Perkins,2018-03-08 Excerpt from Richelieu and the Growth of French Power The literature in reference to Richelieu is also
very voluminous The great work of M Hanotaux when complete will contain the most valuable account of Richelieu's life that
has appeared With such diligence and ability has M Hanotaux studied his subject that his work will remain I think the
permanent record of the career of the great Cardinal This Life of Richelieu when finished will comprise four large volumes
and its size will perhaps deter the ordinary reader but it is none too full for any one who wishes to familiarise himself with
French history during the important period covered by Richelieu's administration About the Publisher Forgotten Books
