Transboundary Water Resources Management Jacques Ganoulis, Lucien Duckstein, Peter Literathy, Istvan Bogardi, 2013-04-17 In a world facing a growing water crisis conflicts regarding water

sharing and environmental issues are expected to grow especially in transboundary river basins where 40% of the world's population lives. This book represents one of the first attempts to bring together methodologies and analytical tools from socio-economic, international policy, engineering and water management specialists dealing with transboundary water resources. The book is divided into three parts: Part I introduces state-of-the-art concepts in institutional policy and conflict analysis; Part II presents engineering approaches and models for transboundary water management and conflict resolution; Part III analyzes cases in international river basins and enclosed seas.

Bradshaw's Continental Railway Guide (full edition) Bloomsbury Publishing, 2013-01-20. A facsimile edition of Bradshaw's fascinating guide to Europe's rail network. Bradshaw's descriptive railway handbook of Europe was originally

published in 1913 and was the inspiration behind Michael Portillo's BBC television series *Great Continental Railway Journeys*. It is divided into three sections: timetables for services covering the continent, short guides to the best places to see and to stay in each city, and a wealth of advertisements and ephemeral materials concerning hotels, restaurants, and services that might be required by the early twentieth-century rail traveller. This beautifully illustrated facsimile edition offers a fascinating glimpse of Europe and of a transport network that was shortly devastated by the greatest war the world had ever seen.
