Rhetorical Criticism And The Poetry Of The Of Job Oudtestamentische Studien D 3:

Rhetorical Criticism and the Poetry of the Book of Job Pieter Van der Lugt, 1995 This work provides a fresh approach to the overall framework of the poems we find in Job 3 42 6 and offers a new theory on the demarcation and meaning of the three speech cycles which give structure to this composition **Job** Bruce Arnold, 2022-04-28 Most people think of the book of Job as an attempt to explain suffering but they fail to see the more important issue of God's righteousness and graciousness in bringing good out of evil The understanding offered in this book helps the reader focus accordingly on God s purpose in grace to bring Job to know Jehovah himself and his heavenly will that he might thereby be transformed and truly become a servant of God In this respect the book presents a paradigm of God's crucial work with all believers to make himself known to them through revelation and repentance that they might genuinely know him as their Redeemer and be one with his exalted will As is expressed throughout the Bible God warmly desires that all his people serve him The repentance that comes at the climax of the book is not the believer's repentance upon initial faith but the more crucial repentance of the mature believer for the kingdom of God God s purpose with our lives depends therefore on our understanding his will and knowing our God and his righteousness Job is an ordinary servant of God therefore as a pattern to all believers Book Publishing Record ,1996 Subject Guide to Children's Books in Print 1997 Bowker Editorial Staff, R R Bowker Publishing, 1996-09 **Subject Guide to Books in Print** ,1997 Whitaker's Books in Print ,1998 Index to Book Reviews in Religion ,1999 1997, חחח חחחח Deutsche Nationalbibliographie und Bibliographie der im Ausland erschienenen deutschsprachigen Veröffentlichungen ,1996 Arts & Humanities Citation Index ,1991 A multidisciplinary index covering the journal literature of the arts and humanities It fully covers 1 144 of the world's leading arts and humanities journals and it indexes individually selected relevant items from over 6 800 major science and social science journals Theologische revue ,1975 **Job 28 as Rhetoric** Alison Lo,2003-12-01 This study seeks to argue that Job 28 is an integral part of the book as it stands and that it is Job's speech Job 28 serves a special rhetorical function within the book and more specifically within chapters 22 31 This work provides a significant interpretative key to Job 28 within the most perplexing section of the book Job 22 31 Job 28 is in contradictory juxtaposition with other sayings of Job However this study argues that such contradictory juxtaposition is a feature of Job's speeches in chapters 22 31 and is part of the author's Oudtestamentische studiën: Cantos and strophes in biblical strategy to make a rhetorical impact upon the audience Hebrew poetry III, Psalms 90-150 and Psalm 1,1942 Major Poems of the Hebrew Bible Jan Fokkelman, 2018-07-17 The Book of Job contains the only sustained through composed work in verse in the Hebrew Bible This makes it very suitable as a testing area for the rules of verse structure and all other aspects of prosody that were developed in Major Poems of the Hebrew Bible Vol II and are now also available in Reading Biblical Poetry This fourth and last volume completes the study that in Vol I started with Job 3 curses and complaint and continued with the first round of the debate chs 4 14 in Vol II Again

the analysis follows two separate circuits on the one hand that of language style and structure on the other hand that of measuring proportions on at least five textual levels The poetry section of the Book of Job contains 412 strophes of which the protagonist Job speaks exactly half His portion of 206 strophes is also divided into equal halves in 103 short and 103 long strophes Even more than in the Psalms the norm figures 7 8 and 9 play an essential part in the composition of the poems and their average number of syllables per colon The forty poems of the book exhibit various forms of numerical perfection and the correct demarcation of strophes and stanzas is found to considerably improve and expand our understanding of its On Biblical Poetry F.W. Dobbs-Allsopp, 2015-08-19 On Biblical Poetry takes a fresh look at the nature of biblical Hebrew poetry beyond its currently best known feature parallelism F W Dobbs Allsopp argues that biblical poetry is in most respects just like any other verse tradition and therefore biblical poems should be read and interpreted like other poems using the same critical tools and with the same kinds of guiding assumptions in place He offers a series of programmatic essays on major facets of biblical verse each aspiring to alter currently regnant conceptualizations in the field and to show that attention to aspects of prosody rhythm lineation and the like allied with close reading can yield interesting valuable and even pleasurable interpretations What distinguishes the verse of the Bible says Dobbs Allsopp is its historicity and cultural specificity those peculiar encrustations and encumbrances that typify all human artifacts Both the literary and the historical then are in view throughout The concluding essay elaborates a close reading of Psalm 133 This chapter enacts the final movement to the set of literary and historical arguments mounted throughout the volume an example of the holistic staging which Dobbs Allsopp argues is much needed in the field of Biblical Studies **The Poetry of Job** George Holley **A Blemished Perfection** Yair Hoffman, 1996-03-01 The main methodological thesis of this study is that the Gilbert, 1889 book of Job more than any other book in the Bible should be treated as an artistic work in which form and content cannot be separated Hence a good acquaintance with the literary aspects of the book including its relations with other ancient Near Eastern texts is a precondition to the understanding of its theology. The deep structure of the book is that of a catalogue which is a key to understanding its approach to the problem of theodicy. The difficult language of Job is scrutinized and is proved to be an original and immanent characteristic of the book A synthesis of the literary linguistic and theological characteristics of Job leads to its paradoxical not absurd definition as a blemished perfection Speech and Response John E. Course, 2023-10-31 This book in a careful examination of the introductions to the speeches in the Book of Job chapters 4 24 based on rhetorical criticism The primary interest of this work is in inter unit words which connect various texts in the Book of Job in such a way that they form the basis of a response The argument of this study in distinction to a fairly widespread scholarly consensus to the contrary is that the speeches do in some way respond to one another Passages of interest are delimited the form and structure of the passages are discussed the rhetorical analysis for each passage will include evidence of a response to the arguments uttered by one or more of the opponents and an overview if given from the perspective as a

response to previous texts Ethical God-Talk in the Book of Job William C. Pohl IV, 2020-04-16 William C Pohl IV investigates ethical God talk in the book of Job by exploring the prominence of such theology showing how each major section of the book highlights the theme of proper speech and demonstrating that Job's internal rhetoric is the foundation for the book's external rhetoric Pohl analyses each of Job's speeches for literary rhetorical situation forms i e genres its rhetorical strategies the rhetorical goals of each speech are identified in light of Job's exigency or exigencies and his use of strategies is explored in light of these goals Pohl argues that Job faces two main exigencies his suffering and the necessity of defending his protest prayer vis vis his friends Job seeks to alleviate his suffering with protest prayer and to defend his prayers to the friends through argumentation Following the internal rhetorical analysis this study proceeds to examine the external rhetorical effect of the Elihu and Yahweh speeches vis vis ethical God talk Pohl concludes that the book of Job shapes its readers to see protest prayer as an ethical even encouraged form of discourse in the midst of innocent suffering Brief implications of this conclusion are outlined identifying the book s rhetorical situation through the entextualized problem in the book Pohl proposes a new exigency for the book of Job in which protest prayer was eschewed and a tentative proposal for the book of Job's historical provenance is outlined The Rhetoric of Suffering ,1995 This work draws on the Book of Job in examining the contradictions in various 18th century works such as poetry poetical oratory accounts of exploration and commentaries on criminal law which try to account for the relations between human suffering and systems of secular and divine justice
