fiction and poetry and discusses how the literature of the period influenced and was influenced by cultural trends in both the United States and abroad. Considering works produced during America's rise to prominence on the world stage from both regional and international perspectives, MacGowan provides readers with keen insights into the literature of the period in relation to America's transition from an agrarian nation to an industrial power, the racial and economic discrimination of Black and Native American populations, the greater financial and social independence of women, the economic boom of the 1920s, the Depression of the 1930s, the impact of world wars, massive immigration, political and ideological clashes, and more. Encompassing five decades of literary and cultural diversity in one volume, *A History of American Literature 1900-1950* covers American theater, poetry, fiction, non-fiction, memoirs, magazines, and literary publications and popular media. It discusses the ways writers dramatized the immense social, economic, cultural, and political changes in America throughout the first half of the twentieth century. It explores themes and influences of Modernist poets, expatriate novelists, and literary publications founded by women and African Americans. It features the work of Black writers, Native Americans, Asian Americans, and Jewish Americans. *A History of American Literature 1900-1950* is essential reading for all students in upper-level American literature courses as well as general readers looking to better understand the literary tradition of the United States.

Stevan M. Weiner, 2023-03-28 WINNER 2024 BEAT STUDIES ASSOCIATION AWARDS. A revelatory look at how poet Allen Ginsberg transformed experiences of mental illness and madness into some of the most powerful and widely read poems of the twentieth century. Allen Ginsberg's 1956 poem *Howl* opens with one of the most resonant phrases in modern poetry: "I saw the best minds of my generation destroyed by madness." Thirty years later, Ginsberg entrusted a Columbia University medical student with materials not shared with anyone else, including psychiatric records that documented how he and his mother, Naomi Ginsberg, struggled with mental illness. In *Best Minds*, psychiatrist, researcher, and scholar Stevan M. Weiner, M.D., who was that medical student, examines how Allen Ginsberg took his visions and psychiatric hospitalization, his mother's devastating illness, confinement, and lobotomy, and the social upheavals of the postwar world and imaginatively transformed them. Though madness is often linked with hardship and suffering, Ginsberg's showed how it could also lead to profound and redemptive aesthetic, spiritual, and social changes. Through his revolutionary poetry and social advocacy, Ginsberg dedicated himself to leading others toward new ways of being human and easing pain. Throughout his celebrated career, Ginsberg made us feel as though we knew everything there was to know about him. However, much has been left out about his experiences growing up with a mentally ill mother, his visions, and his psychiatric hospitalization. In *Best Minds*, with a forty-year career studying and addressing trauma, Weiner provides a groundbreaking exploration of the poet and his creative process, especially in relation to madness. *Best Minds* examines the complex relationships between mental illness, psychiatry, trauma, poetry, and prophecy, using the access Ginsberg generously shared to offer new, lively, and indispensable insights into an American icon.

Weine also provides new understandings of the paternalism treatment failures ethical lapses and limitations of American psychiatry in the 1940s and 1950s In light of these new discoveries the challenges Ginsberg faced appear starker and his achievements both as a poet and an advocate even more remarkable
