Rhetoric And Hermeneutics In Our Time A Reader:

Rhetoric and Hermeneutics in Our Time Walter Jost, Michael J. Hyde, 1997-01-01 This thought provoking book initiates a dialogue among scholars in rhetoric and hermeneutics in many areas of the humanities Twenty leading thinkers explore the ways these two powerful disciplines inform each other and influence a wide variety of intellectual fields Walter Jost and Michael J Hyde organize pivotal topics in rhetoric and hermeneutics with originality and coherence dividing their book into four sections Locating the Disciplines Inventions and Applications Arguments and Narratives and Civic Discourse and Critical Theory Contributors to this volume include Hans Georg Gadamer one of whose pieces is here translated into English for the first time Paul Ricoeur Gerald L Bruns Charles Altieri Richard E Palmer Calvin O Schrag Victoria Kahn Eugene Garver Michael Leff Nancy S Streuver Wendy Olmsted David Tracy Donald G Marshall Allen Scult Rita Copeland William Rehg and Steven Mailloux For readers across the humanities the book demonstrates the usefulness of rhetorical and hermeneutic approaches in literary philosophical legal religious and political thinking With its stimulating new perspectives on the revival and interrelation of both rhetoric and hermeneutics this collection is sure to serve as a benchmark for years to come The Rhetoric of the New Testament Duane F. Watson, 2019-05-21 A new comprehensive bibliography of books and articles on the rhetoric of the New Testament published since AD 1500 The bibliography is arranged by categories which include Jewish heritage invention arrangement style hermeneutics with specific listings for each book of the NT It is prefaced with a select bibliography of primary and secondary sources on classical and modern rhetoric An invaluable research tool Perspectives on Rhetorical Invention Janet Atwill, Janice M. Lauer, 2002 Rhetorical invention the discursive art of inquiry and discovery has great significance in the history of spoken and written communication dating back to the ancient Greeks and Romans Yet invention has received relatively little attention in recent discussions of rhetoric writing and communication This collection of essays is the first book in years to focus on current research in rhetorical invention The contributors include many well established scholars as well as new voices in the field They reflect a variety of approaches and perspectives theory history culture politics institutions pedagogy and community service Several of the essays address the relationship between invention and postmodernism some by refiguring invention others by challenging postmodernism Still other essays explore multicultural conceptions of invention the civic function of invention and rhetoric and the role of rhetorical invention in institutions and in community problem solving Taken together these essays provide a much needed forum for ongoing study of rhetorical invention within the framework of recent developments in both scholarship and the culture at large If inventional research is to continue and flourish notes Janice Lauer in her foreword it must remain sensitive to shifts in epistemology ethics and politics The essays in this volume undertake this effort The Editors Janet M Atwill is associate professor of English at the University of Tennessee The author of *Rhetoric Reclaimed Aristotle and the Liberal Arts Tradition* and coauthor of *Four Worlds of Writing Inquiry and Action in Context* and *Writing A College Handbook* she has published articles in Rhetoric

The Cambridge Companion to Gadamer Robert J. Dostal, 2002-01-21 The most convenient and accessible guide to Gadamer currently available

Intentions Arabella Lyon, 2004-06-11 The relationship between an author s and an audience s intentions is complex but need not preclude mutual engagement This philosophical investigation challenges existing literary and rhetorical perspectives on intention and offers a new framework for understanding the negotiation of meaning It describes how an audience s intentions affect their interpretations shows how audiences negotiate meaning when faced with a writer s undecipherable intentions and defines the scope of understanding within rhetorical situations Introducing a concept of intention into literary analysis that supersedes existing rhetorical theory Arabella Lyon shows how the rhetorics of I A Richards Wayne Booth and Stanley Fish as well as the hermeneutics of Hans Georg Gadamer fail to account for the

complex interactions of author and audience Using Kenneth Burke s concepts of form motive and purpose she builds a more complex notion of intention than those usually found in literary studies then employs her theory to describe how philosophers read Wittgenstein s narratives metaphors and reversals in argument Lyon argues that our differences in intention prevent consistency in interpretations but do not stop our discussions deliberations and actions She seeks to acknowledge difference and the communicative problems it creates while demonstrating that difference is normal and does not end our engagement with each other Intentions combines recent work in philosophy literary criticism hermeneutics and rhetoric in a highly imaginative way to construct a theory of intention for a postmodern rhetoric It recovers and renovates central concepts in rhetorical theory not only intention but also deliberation politics and judgment

Being Jewish/reading Heidegger Allen Michael Scult, 2004 This innovative book investigates being Jewish not as a sectarian religiosity but as a way of being in the world particularly suited to understanding Heidegger s early phenomenology At its core is an intimate engagement with sacred texts which grounds being Jewish in a way of life constituted as a way of reading a way of reading transmitted to succeeding generations as a passionate teaching Allen Scult argues that Heidegger was similarly involved in a passionate attempt to introduce his students to philosophical practice through a personal engagement with the words of Aristotle Scult traces the hermeneutical affinity even intimacy between Judaism as a way of life grounded in an intense interpretive relationship to the Torah and Heidegger s view of philosophical practice as a similarly intense interpretive relationship to the founding texts of Western philosophy In tracing the dynamics of this relationship in Heideggerian and Jewish hermeneutics Scult not only finds mutually enlightening points of contact between the two but also uncovers new ways of understanding how Heidegger s fundamental ontology is grounded in the lived experience of religion Allen Scult is National Endowment for the Humanities Professor of Philosophy and Rhetoric at Drake University He is co author of *Rhetoric and Biblical Interpretation* *Being Jewish Reading Heidegger* ponders what it means to read Heidegger on his own terms that is to read him from the place where one is in Heidegger s language in and from the facticity of one s own Being To be Jewish according to Scult is to be entexted with Torah Scult argues that this notion of binding one s being with a textual tradition underlies Heidegger s theory of Dasein He uses Heidegger s lectures on Aristotle s Rhetoric to illustrate how Heidegger reads Aristotle and in doing so teaches the Jew how to be Jewish in the world through an engagement with a textual tradition Torah Shaul Magid The Jewish Theological Seminary of America a compelling account of how being Jewish enacts the sort of concrete revealing relationship to a text and a world that makes meditation on being as Heidegger early and late understands it possible Only someone with Allen Scult s trained ear for the subtle interplay of rhetoric and hermeneutics could make us see the remarkable parallels between the Rabbis reading of the Torah and Heidegger s reading of Aristotle he makes a trenchant case for a reading of Heidegger not as prophet but as Rabbinic sage Daniel O Dahlstrom Boston University *Being Jewish Reading Heidegger* ponders what it means to read Heidegger on his own terms to read him from the place where one is As a

Jew seriously engaged with Heidegger as both a philosopher and a thinker Scult posits that being Jewish is not simply a consequence of birth or biology but of binding one's being with a textual tradition Torah This book is really about a search for being Jewish using Heidegger as a guide a guide that shows the seeker how text and person read and constructively use one another Scult succeeds in presenting how one can be a serious disciple of Heidegger and a serious Jew and that the former in many ways only enriches the latter Shaul Magid The Jewish Theological Seminary of America A compelling account of how being Jewish enacts the sort of concrete revealing relationship to a text and a world that makes meditation on being as Heidegger early and late understands it possible Only someone with Allen Scult's trained ear for the subtle interplay of rhetoric and hermeneutics could make us see the remarkable parallels between the Rabbis' reading of the Torah and Heidegger's reading of Aristotle He makes a trenchant case for a reading of Heidegger not as prophet but as Rabbinic sage Daniel O Dahlstrom Discourse, Interpretation, Organization Loizos Heracleous, 2006-10-26 This much needed systematic 2006 exploration of the emerging field of organizational discourse addresses scholarly perspectives as well as empirical applications of the concepts The interpretive functional critical and structural perspectives are examined in detail and application chapters illustrate how discourse theory can be employed in field research **Rhetoric's Pragmatism** Steven Mailloux, 2017-04-27 For over thirty years Steven Mailloux has championed and advanced the field of rhetorical hermeneutics a historically and theoretically informed approach to textual interpretation This volume collects fourteen of his most recent influential essays on the methodology plus an interview Following from the proposition that rhetorical hermeneutics uses rhetoric to practice theory by doing history this book examines a diverse range of texts from literature history law religion and cultural studies Through four sections Mailloux explores the theoretical writings of Heidegger Burke and Rorty among others Jesuit educational treatises and products of popular culture such as Azar Nafisi's *Reading Lolita in Tehran* and *Star Trek The Next Generation* In doing so he shows how rhetorical perspectives and pragmatist traditions work together as two mutually supportive modes of understanding and he demonstrates how the combination of rhetoric and interpretation works both in theory and in practice Theoretically rhetorical hermeneutics can be understood as a form of neopragmatism Practically it focuses on the production circulation and reception of written and performed communication A thought provoking collection from a preeminent literary critic and rhetorician *Rhetoric's Pragmatism* assesses the practice and value of rhetorical hermeneutics today and the directions in which it might head Scholars and students of rhetoric and communication studies critical theory literature law religion and American studies will find Mailloux's arguments enlightening and essential Sourcebook on Rhetoric James Jasinski, 2001-07-19 This book is designed to introduce readers to the language of contemporary rhetorical studies The book format is an alphabetized glossary with appropriate cross listings of key terms and concepts in contemporary rhetorical studies An introductory chapter outlines the definitional ambiguities of the central concept of rhetoric itself The primary emphasis is on the contemporary tradition of rhetorical

studies as it has emerged in the discipline of speech communication Each entry in the glossary ranges in length from a few paragraphs to a short essay of a few pages Where appropriate examples are provided to further illustrate the term or concept Each entry will be accompanied by a list of references and additional readings to direct the reader to other materials of possible interest **Sourcebook on Rhetoric** , **Rhetoric and the Dead Sea Scrolls** Bruce McComiskey,2021-05-20

Discovered in 1947 the Dead Sea Scrolls are a collection of ancient Israelite documents many of which were written by a Jewish sectarian community at Qumran living in self exile from the priesthood of the Second Temple This first book length study of the rhetoric of these texts illustrates how the Essenes employed different rhetorics over time as they struggled to understand God s word and their mission to their people who seemed to have turned away from God and his purposes Applying methods of rhetorical analysis to six substantive texts Miq at Ma a eh ha Torah Rule of the Community Damascus Document Purification Rules Temple Scroll and Habakkuk Pesher Bruce McComiskey traces the Essenes use of rhetorical strategies based on identification dissociation entitlement and interpretation Through his analysis McComiskey uncovers a unique fascinating story of an ancient religious community that had sought to reintegrate into Temple life but dejected instead established itself as the new covenant people of God for this world only to turn ultimately to a trust in a metaphysical afterlife Presenting forms of ancient Jewish rhetoric largely uninfluenced by classical rhetoric this book broadens our understanding of human and religious rhetorical practice even as it provides new insight into the events that led to the emergence of the Talmudic period Rhetoric and the Dead Sea Scrolls will be useful to scholars working in the fields of religious rhetoric Jewish studies and early Christianity *The Cambridge Companion to Gadamer* Robert Dostal,2021-08-12 Hans Georg Gadamer 1900 2002 is widely recognized as the leading exponent of philosophical hermeneutics The essays in this volume examine Gadamer s biography the core of hermeneutical theory and the significance of his work for ethics aesthetics the social sciences and theology There is full consideration of Gadamer s appropriation of Hegel Heidegger and the Greeks as well as his relation to modernity critical theory and poststructuralism This revised edition includes several new chapters on aspects of Gadamer s work as well as updated chapters from the first edition and the most comprehensive bibliography of works by and about Gadamer available in the English language *Rhetorics and Hermeneutics* James D. Hester,David Hester,2004-01-01 This collection of essays provides original studies of various New Testament texts read through the eyes of rhetorical criticism as well as a tribute to the continuing influence of Wilhelm Wuellner and his work

A New Handbook of Rhetoric Michele Kennerly,2021-09-09 Like every discipline Rhetorical Studies relies on a technical vocabulary to convey specialized concepts but few disciplines rely so deeply on a set of terms developed so long ago Pathos kairos doxa topos these and others originate from the so called classical world which has conferred on them excessive authority Without jettisoning these rhetorical terms altogether this handbook addresses critiques of their ongoing relevance explanatory power and exclusionary effects A New Handbook of Rhetoric inverts the terms of classical rhetoric by applying to

them the alpha privative a prefix that expresses absence Adding the prefix to more than a dozen of the most important terms in the field the contributors to this volume build a new vocabulary for rhetorical inquiry Essays on apathy akairos adoxa and atopos among others explore long standing disciplinary habits reveal the denials and privileges inherent in traditional rhetorical inquiry and theorize new problems and methods Using this vocabulary in an analysis of current politics media and technology the essays illuminate aspects of contemporary culture that traditional rhetorical theory often overlooks Innovative and groundbreaking A New Handbook of Rhetoric at once draws on and unsettles ancient Greek rhetorical terms opening new avenues for studying values norms and phenomena often stymied by the tradition In addition to the editor the contributors include Caddie Alford Benjamin Firgens Cory Geraths Anthony J Irizarry Mari Lee Mifsud John Muckelbauer Bess R H Myers Damien Smith Pfister Nathaniel A Rivers and Alessandra Von Burg
