Rhetoric A Tradition In Transition:

Rhetoric Walter R. Fisher, 1974 *Rhetoric: a Tradition in Transition* Donald Cross Bryant, 1974 **St. Paul's Theology of Proclamation** A. Duane Litfin, 1994-02-24 A book which puts an entirely new perspective on the manner in which Paul operated as a preacher **Rhetorical Agendas** Patricia Bizzell, 2006-04-21 This volume represents current theory and research in rhetoric across disciplines and is of interest to scholars and students in rhetoric studies in speech communication English and related disciplines *Landmark Essays on Rhetoric and Literature* Craig Kallendorf, 2017-10-03 The studies of rhetoric and literature have been closely connected on the theoretical level ever since antiquity and many great works of literature were written by men and women who were well versed in rhetoric It is therefore well worth investigating exactly what these writers knew about rhetoric and how the practice of literary criticism has been enriched through rhetorical knowledge The essays reprinted here have been arranged chronologically with two essays selected for each of six major periods Antiquity the Middle Ages the Renaissance including Shakespeare the 17th century the 18th century and the 19th and 20th centuries Some are more theoretically oriented whereas others become exercises in practical criticism Some cover well trod ground whereas others turn to parts of the rhetorical tradition that are often overlooked Scholars in the field should benefit from having this material collected together and reprinted in one volume but the essays included here will also be useful to graduate students and advanced undergraduates for course work and general reading Students of rhetoric seeking to understand how the principles of their field extend into other forms of communication will find this volume of interest as will students of literature seeking to refine their understanding of the various modes of literary criticism What is the New Rhetoric? Susan E. Thomas, 2009-03-26 The Age of Information has spawned a critical focus on human communication in a multimedia world particularly on theories and practices of writing With the worldwide web impacting increasingly on academic and business communication the need has never been greater for advanced study in writing communication and critical thinking across all genres sectors and cultures In recent decades the definitions of new rhetoric have expanded to encompass a variety of theories and movements raising the question of how rhetoric is understood and employed in the twenty first century The essays collected here represent variations on these themes with each attempting to answer the title's deliberately provocative question addressing particularly How the classical art of rhetoric is still relevant today How it is directly related to modern technologies and the new modes of communication they have generated How rhetorical practice is informing research methodologies and teaching and learning practices in the contemporary academy **The Rhetorical Rise and Demise of "Democracy" in Russian Political Discourse, Volume 3** David Cratis Williams, Marilyn J. Young, Michael K. Launer, 2024-02-20 In Volume Three of this four volume series we examine the rhetorical development that occurred during the first two terms of Vladimir Putin's tenure as president of the Russian Federation Initially Putin appeared to follow in the path set by his predecessor Boris Yeltsin vowing that Russia was

at heart a European nation and would be a westward facing democracy going forward He even mentioned partnering with the EU and NATO Eight years later at the 2007 Munich Security Conference Putin excoriated the West for in his words attempting to create a unipolar world in which NATO expansion threatened Russia's security the United States acted as the world's sole hegemon and Europe simply followed orders relinquishing any sense of agency in its own affairs Rhetoric at the Boundaries Bruce W. Longenecker, 2005 In Rhetoric at the Boundaries Bruce W Longenecker explores the way in which New Testament authors used an ancient rhetorical device to effect smooth transitions both large and small His study demonstrates how recognition of this rhetorical technique proves decisive for New Testament interpretation Longenecker accomplishes this by examining the evidence for chain link interlocks in a variety of ancient sources including the Hebrew scriptures Jewish and Roman authors of the Graeco Roman world and the Graeco Roman rhetoricians He then applies the results of the survey to fifteen problematic passages of the New Testament In each case Longenecker establishes the presence of chain link interlock and highlights the structural literary and theological significance of the rhetorical device for New Testament interpretation Writing Histories of Rhetoric Victor J. Vitanza, 2013-11-01 This collection of essays edited by Victor J Vitanza is a historiography of rhetoric summarizing what has recently been accomplished in the revision of traditional histories of rhetoric and discussing what might be accomplished in the future Featuring a variety of approaches classical revisionary and avant garde it includes articles by Janet M Atwill James A Berlin William A Covino Sharon Crowley Hans Kellner John Poulakos Takis Poulakos John Schilb Jane Sutton Kathleen Ethel Welch Lynn Worsham and Victor J Vitanza In the first essay Sharon Crowley identifies the major players and primary issues in a chronological narrative of the debate about the writing of the history of rhetoric that has arisen between traditionalists essentialists and revisionists constructionists In recent years traditionalists have demanded a more complete and accurate history while revisionists have sought a critical understanding of the various epistemological ideological grounds upon which a history of rhetoric had been and could be constructed Revisionists in their search for multiple contestatory histories have begun to critique one another breaking into two general groups one favoring a political social program the other resisting and disrupting such an approach Vitanza echoes Crowley's review of this ongoing debate by asking a crucial question What exactly does it mean to be a revisionist historian By combining the disintegration of various revisionist and subversive positions into a communal we he asks an additional question Who is the we writing histories of rhetoric The essays that follow give a rich answer to Vitanza's questions They bring the writing of histories of rhetoric into the larger area of postmodern theory raising neglected issues of race gender and class Written with a variety of intentions some of the essays are expository and highly argumentative while others are manifestos innovative and far reaching in tone Still others are summaries and background studies providing useful information to both the novice student and the experienced scholar This book situated at a juncture between two disciplines composition studies and speech will be a landmark collection for many years **The Rhetoric of Western Thought** James

L. Golden, 2003 *Rhetorical Traditions and British Romantic Literature* Don H. Bialostosky, Lawrence D. Needham, 1995
 The contributors are Stephen C Behrendt Don H Bialostosky Jerome Christensen Richard W Clancey Klaus Dockhorn James Engell David Ginsberg Bruce E Graver Scott Harshbarger Theresa M Kelley J Douglas Kneale John R Nabholz Lawrence D Needham Marie Secor Nancy S Struever Leslie Tannenbaum and Susan J Wolfson **Catholic Women's Rhetoric in the United States** Elizabethada A. Wright, Christina R. Pinkston, 2022-01-28 Building on various feminist theories of ethos the authors in this collection explore how North American Catholic women from various periods races ethnicities sexualities and classes have used elements of the group's positionality to make change The women considered in the book range from the earliest Catholic sisters who arrived in the United States to women who held the Church hierarchy accountable for the sexual abuse scandals The book analyzes women such as those in an African American order who developed an ethos that would resist racism Chapters also consider better known Catholic women such as Dolores Huertas Mary Daly and Joan Chittister

Law, Hermeneutics and Rhetoric Francis J. Mootz Iii, 2016-04-22 Mootz offers an antidote to the fragmentation of contemporary legal theory with a collection of essays arguing that legal practice is a hermeneutical and rhetorical event that can best be understood and theorized in those terms This is not a modern insight that wipes away centuries of dogmatic confusion rather Mootz draws on insights as old as the Western tradition itself However the essays are not antiquarian or merely descriptive because hermeneutical and rhetorical philosophy have undergone important changes over the millennia To return to hermeneutics and rhetoric as touchstones for law is to embrace dynamic traditions that provide the resources for theorists who seek to foster persuasion and understanding as an antidote to the emerging global order and the trend toward bureaucratization in accordance with expert administration violent suppression or both **Ethics in Contact Rhetoric** Jon Radwan, Dale Cyphert, Ellen W. Gorsevski, Omar Swartz, 2024-12-15 Ethics in Contact Rhetoric re orients communication theory by centering touch and de centering symbolic acts Inspired by MLK's tradition of nonviolent power a contact orientation highlights the incarnate and immediate ground of communication ethics Ethical interactions are defined as bio relational dances arcing steps of nurture respect justice and too often violence Centering humanity's physical mutuality is a vital move today Communication is a thoroughly interactive art but the West's ancient instrumental tradition of rhetoric and its accompanying utilitarian ethic valorize individual agency over joint action This book re balances rhetorical theory by enabling critique of embodied relational patterns Special emphasis is placed on engaging material injustice and discerning the role of rhetoric in social transformation Critical case studies demonstrate contact rhetoric's rich heuristic and diverse applications *Roman Rhetoric* Richard Leo Enos, 2008-10-17 Greek and Roman traditions dominate classical rhetoric Conventional historical accounts characterize Roman rhetoric as an appropriation and modification of Greek rhetoric particularly the rhetoric that flourished in fifth and fourth centuries BCE Athens However the origins nature and endurance of this Greco Roman relationship have not been thoroughly explained Roman Rhetoric Revolution and the Greek Influence

reveals that while Romans did benefit from Athenian rhetoric their own rhetoric was also influenced by later Greek and non Hellenic cultures particularly the Etruscan civilization that held hegemony over all of Italy for hundreds of years before Rome came to power **The Handbook of Organizational Rhetoric and Communication** Oyvind Ihlen,Robert L.

Heath,2018-05-10 A one stop source for scholars and advanced students who want to get the latest and best overview and discussion of how organizations use rhetoric While the disciplinary study of rhetoric is alive and well there has been curiously little specific interest in the rhetoric of organizations This book seeks to remedy that omission It presents a research collection created by the insights of leading scholars on rhetoric and organizations while discussing state of the art insights from disciplines that have and will continue to use rhetoric Beginning with an introduction to the topic The Handbook of Organizational Rhetoric and Communication offers coverage of the foundations and macro contexts of rhetoric as well as its use in organizational communication public relations marketing management and organization theory It then looks at intellectual and moral foundations without which rhetoric could not have occurred discussing key concepts in rhetorical theory The book then goes on to analyze the processes of rhetoric and the challenges and strategies involved A section is also devoted to discussing rhetorical areas or genres namely contextual application of rhetoric and the challenges that arise such as strategic issues for management and corporate social responsibility The final part seeks to answer questions about the book s contribution to the understanding of organizational rhetoric It also examines what perspectives are lacking and what the future might hold for the study of organizational rhetoric Examines the advantages and perils of organizations that seek to project their voices in order to shape society to their benefits Contains chapters working in the tradition of rhetorical criticism that ask whether organizations rhetorical strategies have fulfilled their organizational and societal value Discusses the importance of obvious traditional nuanced and critically valued strategies such as rhetorical interaction in ways that benefit discourse Explores the potential risks paradoxes and requirements of engagement Reflects the views of a team of scholars from across the globe Features contributions from organization centered fields such as organizational communication public relations marketing management and organization theory The Handbook of Organizational Rhetoric and Communication will be an ideal resource for advanced undergraduate students graduate students and scholars studying organizational communications public relations management and rhetoric *The Evolution of Political Rhetoric* Robert X. Browning,2020-12-15 Volume 6 of The Year in C SPAN Archives Research series focuses on the rapidly changing rhetoric coloring American politics An increasingly polarized electorate combined with advances in technology have led to a combative and pitched rhetoric through more and more outlets Each chapter is interdisciplinary in nature drawing on communication studies political science history and other fields Using the extensive collection of the C SPAN Video Library chapters cover the highly visible Thomas and Kavanaugh judicial nomination hearings as well as the ongoing debate around impeachment Other pieces focus on the rhetoric of the 2008 Wall Street crisis presidential campaign announcements White

House press conferences floor time by women in the House of Representatives the use of Twitter by legislators and the puzzle of zero population growth Collectively they paint a picture of how Congress and the president approach the broad topic of political rhetoric using C SPAN video as the basis for their research The C SPAN Video Library is unique because there is no other research collection that is based on video research of contemporary politics Methodologically distinctive much of the research uses new techniques to analyze video text and spoken words of political leaders No other book examines such a wide range of topics from immigration to climate change to race relations using video as the basis for research

The Viability of the Rhetorical Tradition Richard Graff, Arthur E. Walzer, Janet M. Atwill, 2012-02-01 The Viability of the Rhetorical Tradition reconsiders the relationship between rhetorical theory practice and pedagogy Continuing the line of questioning begun in the 1980s contributors examine the duality of a rhetorical canon in determining if past practice can make us more or less able to address contemporary concerns Also examined is the role of tradition as a limiting or inspiring force rhetoric as a discipline rhetoric's contribution to interest in civic education and citizenship and the possibilities digital media offer to scholars of rhetoric

Rhetoric and Theology Manfred Hoffman, 1993-12-15 Departing from the traditional focus on Erasmus as philologist and moralist Rhetoric and Theology shows how Erasmus attempted to interpret Scripture by way of a rhetorical theology that focuses on the figurative metaphorical quality of language with a view to moral and theological reform Manfred Hoffmann concentrates on the theological sources of Erasmus hermeneutic from 1518 to 1535 especially the Ratio verae theologiae the Ecclesiastes and the exegesis of Old and New Testament texts He shows that Erasmus hermeneutic is based on the concept of language as mediation Words do not have the power to represent the truth unambiguously but they appeal to our understanding in ways that draw us to the truth through the process of interpretation For Erasmus it is through allegory that the divine Word carries out its mediation between letter and spirit Erasmus used the tools of rhetoric to read and understand Scripture and thereby constructed a theological framework that has a direct relationship with his hermeneutic Rhetorical theologians imitate the invention disposition inverbation and delivery of divine speech by clarifying its composition ordering its subject matter internalizing its content and communicating its transforming power of persuasion Rhetoric provided Erasmus with the tools for finding theological loci in Scripture drawing from it a repertoire for knowing and living and translating it into sacred oratory

Rhetoric at the Non-Substantialistic Turn

Therese Boos Dykeman, 2018-05-04 Rhetoric at the Non Substantialistic Turn The East West Coin presents a unique theory of rhetoric that encompasses both Eastern and Western approaches Based on the Field Being philosophy founded by Lik Kuen Tong this theory gives an account of the ontological foundations of both kinds of rhetoric Beginning with an exposition of the nature of Field Being rhetoric as Eastern and Western this book presents chapters on Eastern and Western rhetoric over history as power ethics art creativity politics and communication It acknowledges the thinking of many philosophers and rhetoricians who have contributed to East West comparative studies in both fields and argues that both understandings of

rhetoric are necessary for global communication
