

EXEGESIS OF ROMANS

Introduction by Robert P. Conway

Importance of the Book of Romans

Paul's letter gives to the Church of Christ in all generations a clear and comprehensive presentation of the doctrine of salvation by faith. Here the heart and breath of Christianity is defined.

The Epistle of Paul to the Romans is undoubtedly the most powerful human document that has ever been written. It is pure gold from beginning to end. This is the book that lit the fire in Martin Luther's heart and brought about the Protestant Reformation, changing the history of Europe, as well as the world. This is the book that struck home as John Wesley sat in a little chapel in London listening to Luther's Prelude to the Epistle to the Romans. Wesley said his heart was strangely warmed as he heard the truths of Romans set forth. There followed, through him, the great evangelical awakening that saved England from the fate of France and arrested the decay of English life, completely altering the history of the world again.

This is the epistle that burned in the heart of Karl Barth, who in our day set forth some of the mighty truths of this letter and thus captured the theological world, calling it back from the crass, empty liberalism of the nineteenth century, restoring much truth to the churches of Europe. The lives of millions of people who have read the letter to the Romans have been drastically altered (Ray C. Stedman, *The Message of Romans*).

One cannot improve upon Martin Luther's evaluation of this letter. He wrote in the preface of his commentary on Romans:

This Epistle is really the chief part of the New Testament and the very purest Gospel, and is worthy not only that every Christian should know it word for word, by heart, but occupy himself with it every day, as the daily bread of the soul. It can never be read or pondered too much, and the more it is dealt with the more precious it becomes, and the better it tastes.

No writing in the NT is less innovative; none is more universal and eternal. It is characterized by systematic and logical arrangement of its contents, which are profoundly doctrinal. The letter contains sixty-one direct quotations from the OT plus numerous allusions to OT history, types and doctrine. It demonstrates how the NT is a commentary on the OT.

Here Paul coined the vocabulary of Christianity. He expounded the true meaning of Christ's coming, death, resurrection and ascension and revealed the deeper meaning of the OT in light of these events.

It is the most remarkable production of the most remarkable man. It is his heart. It contains his theology, theoretical and practical, for which he lived and died. It gives the clearest and fullest exposition of the doctrines of sin and grace and the best possible solution of the universal dominion of sin and death in the universal redemption by the second Adam (Philip Schaff, *History of the Christian Church*, I:766).

It has been said that this letter has been associated with every great spiritual revival in the history of the Church. Together with Galatians it lay at the foundation of the Reformation. Augustine, Luther, Wesley, and Barth were moved by this message. The greatness of this letter has captured the great and launched far-reaching movements as a result.

Christian gospel so the turbulent long running debate over how to interpret Paul's message is crucially important Richard Longenecker's *Paul Apostle of Liberty* has long stood and still stands as a significant constructive evangelical study of Paul's theology especially of the creative tension between law and liberty that runs throughout his thought When this book was originally published in 1964 Longenecker then presciently anticipated several subsequent debates addressing many of the same questions that such scholars as E P Sanders and Richard Hays did years later This second edition of *Paul Apostle of Liberty* includes a substantial foreword by Douglas Campbell and a lengthy addendum by Longenecker discussing the major developments in Paul studies over the past fifty years
