Richard Aldington And H D Their Lives In Letters:

Richard Aldington and H.D. Richard Aldington, Hilda Doolittle, 2003-09-06 This book explores the personal and professional lives of Richard Aldington and H D s intimate correspondence between 1918 and 1961 including extensive biographical commentary of one of the 20th century s most fascinating literary couples and pioneers of Modernist literature

Richard Aldington Norman T. Gates, 2008 In the most comprehensive selection of his letters ever published Norman Gates allows Richard Aldington to tell the story of his life in his own words Unlike Aldington's autobiography Life for Life's Sake published twenty years before his death these letters include those two important decades of his life and do not depend upon memory Gates provides an introduction to each of the book s five sections sketching Aldington s biography during that decade but the reader may then listen to Aldington's own voice speaking through his letters Richard Aldington was married to the American poet H D and was a friend to many other writers and artists at the center of the Modern period His comments on his colleagues and their work his efforts to promote their literary fortunes his passionate love for two wives and two mistresses are all a part of these letters So too are his experiences on the editorial staffs of the Egoist and the Criterion which brought him to touch with European and American writers For a clear picture of the literary world of this time Aldington's letters are indispensable Richard Aldington & H.D. Richard Aldington, Hilda Doolittle, 1992 Richard Aldington Richard Aldington, Norman T. Gates, 1992 In the most comprehensive selection of his letters ever published Norman Gates allows Richard Aldington to tell the story of his life in his own words Unlike Aldington's autobiography Life for Life's Sake published twenty years before his death these letters include those two important decades of his life and do not depend upon memory Gates provides an introduction to each of the book s five sections sketching Aldington s biography during that decade but the reader may then listen to Aldington's own voice speaking through his letters Richard Aldington was married to the American poet H D and was a friend to many other writers and artists at the center of the Modern period His comments on his colleagues and their work his efforts to promote their literary fortunes his passionate love for two wives and two mistresses are all a part of these letters So too are his experiences on the editorial staffs of the Egoist and the Criterion which brought him to touch with European and American writers For a clear picture of the literary world of this time Aldington's letters are indispensable Winged Words Donna Krolik Hollenberg, 2022-06-06 A fresh look at the life and work of modernist poet H D Writing disenchantment Andrew Frayn, 2015-11-01 It has become axiomatic that First World War literature was disenchanted or disillusioned and returning combatants were unable to process or communicate that experience In Writing disenchantment Andrew Frayn argues that this was not just about the war non combatants were just as disenchanted as those who fought and writers such as D H Lawrence and Virginia Woolf produced some of the sharpest criticisms Its language already existed in contemporary sociological and historical accounts of the problems of mass culture and the modern city whose structures contained the conflict and were strengthened during it Archival material sales data

and reviews are used to chart disenchantment in a wide range of early twentieth century war literature from novels about fears of invasion and pacifism through the modernist novels of the 1920s to its dominance in the War Books Boom of 1928 30 This book will appeal to scholars and students of English literature social and cultural history and gender studies **Letters of T.S. Eliot** T. S. Eliot, 2012-09-18 In the period covered by this richly detailed collection T S Eliot was to set a new course for his life and work The demands of his professional life as writer and editor became more complex and exacting The celebrated but financially pressed periodical he had been editing since 1922 The Criterion A Literary Review switched between being a quarterly and a monthly in addition to writing numerous essays and editorials lectures reviews introductions and prefaces his letters show Eliot involving himself wholeheartedly in the business of his new career as a publisher This correspondence with friends and mentors vividly documents all the stages of Eliot's personal and artistic transformation during these crucial years the continuing anxieties of his private life and the forging of his public reputation History And Poetry H. D. (H. D., Hilda Doolittle), 1997 An annotated selection of correspondence between Hilda Doolittle an expatriate poet and a graduate student who became her literary advisor agent and close friend Letters are chosen to focus on Doolittle's creative process her reading and the publication of her work within the context of this developing friendship Annotation c by Book News Inc Portland Or The Fourth Imagist Frank Stuart Flint, 2007 This is the first time that a substantial and representative selection of Flint's poetry has been collected. The Introduction supplies important biographical information and traces how Flint became involved along with Ezra Pound Richard Aldington and H D in the Imagist project There are sixty three poems drawn from Flint's three published collections of poetry In the Net of the Stars 1909 Cadences 1915 and Otherworld 1920 and a further twenty two uncollected or previously unpublished poems making eighty five poems in all The Introduction also offers a sustained and illuminating discussion of the evolution of Flint's art through three volumes In addition there are five appendices among them Flint's important essays Imagisme and The History of Imagism The book seeks to establish Flint as a significant contributor to early Modernist poetry i e Imagism and to reassess the qualities and achievement of an undeservedly overlooked poet **Poets and the Peacock Dinner** Lucy McDiarmid, 2014-11-20 On January 18 1914 seven male poets gathered to eat a peacock W B Yeats and Ezra Pound the celebrities of the group led four lesser known poets to the Sussex manor house of the man they were honouring Wilfrid Scawen Blunt the poet horse breeder Arabist and anti imperialist married to Byron s only granddaughter In this story of the curious occasion that came to be known as the peacock dinner immortalized in the famous photograph of the poets standing in a row Lucy McDiarmid creates a new kind of literary history derived from intimacies rather than isms The dinner evolved from three close literary friendships those between Pound and Yeats Yeats and Lady Gregory and Lady Gregory and Blunt whose romantic affair thirty years earlier was unknown to the others Through close readings of unpublished letters diaries memoirs and poems in an argument at all times theoretically informed McDiarmid reveals the way marriage and adultery as well as friendship offer

ways of transmitting the professional culture of poetry Like the women who are absent from the photograph the poets at its edges F S Flint Richard Aldington Sturge Moore and Victor Plarr are also brought into the discussion adding interest by their very marginality This is literary history told with considerable style and brio often comically aware of the extraordinary alliances and rivalries of the seven male poets but attuned to significant issues in coterie formation literary homosociality and the development of modernist poetics from late Victorian and Georgian beginnings Poets and the Peacock Dinner is written with critical sophistication and a wit and lightness that never compromise on the rich texture of event and personality

Material Spirituality in Modernist Women's Writing Elizabeth Anderson, 2020-03-19 For Virginia Woolf H D Mary Butts and Gwendolyn Brooks things mobilise creativity traverse domestic public and rural spaces and stage the interaction between the sublime and the mundane Ordinary things are rendered extraordinary by their spiritual or emotional significance and yet their very ordinariness remains part of their value This book addresses the intersection of spirituality things and places both natural and built environments in the work of these four women modernists From the living pebbles in Mary Butts s memoir to the pencil sought in Woolf s urban pilgrimage in Street Haunting the Christmas decorations crafted by children in H D s autobiographical novel The Gift and Maud Martha s love of dandelions in Brooks s only novel things indicate spiritual concerns in these writers work Elizabeth Anderson contributes to current debates around materiality vitalism and post secularism attending to both mainstream and heterodox spiritual expressions and connections between the two in modernism How we value our spaces and our world being one of the most pressing contemporary ethical and ecological concerns this volume contributes to the debate by arguing that a change in our attitude towards the environment will not come from a theory of renunciation but through attachment to and regard for material things Gender and warfare in the twentieth century Angela K. Smith, 2018-02-28 Gender and warfare in the twentieth century is a collection of exciting accessible and very readable essays that span the twentieth century exploring the ways in which men and women have both represented warfare and represented themselves as participants in warfare A range of contributors from different disciplines explore these representations by examining a wide variety of sources fiction film personal diaries memoirs non fiction letters or al testimonies and more The collection ranges from the trenches of the Western Front through the shell shocked inter war years the civil war in Spain and the disparate battle fronts of World War Two to the complexities of Vietnam and the late century Hollywood workings and re workings of these conflicts The focus on gendered readings provides a thread that binds these essays together to create a comprehensive and interesting picture of the legacy of twentieth century warfare at the beginning of the new millennium Great War Modernism Nanette Norris, 2015-12-16 New Modernist Studies while reviving and revitalizing modernist studies through lively scholarly debate about historicity aesthetics politics and genres is struggling with important questions concerning the delineation that makes discussion fruitful and possible This volume aims to explore and clarify the position of the so called core of literary modernism in its

seminal engagement with the Great War In studying the years of the Great War we find ourselves once more studying the giants about whom there is so much more to say as well as adding hitherto marginalized writers and a few visual artists to the canon The contention here is that these war years were seminal to the development of a distinguishable literary practice which is called modernism but perhaps could be further delineated as Great War modernism a practice whose aesthetic merits can be addressed through formal analysis This collection of essays offers new insight into canonical British American European modernism of the Great War period using the critical tools of contemporary expansionist modernist studies By focusing on war and on the experience of the soldier and of those dealing with issues of war and survival these studies link the unique forms of expression found in modernism with the fragmented violent and traumatic experience of the time

Trauma, Primitivism and the First World War Joy Porter,2021-04-08 This book examines the extraordinary life of Frank Toronto Prewett and the history of trauma literary expression and the power of self representation after WWI Joy Porter sheds new light on how the First World War affected the Canadian poet and how war induced trauma or shell shock caused him to pretend to be an indigenous North American Porter investigates his influence of and acceptance by some of the most significant literary figures of the time including Siegfried Sassoon Edmund Blunden Wilfred Owen and Robert Graves In doing so Porter skillfully connects a number of historiographies that usually exist in isolation from one another and rarely meet By bringing together a history of the WWI era early twentieth century history Native American history the history of literature and the history of class Porter expertly crafts a valuable contribution to the field H.D. (Hilda Doolittle) Lara Vetter,2023-06-24 A concise biography of the modernist poet and avant garde woman H D Hilda Doolittle 1886 1961 best known for her imagist poetry was one of the first writers of free verse in English For over forty years H D wrote poetry about forgotten ancient goddesses and autobiographical prose about her own traumas and desires Dubbed the perfect bi by Sigmund Freud she was also a scholar of religion mythology and history a translator of ancient Greek and an avant garde filmmaker This new biography explores the fascinating life and work of this important but often overlooked modernist figure

Handbook of British Literature and Culture of the First World War Ralf Schneider, Jane Potter, 2021-09-20 The First World War has given rise to a multifaceted cultural production like no other historical event This handbook surveys British literature and film about the war from 1914 until today The continuing interest in World War I highlights the interdependence of war experience the imaginative re creation of that experience in writing and individual as well as collective memory In the first part of the handbook the major genres of war writing and film are addressed including of course poetry and the novel but also the short story furthermore it is shown how our conception of the Great War is broadened when looked at from the perspective of gender studies and post colonial criticism The chapters in the second part present close readings of important contributions to the literary and filmic representation of World War I in Great Britain All in all the contributions demonstrate how the opposing forces of focusing and canon formation on the one hand and

broadening and revision of the canon on the other have characterised British literature and culture of the First World War
