day to examine Scripture s central place in the life of the Church and ordinary believers Examines the importance of scriptural interpretation in the life of Christians and of the church Draws together two lively discussions a study of the theology of the Cappadocian fathers and a discussion of theological interpretation of Scripture in the twentieth and twenty first centuries Covers an impressive historical range from Basil of Caesarea right up to the work of the major contemporary thinkers Stanley Hauerwas and Rowan Williams Offers a sophisticated understanding of

many Patristic thinkers an area of huge current interest in the field and challenges accepted readings of the theology of Basil of Caesarea Josef Pieper on the Spiritual Life Nathaniel A. Warne,2023-03-15 Warne s original study provides an insightful analysis of the role of contemplation and creation in the thought of Josef Pieper illustrating the importance of this practice to earthly happiness and human flourishing What is the relationship between creation contemplation human flourishing and moral development Nathaniel Warne s Josef Pieper on the Spiritual Life offers a sophisticated answer to this question through a systematic analysis of philosopher Josef Pieper s 1904 1997 thought Warne s examination centers on the role of contemplation and creation in Pieper s thinking arguing that contemplation of the created order is a key feature of earthly happiness By emphasizing the importance of contemplation Pieper illustrates the deep interconnections between ethics creation and spirituality For Warne to posit a binary between the contemplative life and active life creates a false dichotomy Following Pieper Warne claims that theology and spirituality cannot be bracketed from ethics and social action indeed our lived experience in the world blurs the lines between these practices Contemplation and action are closer together than are typically assumed and they have important implications for both our spiritual development and our engagement with the world around us Ultimately Warne s emphasis on creation and contemplation represents an attempt to resist a view of ethics and the spiritual life that is divorced from our environment In response to this view Warne argues that we need a renewed sense that creation and place are important for self understanding Contemplation of creation is fundamentally a form of communion with God we thus need a more robust sense of how ethics and politics are rooted in God s creative action Taking Pieper as a guide Warne s study helps to deepen our thinking about these connections **In**

Adam's Fall Ian A. McFarland,2011-06-24 IN ADAM S FALL Few doctrines of Christian teaching are more controversial than original sin For how is it possible to affirm the universality of sin without losing sight of the distinct ways in which individuals are both responsible for and suffer the consequences of sinful behavior In considering the Christian doctrine of original sin McFarland challenges many prevailing views about it He shows us that traditional Christian convictions regarding humanity s congenital sinfulness neither undermine the moral accountability of sin s perpetrators nor dampen concern for its victims Responding to both historic and contemporary criticism of the doctrine In Adam s Fall reveals how the concept of original sin is not only theologically defensible but stimulating and productive for a life of faith Drawing on both the classical formulations of Augustine and the Christology of Maximus the Confessor McFarland proposes a radical reconstruction of the doctrine of original sin one that not only challenges contemporary Western visions of human autonomy but emphasizes the integrity of each individual called by God to a unique and irreplaceable destiny Engagingly written and infused with scholarly sophistication In Adam s Fall offers refreshingly original insights into the contemporary relevance of a doctrine of Christian teaching that has inspired fierce debate for over 1 500 years *The American journal of theology* ,1897 **Divine**

Illumination Lydia Schumacher,2011-04-18 In Divine Illumination Schumacher offers an original approach to Augustine s

theory of divine illumination the precondition of all human knowledge Written with great originality and clarity she traces the idea through medieval thinkers into early modernity and reveals its importance in modern theories of knowledge Takes an original approach to reading Augustine's theory of divine illumination and shows how the theory was transformed and reinterpreted in medieval philosophy and theology Presents a groundbreaking way of thinking about the writings of Augustine Anselm Bonaventure Aquinas and John Duns Scotus and relates this to cutting edge questions in contemporary philosophy of religion especially epistemology Is a significant contribution to the history of philosophy but also to contemporary debates on faith and reason Lays the foundation for future efforts to come to terms with the contemporary epistemological situation and its inherent problems Law and the Rule of God Joshua Ralston, 2020-11-05 Shar'a is one of the most hotly contested and misunderstood concepts and practices in the world today Debates about Islamic law and its relationship to secularism and Christianity have dominated political and theological discourse for centuries Unfortunately Western Christian theologians have failed to engage sufficiently with the challenges and questions raised by Islamic political theology preferring instead to essentialize or dismiss it In Law and the Rule of God Joshua Ralston presents an innovative approach to Christian-Muslim dialogue Eschewing both polemics and apologetics he proposes a comparative framework for Christian engagement with Islamic debates on shar'a Ralston draws on a diverse range of thinkers from both traditions including Karl Barth Ibn Taymiyya Thomas Aquinas and Mohammad al-Jabri He offers an account of public law as a provisional and indirect witness to the divine rule of justice He also demonstrates how this theology of public law deeply resonates with the Christian tradition and is also open to learning from and dialoguing with Islamic and secular conceptions of law sovereignty and justice *Philosophy as Therapie* Clare Carlisle, Jonardon Ganeri, 2010-05-13 Essays by leading scholars providing a new reading of the history of philosophy through the concept of philosophy as *therapeia* **Richard Hooker** Philip Hobday, 2023-09-07 For some Hooker and Anglicanism are basically reformed for others fundamentally Catholic for some embodying a middle way between Roman Catholic and Protestant extremes and for others simply confused and incoherent This book challenges those perceptions by showing that reformed and catholic are not intrinsically opposed Reading Hooker alongside a representative theologian of each tradition the catholic Aquinas and the reformed Calvin on theological method Hobday shows there is much greater congruity between theologies and theologians often considered in tension On the role of scripture in theology the theological capacity of human reason and the place of tradition these 3 theologians have far more in common than many subsequent commentators have understood This book shows how both Hooker and the Anglicanism he defended in such elegant prose can be coherently both catholic and reformed rather than one or the other or some middle way Relocating Hooker and Anglicanism in this way reveals them to be rich fruitful conversation partners in ecumenical dialogue and theological debates across Christian traditions **Dictionary of Theologians** Jonathan Hill, 2010-03-25 An exhaustive guide to every significant Christian theologian who lived from the first century to

1308 the year in which John Duns Scotus died The dictionary encompasses the Catholic Orthodox Nestorian and Monophysite traditions including information not previously available in English Thoroughly indexed the dictionary incorporates common variants of names and concepts which will help and direct the reader The main criterion for inclusion has been contribution to the development of Christian theology Sub criteria by which that is measured include above all originality and influence on later figures With over 290 entries the dictionary provides a handy summary of theologians' lives and writings together with recent scholarship as well as an up to date definitive bibliography listing primary texts translations and secondary literature in the major western European languages Useful for all levels of academia no other text matches the depth of the dictionary's bibliographies The unprecedented thoroughness of Hill's compilation provides an essential resource for studies at all levels on such a large and varied range of Church thinkers Thinking Theologically about the Divine Ideas Benjamin R. DeSpain, 2022-05-16 Thinking Theologically traces Aquinas's subtle grammatical and thematic engagements with the doctrine of the divine ideas throughout the Summa Theologiae This study offers new insights into the contributions of Aquinas's doctrine to debates about eschatology christology providence natural law virtue and creation's participation in the trinitarian life of God It argues that Aquinas adapts the doctrine to support his pedagogical goal of guiding readers from the confession of faith to the wisdom of sacra doctrina In turn this demonstrates that Aquinas's reading of the divine ideas reinforces his understanding of the dynamic exchange between philosophical reasoning and theological inquiry **Aquinas and the Supreme Court** Eugene F. Rogers, Jr., 2013-02-26 This new work clarifies Aquinas' concept of natural law through his biblical commentaries and explores its applications to U S constitutional law The first time the use of Aquinas on the U S Supreme Court has been explored in depth and its applications tested through a rigorous reading of the biblical commentaries Shows how key judgments in the Supreme Court have rested on medieval natural law and applies critical gender theory to discuss problems with these applications Offers new research data to give a different picture of Aquinas and natural law and a fresh take on Aquinas' biblical commentaries New research based on passages in the biblical commentaries never before available in English
