Richard Wagner His Life His Work His Century:

Richard Wagner, His Life, His Work, His Century Martin Gregor-Dellin, 1983 **Richard Wagner. His Life and His Dramas** W.J.Henderson ,1901 **Richard Wagner, His Life and His Dramas** William James Henderson,1901

Richard Wagner and His World Thomas S. Grey, 2009-07-27 Richard Wagner 1813 1883 aimed to be more than just a composer He set out to redefine opera as a total work of art combining the highest aspirations of drama poetry the symphony the visual arts even religion and philosophy Equally celebrated and vilified in his own time Wagner continues to provoke debate today regarding his political legacy as well as his music and aesthetic theories Wagner and His World examines his works in their intellectual and cultural contexts Seven original essays investigate such topics as music drama in light of rituals of naming in the composer s works and the politics of genre the role of leitmotif in Wagner s reception the urge for extinction in *Tristan und Isolde* as psychology and symbol Wagner as his own stage director his conflicted relationship with pianist composer Franz Liszt the anti French satire *Eine Kapitulation* in the context of the Franco Prussian War and responses of Jewish writers and musicians to Wagner s anti Semitism In addition to the editor the contributors are Karol Berger Leon Botstein Lydia Goehr Kenneth Hamilton Katherine Syer and Christian Thorau This book also includes translations of essays reviews and memoirs by champions and detractors of Wagner glimpses into his domestic sphere in Tribschen and Bayreuth and all of Wagner s program notes to his own works Introductions and annotations are provided by the editor and David Breckbill Mary A Cicora James Deaville Annegret Fauser Steven Huebner David Trippett and Nicholas Vazsonyi **Richard Wagner, His Life and Dramas** William James Henderson,1901 What Killed the Great and Not So Great Composers? Joseph W. Lewis, Jr., M.D., 2010-04-23 From a personally assembled database of 13 859 classical musicians *What Killed the Great and not so Great Composers* delves into the medical histories of a wide variety of composers from both a musical and medical standpoint Biographies of musicians from Johann Sebastian Bach of the Baroque period to Benjamin Britten of the Modern era explore in depth their illnesses and the impact their diseases had on musical productivity Other chapters referenced to specific composers are devoted to such diverse ailments as deafness mental disorders sexually transmitted diseases surgery and war injuries to name a few A unique section of statistics and demographics analyzes various aspects of composers lives such as their longevity related to contemporaneous nonmusical populations the incidence of various illnesses they experienced over the centuries and the type of medical problems suffered by the so called top 100 classical musicians Although a precise and complete accounting of the great composers ailments may never be possible a general understanding of the medical problems experienced by these unique individuals nevertheless can heighten one s appreciation of their creative processes despite the hardships imposed by their physical and mental illnesses Although some individuals surrendered to their disabilities for a variety of reasons others were able to rise above their infirmities and produce the wonderful music mankind has enjoyed through the centuries *Beyond Reason* Karol Berger, 2024-10-29

Beyond Reason relates Wagner's works to the philosophical and cultural ideas of his time centering on the four music dramas he created in the second half of his career: *Der Ring des Nibelungen*, *Tristan und Isolde*, *Die Meistersinger von Nürnberg*, and *Parsifal*. Karol Berger seeks to penetrate the secret of large scale form in Wagner's music dramas and to answer those critics most prominently Nietzsche who condemned Wagner for his putative inability to weld small expressive gestures into larger wholes. Organized by individual opera, this is essential reading for both musicologists and Wagner experts. *Wagner: Terrible Man & His Truthful Art* M. Owen Lee, 1999-12-15 How is it possible for a seriously flawed human being to produce art that is good, true, and beautiful? Why is the art of Richard Wagner, a very imperfect man, important and even indispensable to us? In this volume, Father Owen Lee ventures an answer to those questions by way of a figure in Sophocles: the hero Philoctetes. Gifted by his god with a bow that would always shoot true to the mark and indispensable to his fellow Greeks, he was marked by the same god with an odious wound that made him hateful and hated. Sophocles' powerful insight is that those blessed by the gods and indispensable to men are visited as well with great vulnerability and suffering. Wagner, *The Terrible Man and His Truthful Art*, traces some of Wagner's extraordinary influence for good and ill on a century of art and politics, on Eliot and Proust as well as on Adolf Hitler, and discusses in detail Wagner's *Tannhäuser*, the work in which the composer first dramatised the Faustian struggle of a creative artist in whom two souls dwell. In the course of this penetrating study, Father Lee argues that Wagner's ambivalent art is indispensable to us, life enhancing and ultimately healing. **Nietzsche and Music** Georges Liébert, 2004-01-15 He also explores Nietzsche's listening habits, his playing, and style of composition, and his many contacts in the musical world, including his controversial and contentious relationship with Richard Wagner. For Nietzsche, music gave access to a realm of wisdom that transcended thought. Music was Nietzsche's great solace; in his last years, it was his refuge from madness. Jacket **Theology of Wagner's Ring Cycle** Richard H. Bell, 2020 Vol. 1 Wagner's Ring is one of the greatest of all artworks of Western civilization, but what is it all about? The power and mystery of Wagner's creation was such that he himself felt he stood before his work as though before some puzzle. A clue to the Ring's greatness lies in its multiple avenues of self-disclosure and the corresponding plethora of interpretations that over the years has granted ample scope for directors and will no doubt do so well into the distant future. One possible interpretation, which Richard Bell argues should be taken seriously, is the Ring as Christian theology. In this first of two volumes, Bell considers, among other things, how the composer's Christian interests may be detected in the forging of his Ring, looking at how he appropriated his sources, whether they be myths and sagas, writers, poets, or philosophers, and considering works composed around the same time, especially his *Jesus of Nazareth*. Back cover **Theology of Wagner's Ring Cycle II** Richard H. Bell, 2021-09-30 Wagner's Ring addresses fundamental concerns that have faced humanity down the centuries, such as power and violence, love and death, freedom and fate. Further, the work seems particularly relevant today, addressing as it does the fresh debates around the created order, politics, gender, and sexuality. In this second of two volumes on the theology of the

Ring Richard Bell argues that Wagner's approach to these issues may open up new ways forward and offer a fresh perspective on some of the traditional questions of theology such as sacrifice redemption and fundamental questions about God A linchpin for Bell's approach is viewing the Ring in the light of the Jesus of Nazareth sketches which he argues confirms that the artwork does indeed address questions of Christian theology both for those inside and those outside the church

Wagner Barry Millington,1992-11-19 Wagner is one of the most controversial of composers and much that has been written about him including his autobiography is misleading Barry Millington draws on the best previous scholarship and his own original research to set the record straight The first part of this book is devoted to biography the second to a detailed study of the operas Millington offers a historical review of the critical interpretation of each opera including a discussion of recent methods of formal analysis In this revised edition two chapters those on Tannhauser and Die Meistersinger include significant new material The bibliography has also been updated **Wagner Outside the Ring** John Louis

DiGaetani,2009-10-21 Designed as a companion volume to 2006's Inside the Ring which focused on the four operas comprising Richard Wagner's Der Ring des Nibelungen this new volume features more than a dozen original essays focusing on all of Wagner's non Ring operas Part One looks at the individual operas including Der Fliegende Hollander Tannhauser Lohengrin Tristan und Isolde Die Meistersinger von Nurnberg and Parsifal Part Two reveals the connections between Wagnerian opera and other arts including dance filmmaking and fiction Finally Part Three examines Wagner's operas in performance featuring interviews with mezzo soprano Michelle DeYoung and heldentenor Ben Heppner both well known for their Wagnerian performances The book includes many photographs from current productions by the Metropolitan Opera and other opera companies along with bibliographies and a discography of recommended performances Europe in the

Nineteenth Century Harry Hearder,2014-01-21 The period between 1830 and 1880 was one of immense activity radical political change and striking economic and social growth in Europe The major themes of the struggles between individuals parties and classes within the state and between the states themselves are explored within the context of a study of the administration organisation and growth of European society The whole book has been fully revised and updated particularly the section on German history Professor Hearder has also given greater consideration to many important issues such as popular movements of protest and insurrection life styles and the role of women **Brahms in the Priesthood of Art**

Laurie McManus,2021-01-05 Brahms in the Priesthood of Art Gender and Art Religion in the Nineteenth Century German Musical Imagination explores the intersection of gender art religion Kunstreligion and other aesthetic currents in Brahms reception of the nineteenth and early twentieth centuries In particular it focuses on the theme of the self sacrificing musician devoted to his art or priest of music with its quasi mystical and German Romantic implications of purity seemingly at odds with the lived reality of Brahms's bourgeois existence While such German Romantic notions of art religion informed the thinking on musical purity and performance after the failed socio political revolutions of 1848 49 and in the face of scientific

developments the very concept of musical priesthood was questioned as outmoded Furthermore its essential gender ambiguity accommodating such performing mothers as Clara Schumann and Amalie Joachim could suit the bachelor Brahms but leave the composer open to speculation Supportive critics combined elements of masculine and feminine values with a muddled rhetoric of prophets messiahs martyrs and other art religious stereotypes to account for the special status of Brahms and his circle Detractors tended to locate these stereotypes in a more modern fin de siècle psychological framework that questioned the composer's physical and mental well being In analyzing these receptions side by side this book revises the accepted image of Brahms recovering lost ambiguities in his reception It resituates him not only in a romanticized priesthood of art but also within the cultural and gendered discourses overlooked by the absolute music paradigm

Wagner: Illustrated Lives Of The Great Composers Howard Gray, 2011-05-16 Howard Gray A series of biographies of great composers which present the subjects against the social background of their times Each draws on personal letters and recollections engravings paintings and where they exist photographs to build up a complete picture of the composer's life

Wagner Without Fear William Berger, 1998-09-29 Do you cringe when your opera loving friends start raving about the latest production of Tristan Do you feel faint just thinking about the six hour performance of Parsifal you were given tickets to Does your mate accuse you of having a Tannhäuser complex If you're baffled by the behavior of Wagner worshipers if you've longed to fathom the mysteries of Wagner's ever increasing popularity or if you just want to better understand and enjoy the performances you're attending you'll find this delightful book indispensable William Berger is the most helpful guide one could hope to find for navigating the strange and beautiful world of the most controversial artist who ever lived He tells you all you need to know to become a true Wagnerite from story lines to historical background from when to visit the rest room to how to sound smart during intermission from the Jewish legend that possibly inspired Lohengrin to the tragic death of the first Tristan Funny informative and always a pleasure to read Wagner Without Fear proves that the art of Wagner can be accessible to everyone Includes The strange life of Richard Wagner German patriot and exile friend and enemy of Liszt and Nietzsche Essential opera lore and lobby talk A scene by scene analysis of each opera What to listen for to get the most from the music Recommended recordings films and sound tracks

Richard Wagner , The Sorcerer of Bayreuth Barry Millington, 2012-10-29 Richard Wagner 1813-1883 is one of the most influential and also one of the most controversial composers in the history of music Over the course of his long career he produced a stream of spellbinding works that challenged musical convention through their richness and tonal experimentation ultimately paving the way for modernism This book presents an in depth but easy to read overview of Wagner's life work and times It considers a wide range of themes including the composer's original sources of inspiration his fetish for exotic silks his relationship with his wife Cosima and with his mistress Mathilde Wesendonck the anti-Semitism that is undeniably present in the operas their proto cinematic nature and the turbulent legacy both of the Bayreuth Festival and of Wagnerism itself Making use of the very latest

scholarship much of it undertaken by the author himself in connection with his editorship of The Wagner Journal Millington reassesses received notions about Wagner and his work demolishing ill informed opinion in favour of proper critical understanding It is a radical and occasionally controversial reappraisal of this most perplexing of composers The volume s arrangement unique among books on the composer combines an accessible text intriguing images and original documents thus ensuring a consistently fresh approach Bringing new insights to an endlessly fascinating subject The Sorcerer of Bayreuth will charm anyone interested in music and in the wider cultural life of the 19th century and beyond *Wagner and the Creation of the Ring* Michael Downes, 2025-07-01 Part cultural history part biography this is the fascinating story of Richard Wagner s life influences gift for storytelling and artistic revolution culminating in the dramatic journey to write The Ring Cycle The Ring Cycle is one of the most epic and compelling operas of the nineteenth century created by a composer who was alongside Dickens Tolstoy and Victor Hugo also one of the century s master storytellers But the story of how Richard Wagner created the work is one full of intrigue and triumphs against unlikely odds as well as controversy due to the composer s anti semitic views and popularity with the Nazi party In *Wagner and the Creation of the Ring* Michael Downes combines cultural history and biography to recount the colorful fascinating and insightful journey behind the creation of The Ring and its mythology He tells the story of how and why this extraordinary masterpiece came into being why it takes the form it does why it fascinates and obsesses so many and horrifies others and why it still matters today
