Introduction

This paper explores the theme of hunger as described by the writer. The hunger he describes does not only describe physical hunger but also demonstrates several other forms hunger. This paper defines the term hunger, describes other forms of hunger, and finally tries to interpret Wrights form of physical hunger to find out if it is representative of something.

Hunger is a term that can be used in most cases to describe a person's desire or feeling that follows the need of food. This definition denotes the physical form of hunger where an individual who is hungry strongly needs food to eat and satisfy him. In the first chapter, the writer depicts Richard's family as haunted by hunger and staying in poverty. The family's is made worse when the father abandons family and leaves Richards mother a lone to fend for the family (Wright chap. 1).

Hunger can also take other forms besides describing a strong desire for food mainly caused by poverty. For instance, hunger may take other forms such as; intellectual hunger where an individual has a strong desire to learn or gain knowledge, it may also take the form of hunger for freedom, for instance, to free oneself from bias and other forms of discrimination, desire for trust , and hunger for economic freedom.

Richard feels both physical and intellectual hunger when he pretends to subscribe to the Grandmothers religious beliefs. He feels that his Grandmother's religious beliefs makes him underfed and also limits his intellectual growth. The kind of education Richard received at the religious school did not allow any other literature a part from the Bible. Richard's Grandmother and aunty Addie considered any other literature as "the Devils work" (Wright chap.4). Richard feels that religion is an obstacle set up by authorities to merely make him conform. This indicates that he yearns to gain wide

writer and his disillusionment with the Communist Party was cut at the insistence of book club editors and was only published posthumously as a separate work. Now that the two parts of Wright's autobiography are finally printed together, *Black Boy* (American Hunger) appears as a new and different work, a unique contribution to the literature of self-discovery and a searing vision of racism in Northern slums as well as Southern shanties. Richard Wright's novel *The Outsider* (1953) appears here in a text that restores the many stylistic changes and long cuts made by his editors without his knowledge. This text, based on Wright's final corrected typescript, casts new light on his development of the style he called poetic realism. The outsider of Wright's story is Cross Damon, a black man who works in the Chicago post office. When Damon is mistakenly believed to have died in a subway accident, he seizes the opportunity to invent a new life for himself. In this, his most philosophical novel, Wright reconsiders the existentialist themes of man's freedom and responsibility as he traces Damon's doomed attempts to lead a free life. Richard Wright was forged in injustice as a sword is forged; wrote Ernest Hemingway, "With passionate honesty and courage he confronted the terrible effects of prejudice and intolerance and created works that explore the deepest conflicts of the human heart." This volume includes notes on significant changes in Wright's texts and a detailed chronology of his life.

Richard Wright's Black Boy Harold Bloom, 2006. One of America's great African American writers, Richard Wright achieved critical and popular acclaim with the publication of *Native Son*, a novel, and *Black Boy*, an autobiography. Blurring the boundaries between fact and fiction, *Black Boy* vividly depicts Wright's journey from a child growing up in the South during the time of Jim Crow segregation laws through his creative and imaginative development as a writer and intellectual. *Black Boy* is both a unique autobiography and a racial discourse chronicling Wright's continual fight against prejudice and racism as well as his quest for self-liberation. Against significant odds, Wright became America's first best-selling black author, and *Black Boy* became an American classic. Its enduring story documents what it means to be a black man, a southerner, and a writer in the United States.
