   Rhetorical Theory Timothy Borchers,Heather Hundley,2018-03-30 From the moment we begin to understand the meanings of words and symbols we have used rhetoric It is how we determine perceptions of who we are those around us and the social structure in which we operate Rhetorical Theory Second Edition introduces a broad selection of classical and contemporary theoretical approaches to understanding and using rhetoric Historical context reveals why rhetorical theories were created while present day examples demonstrate how they relate to the world in which we live Borchers and Hundley present conceptual topics in a succinct and approachable manner The text is organized topically rather than chronologically so similarities and differences are easily detected in central ideas Each chapter is enhanced by the inclusion of theorist biographies applications of theory to practice and Internet exercises The Second Edition expands coverage on mediated rhetoric feminist rhetoric alternative rhetorical theories including Afrocentricity and intersectionality cultural and critical rhetoric and postmodern implications of rhetoric   **Teaching Literary Theory Using Film Adaptations** Kathleen L.
