## **Rhapsody In Red:**

**Rhapsody in Red** Sheila Melvin, Jindong Cai, 2004 Western classical music has become as Chinese as Peking Opera and it has woven its way into the hearts and lives of ordinary Chinese people This lucidly written account traces the biographies of the bold visionaries who carried out this musical merger Rhapsody in Red is a history of classical music in China that revolves around a common theme how Western classical music entered China and how it became Chinese China's oldest orchestra was founded in 1879 two years before the Boston Symphony Since then classical music has woven its way into the lives of ordinary Chinese people Millions of Chinese children take piano and violin lessons every week Yet despite the importance of classical music in China and of Chinese classical musicians and composers to the world next to nothing has been written on this fascinating subject The authors capture the events with the voice of an insider and the perspective of a Westerner presenting new information original research and insights into a topic that has barely been broached elsewhere Every chapter is as exiting as it is revealing The book is thoroughly researched with superb bibliography I am ecstatic my students will be electrified Clive M Marks Chairman The London College of Music Trestee Trinity College of Music and The London Philharmonic Orchestra [The Halberd at Red Cliff](#) Xiaofei Tian, 2020-10-26 The turn of the third century CE known as the Jian'an era or Three Kingdoms period holds double significance for the Chinese cultural tradition Its writings laid the foundation of classical poetry and literary criticism Its historical personages and events have also inspired works of poetry fiction drama film and art throughout Chinese history including Internet fantasy literature today There is a vast body of secondary literature on these two subjects individually but very little on their interface The image of the Jian'an era with its feasting drinking heroism and literary panache as well as intense male friendship was to return time and again in the romanticized narrative of the Three Kingdoms How did Jian'an bifurcate into two distinct nostalgias one of which was the first paradigmatic embodiment of wen literary graces cultural patterning and the other of wu heroic martial virtue How did these largely segregated nostalgias negotiate with one another And how is the predominantly male world of the Three Kingdoms appropriated by young women in contemporary China The Halberd at Red Cliff investigates how these associations were closely related in their complex origins and then came to be divergent in their later metamorphoses **Nights at the Red Steinway** Will Friedwald, 2024-11-05 Through curated essays readers will experience a deeply personal and engaging survey of key figures in jazz in the book that Publishers Weekly calls a cheerful celebration of an uniquely American musical form Whether in the compositions of foundational figures like Jelly Roll Morton Thomas Fats Waller and Earl Fatha Hines swing pioneers such as Teddy Wilson and Joe Bushkin torch bearers like Mary Lou Williams and her student Thelonious Monk technical masters including Bud Powell and Bill Evans or modern mixologists such as Sun Ra and Keith Jarrett the piano has been the site of historic innovations in jazz and the stage on which some of its most colorful personalities have cemented their legacies It's no coincidence that several legendary pianists Duke Ellington Count Basie Nat King Cole are

named after royalty As one of the leading writers on jazz today author journalist and historian Will Friedwald has witnessed over a half century of epochal developments in the genre and the central role that the piano has played in its evolution Nights at the Red Steinway collects key writings from the Wall Street Journal and elsewhere to form a deeply personal and engaging survey of key figures from Abrams to Zawinul Irreverent when it wants to be but serious when it counts Friedwald s writing offers a wide ranging deeply considered tour through the history of jazz piano It is an indispensable collection for fans of all stripes

Musicians from a Different Shore Mari Yoshihara,2008-05-02 Musicians of Asian descent enjoy unprecedented prominence in concert halls conservatories and

classical music performance competitions In the first book on the subject Mari Yoshihara looks into the reasons for this phenomenon starting with her own experience of learning to play piano in Japan at the age of three Yoshihara shows how a confluence of culture politics and commerce after the war made classical music a staple in middle class households established Yamaha as the world's largest producer of pianos and gave the Suzuki method of music training an international clientele Soon talented musicians from Japan China and South Korea were flocking to the United States to study and establish careers and Asian American families were enrolling toddlers in music classes Against this historical backdrop Yoshihara interviews Asian and Asian American musicians such as Cho Liang Lin Margaret Leng Tan Kent Nagano who have taken various routes into classical music careers They offer their views about the connections of race and culture and discuss whether the music is really as universal as many claim it to be Their personal histories and Yoshihara's observations present a snapshot of today's dynamic and revived classical music scene

Form and Feeling in Japanese Literati Culture Matthew Mewhinney, 2022-11-17 This book explores how two early modern and two modern Japanese writers Yosa Buson 1716-83 Ema Saik 1787-1861 Masaoka Shiki 1867-1902 and Natsume Soseki 1867-1916 experimented with the poetic artifice afforded by the East Asian literati bunjin tradition a repertoire of Chinese and Japanese poetry and painting Their experiments generated a poetics of irony that transformed the lineaments of lyric expression in literati culture and advanced the emergence of modern prose poetry in Japanese literature Through rigorous close readings this study changes our understanding of the relationship between lyric form and the representation of self sense and feeling in Japanese poetic writing from the late eighteenth through the early twentieth century The book aims to reach a broad audience including specialists in East Asian Studies Anglophone literary studies and Comparative Literature

**A Historical Taxonomy of Talking Birds in Chinese Literature** Wilt L. Idema, 2025-03-04 Parrots and mynahs have played a unique role in Chinese literature for two millennia These birds that can talk and interact intelligently with their owners were treasured as pets both in the palace and in private homes The caged birds were pitied for their homesickness but praised for their eagerness to serve Over time they developed into exemplars of Confucian values such as filial piety and loyalty and they also featured prominently in tales of love and war Closely associated with Buddhism from early on the parrot proved itself an effective preacher of the Dharma and became the favorite bird of the bodhisattva Guanyin In this wide ranging thematic study Wilt L. Idema traces the development of the

parrot and the mynah as characters in many forms of poetry and prose of Chinese elite literature as well as in the long narrative ballads of traditional popular literature The book provides complete renditions of Mi Heng s 173 198 Rhapsody on the Parrot the anonymous Tale of the Parrot s Filial Piety of the fifteenth century and the anonymous Precious Scroll of the Parrot of late imperial times An epilogue discusses the disappearance of the parrot in modern Chinese literature **Ten**

Idema, Beata Grant, 2020-03-23 One of the most exciting recent developments in the study of Chinese literature has been the rediscovery of an extremely rich and diverse tradition of women s writing of the imperial period 221 B C E 1911 C E Many of these writings are of considerable literary quality Others provide us with moving insights into the lives and feelings of a surprisingly diverse group of women living in Confucian China a society that perhaps more than any other is known for its patriarchal tradition Because of the burgeoning interest in the study of both premodern and modern women in China several scholarly books articles and even anthologies of women s poetry have been published in the last two decades This anthology differs from previous works by offering a glimpse of women s writings not only in poetry but in other genres as well including essays and letters drama religious writing and narrative fiction The authors have presented the selections within their respective biographical and historical contexts This comprehensive approach helps to clarify traditional Chinese ideas on the nature and function of literature as well as on the role of the woman writer **Red Benediction** Joseph Armstead, 2006-09
