Rhetoric Made Plain:

Rhetoric Made Plain Anthony C. Winkler, Jo Ray MacCuen, 1995 **The Rhetoric of Empire** David Spurr, 1993 The white man's burden, darkest Africa, the seduction of the primitive: such phrases were widespread in the language Western empires used to talk about their colonial enterprises. How this language itself served imperial purposes and how it survives today in writing about the Third World are the subject of David Spurr's book, a revealing account of the rhetorical strategies that have defined Western thinking about the non-Western world. Despite historical differences among British, French, and American versions of colonialism, their rhetoric had much in common. *The Rhetoric of Empire* identifies these shared features, images, figures of speech, and characteristic lines of argument and explores them in a wide variety of sources. A former correspondent for the *United Press International*, the author is equally at home with journalism or critical theory, travel writing or official documents, and his discussion is remarkably comprehensive. Ranging from T. E. Lawrence and Isak Dinesen to Hemingway and Naipaul, from *Time* and the *New Yorker* to the *National Geographic* and *Le Monde*, from journalists such as Didion and Sontag to colonial administrators such as Frederick Lugard and Albert Sarraut, this analysis suggests the degree to which certain rhetorical tactics penetrate the popular as well as official colonial and postcolonial discourse. Finally, Spurr considers the question: Can the language itself, and with it Western forms of interpretation, be freed of the exercise of colonial power? This ambitious book is an answer of sorts. By exposing the rhetoric of empire, Spurr begins to loosen its hold over discourse about and between different cultures.

Rhetoric Michael Hawcroft, 1999 Setting out the principles of rhetoric with a wide range of illustrative examples in the first chapter, the author then explores rhetoric at work in different genres via a close reading of texts.

Rhetoric Made Plain Winkler, Anthony C., Jo Ray McCuen, 1985 **Rhetoric** Aristotle, Aeterna Press, 2015-09-01 Aristotle's *Rhetoric* (Greek/Latin: *Ars Rhetorica*) is an ancient Greek treatise on the art of persuasion dating from the 4th century BC. The English title varies; typically it is titled *Rhetoric: the Art of Rhetoric* or a *Treatise on Rhetoric*. Aeterna Press.

Rhetoric in the Flesh T. Kenny Fountain, 2014-07-11 *Rhetoric in the Flesh* is the first book-length ethnographic study of the gross anatomy lab to explain how rhetorical discourses, multimodal displays, and embodied practices facilitate learning and technical expertise and how they shape participants' perceptions of the human body. By investigating the role that discourses, displays, and human bodies play in the training and socialization of medical students, T. Kenny Fountain contributes to our theoretical and practical understanding of the social factors that make rhetoric possible and material in technical domains. Thus, the book also explains how these displays, discourses, and practices lead to the trained perspective necessary for expertise. This trained vision is constructed over time through what Fountain terms embodied rhetorical action: an intertwining of body, object, environment that undergirds all scientific, medical, and technical work. This book will be valuable for graduate and advanced undergraduate courses in technical and professional communication, technical communication theory and practice, visual or multimodal communication, medical/technical

communication and rhetorical studies including visual rhetoric rhetoric of science medical rhetoric material rhetoric and embodiment and ethnographic approaches to rhetoric

Ethical God-Talk in the Book of Job William C. Pohl IV, 2020-04-16 William C Pohl IV investigates ethical God talk in the book of Job by exploring the prominence of such theology showing how each major section of the book highlights the theme of proper speech and demonstrating that Job s internal rhetoric is the foundation for the book s external rhetoric Pohl analyses each of Job s speeches for literary rhetorical situation forms i e genres its rhetorical strategies the rhetorical goals of each speech are identified in light of Job s exigency or exigencies and his use of strategies is explored in light of these goals Pohl argues that Job faces two main exigencies his suffering and the necessity of defending his protest prayer vis vis his friends Job seeks to alleviate his suffering with protest prayer and to

defend his prayers to the friends through argumentation Following the internal rhetorical analysis this study proceeds to examine the external rhetorical effect of the Elihu and Yahweh speeches vis vis ethical God talk Pohl concludes that the book of Job shapes its readers to see protest prayer as an ethical even encouraged form of discourse in the midst of innocent suffering Brief implications of this conclusion are outlined identifying the book s rhetorical situation through the entextualized problem in the book Pohl proposes a new exigency for the book of Job in which protest prayer was eschewed and a tentative proposal for the book of Job s historical provenance is outlined *Lackington, Allen, & Co's. Catalogue*, Lackington, Allen and Co,1796 Rhetoric, History, and Women's Oratorical Education David Gold,Catherine L. Hobbs,2013-05-02 Historians of rhetoric have long worked to recover women s education in reading and writing but have only recently begun to explore women s speaking practices from the parlor to the platform to the varied types of institutions where women learned elocutionary and oratorical skills in preparation for professional and public life This book fills an important gap in the history of rhetoric and suggests new paths for the way histories may be told in the future tracing the shifting arc of women s oratorical training as it develops from forms of eighteenth century rhetoric into institutional and extrainstitutional settings at the end of the nineteenth century and diverges into several distinct streams of community embodied theory and practice in the twentieth Treating key rhetors genres settings and movements from the early republic to the present these essays collectively challenge and complicate many previous claims made about the stability and development of gendered public and private spheres the decline of oratorical culture and the limits of women s oratorical forms such as elocution and parlor rhetorics and women s responses to rhetorical constraints on their public speaking Enriching our understanding of women s oratorical education and practice this cutting edge work makes an important contribution to scholarship in rhetoric and communication
