The Comic Offense from Vaudeville to Contemporary Comedy Rick DesRochers,2014-07-31 The Comic Offense from Vaudeville to Contemporary Comedy examines how contemporary writer performers are influenced by the comedic vaudevillians of the early 20th century By tracing the history and legacy of the vaudeville era and performance acts like the Marx Brothers and The Three Keatons and moving through the silent and early sound films of the early 1930s the author looks at how comic writer performers continue to sell a brand of themselves as a form of social commentary in order to confront and dispel stereotypes of race class and gender The first study to explore contemporary popular comic culture and its influence on American society from this unique perspective Rick DesRochers analyzes stand up and improvisational comedy writing performing in the work of Larry David Tina Fey Stephen Colbert and Dave Chappelle He grounds these choices by examining their evolution as they developed signature characters and sketches for their respective shows *Curb Your Enthusiasm* 30 Rock *The Colbert Report* and *Chappelle's Show*

#ZuptasMustFall, and other rants Fred Khumalo,2016-08-02 Who are these Guptas who are so powerful they're distributing cabinet posts like matrons handing out condoms at a brothel Who do Americans think they are accusing Trevor Noah of stealing a joke from one of their comedians Is Sizakele MaKhumalo Zuma's spaza shop a National Key Point In ZuptasMustFall and other rants Fred Khumalo runs riot contemplating the pressing issues that continue to confound infuriate and exasperate the nation or to sink it into further controversy Covering a wide range of topics including politics history current events and celebrity gossip this compilation of recent and new writings contains Khumalo's trademark blend of humour and shrewd analysis as well as his treatment of everyday issues from a uniquely South African perspective This is an entertaining collection of thoughts from one of the country's most seasoned journalists offering many questions and tongue in cheek answers on who we are as a nation where we are going and how we compare to the rest of the world

We Killed Yael Kohen,2012-10-16 No matter how many times female comedians buck the conventional wisdom people continue to ask Are women funny The question has been nagging at women off and on mostly on for the past sixty years It's incendiary much discussed and as proven in Yael Kohen's fascinating oral history totally wrongheaded In *We Killed Kohen* pieces together the revolution that happened to and by women in American comedy gathering the country's

most prominent comediennes and the writers producers nightclub owners and colleagues who revolved around them She starts in the 1950s when comic success meant ridiculing and desexualizing yourself when Joan Rivers and Phyllis Diller emerged as America's favorite frustrated ladies when the joke was always on them Kohen brings us into the sixties and seventies when the appearance of smart edgy comedians Elaine May Lily Tomlin and the women's movement brought a new wave of radicals the women of SNL tough ass stand ups and a more independent breed on TV Mary Tyler Moore and her sisters There were battles to fight and preconceptions to shake before we could arrive in a world in which women like Chelsea Handler Sarah Silverman and Tina Fey can be smart attractive sexually confident and most of all flat out funny As the more than 150 people interviewed for this riveting oral history make clear women have always been funny It's just that every success has been called an exception and every failure an example of the rule And as each generation of women has developed its own style of comedy the coups of the previous era are washed away and a new set of challenges arises But the result is the same They kill A chorus of creative voices and hilarious storytelling We Killed is essential cultural and social history and as it should be great entertainment **Blackatcha** Mark Steven Greenfield,2002
