## **Richness Of Augustine His Contextual And Pastoral Theology:**

**The Richness of Augustine** Mark Ellingsen, 2005-01-01 In an inclusive reading of Augustine Mark Ellingsen reveals a patterned conceptual richness in Augustine's thought. The Richness of Augustine is a wonderful introduction and a rich ecumenical and historical resource. It is the first introduction that places in focus the significance of Augustine's African cultural and ethnic roots. Doing Contextual Theology, *Christian Preaching* Michael Pasquarello III, 2011-06-28 Michael Pasquarello has written a must read book articulating a Trinitarian vision for preaching. His compelling argument is richly informed by traditional biblical hermeneutics, creedal history understood as storied attestation of the witness of Scripture and liturgical theology and practice considered as embodied performance of the Bible's divine narrative. Here is a clear summons to the church to abandon all lesser homiletic aims and to prayerfully and faithfully proclaim the holy gospel to the glory of God. Charles L. Bartow, Princeton Theological Seminary. Like all of Michael Pasquarello's work, his newest book not only upholds the classical Christian tradition but also breathes new vitality into it. In an era in which preaching is reduced to persuasive communication, Pasquarello reminds us that the Christian message has a content that originates in and gives expression to the Father, Son, and Holy Spirit. Richard Lischer, Duke Divinity School. One of the refreshing things about this fine book by Michael Pasquarello is that when he thinks about the ministry of preaching, he is not afraid to measure the breadth historically or plumb the depths theologically. Pasquarello has written this book like a good sermon, faithfully, thoughtfully, prayerfully, and with a profound word to speak. We are in his debt. Thomas G. Long, Candler School of Theology. Boldly challenging homiletical accommodation to American culture, Pasquarello seeks to change the subject of preaching from method and marketing to the Triune God who is the source and goal of our speech. A welcome theological vision of preaching. Charles L. Campbell, Columbia Theological Seminary. Christian Preaching brings together two disciplines that have sadly grown apart such that they almost developed irreconcilable differences: preaching and theology. Pasquarello offers a brilliant critique of theology as technique and draws on the theology and sermons of Irenaeus, Augustine, Luther, Wesley, and others, convincingly demonstrating that effective, pragmatic preaching requires substantive theological engagement and vice versa. This book accomplishes its purpose so well that it should be used not only in preaching courses but also in basic theology courses. No preacher should be let loose on a congregation without passing through Pasquarello's *Christian Preaching*. D. Stephen Long, Marquette University. Martin Luther's Legacy Mark Ellingsen, 2017-10-27 This volume is a unique interpretation of what Martin Luther contributes to renewed appreciation of Biblical diversity. The Church in the West is struggling. One reason behind this is that the prevailing models for Theology have imposed logical and modern ways of thinking about faith that renders theology academic and therefore largely irrelevant for daily life. By letting the first Reformer speak for himself in this book, Mark Ellingsen shows how Martin Luther's theological approach can reform the Church's theology today. The real Luther, not the one taught by his various systematic interpreters, presents Christian faith in its

entirety with all its rough edges in such a way as to direct on how and when to employ those dimensions of the Biblical witness most appropriate for the situation in which we find ourselves      *Augustine's Preaching and the Healing of Desire in the Enarrationes in Psalmos* Mark J. Boone,2023-02-27 The Enarrationes in Psalmos is the collection of Augustine's commentaries and sermons on the Psalms Although Augustine is often at his philosophical best here bearing various resemblances to the Platonists and other philosophers he also articulates a distinctively Christian view on what we should desire on how desire has gone wrong and on how it is healed The renewal of desire takes place as a result of and through the unity of Christ and the church which is the guiding theme of the Enarrationes Augustine's Preaching and the Healing of Desire in the Enarrationes in Psalmos traces this theology of desire as it connects to Augustine's Christology his ecclesiology his account of happiness and well being and his eschatology The book closes with some suggestions on what the church can learn today from the Enarrationes in the areas of psychology and wellbeing biblical exegesis and homiletics      Eros and Self-Emptying Lee C. Barrett,2013-11-30 Pt 1 Setting the stage two pilgrims on the way home Kierkegaard's tense picture of Augustine Augustine's restless heart and Kierkegaard's desire for an eternal happiness Augustine and Kierkegaard on the road life as a journey Pt 2 Signposts on the journey specific theological intersections of Augustine and Kierkegaard God the attraction and repulsion of boundless love Sin culpable action and corrupt state God's gracious response to sin the enigma of divine sovereignty and human responsibility Christology the allure of lowliness Salvation faithful love and loving faith The church a parting of the ways Conclusion two edifying theologies of self giving      **Augustine on the Christian Life** Gerald Bray,2015-10-14 Augustine is widely considered to be one of the most influential theologians of all time and stands as a giant among giants in the history of the Christian faith However while many Christians are familiar with the broad strokes of his theology few readers today have explored the riches of his spiritual life In this addition to Crossway's growing Theologians on the Christian Life series renowned scholar Gerald Bray seeks to show us that Augustine is just as relevant today as it was in AD 430 Focusing on the North African pastor's personal transformation and dependence on the Word of God Bray gives us a picture of this ancient hero of the faith that can sharpen and encourage modern believers Part of the Theologians on the Christian Life series      **Originalism in Theology and Law** Mark J. Boone,Mark D. Eckel,2024-01-26 In the study of American law originalism is primarily a theory about the meaning of the Constitution that its meaning can only change when its words change Originalism also appears in biblical theology as a theory on the meaning of the Bible that its meaning is that intended by the original authors Originalism in Theology and Law Comparing Perspectives on the Bible and the Constitution offers a study of originalism in both the Bible and the Constitution While there are significant connections between originalism as a theory of biblical interpretation and as Constitutional interpretation there are also differences in the type of text as well as its purpose function origins or authority which may affect which nuanced version of originalism best fits a particular text or the best method of interpreting it      Augustine's Confessions Robert Hunter Craig,2020-10-29 Augustine's

Confessions Conversion and Consciousness argues two original positions concerning the structure and meaning of the Confessions by Augustine The structure is found to be a tool used by Augustine in his earlier pre Confessions writings in which he uses the Allegory of the Cave in book VII of the Republic by Plato to both describe human consciousness and as a structural framework for his own life story As with Plato's allegory Augustine then uses Books X XIII to do what the author calls Scriptural Philosophical analysis of the allegorical prayer previously given The author shows that the Confessions is really an allegorical quasi prayer that shows Augustine's state of mind or disposition through space time and at the same time uses different personas schools of thought and metaphysical constructs to show the inadequacy of Plato's consciousness model of the cave to truly describe human ratiocination within consciousness in its totality Synchronic Synthetic Triplex SST or body mind God Will substance Instead Augustine demonstrates the superiority of the Christian conversion to that of the Platonic as described both by Platonic books and the books of the Platonists The Christian conversion is based on the incarnate Wisdom of Christ Jesus within the Cave World

**Reason, Authority, and the Healing of Desire in the Writings of Augustine** Mark J. Boone, 2020-01-14 In Reason Authority and the Healing of Desire in the Writings of Augustine Mark Boone explains Augustine's theology of desire in a cross section of his writings He shows that Augustine's writings consistently teach a Platonically informed yet distinctively Christian theology of desire

**The Augustine Way** Joshua D. Chatraw, Mark D. Allen, 2023-05-30 What can we learn from Augustine about apologetics This book shows how Augustine defended the faith in late antiquity and how his approach to engaging the culture has great significance for the apologetic task today Joshua Chatraw and Mark Allen coauthors of the award winning Apologetics at the Cross an Outreach magazine and Gospel Coalition Resource of the Year recover Augustine's mature apologetic voice to address the challenges facing today's church The Augustine Way offers a compelling argument for Christian witness that is rooted in tradition and engaged with contemporary culture It focuses on Augustine's best known works Confessions and The City of God to retrieve his scriptural and ecclesial approach for a holistic apologetic witness This book will be useful for students as well as for pastors church leaders and practitioners of Christian apologetics It puts pastors and churches back at the center of apologetics transcending popular contemporary methods with a view to a more effective witness in post Christendom

Augustine's Cyprian Matthew Alan Gaumer, 2016-03-17 In Augustine's Cyprian Matthew Gaumer retraces how Augustine of Hippo devised the ultimate strategy to suppress Donatist Christianity an indigenous form of the religion in ancient North Africa Spanning nearly forty years Augustine's entire clerical career was spent combating the Donatists and seeking the dominance of the Catholic Church in North Africa Through a variety of approaches Augustine evolved a method to successfully outlaw and deconstruct the Donatist Church's organisation This hinged on concerted preaching tract writing integrating Roman imperial authorities and critically by denying the Donatists exclusive claim to Cyprian of Carthage Re appropriation of Cyprian's authority required Augustine and his allies to re write history and pose positions contrary to

Cyprian s In the end Cyprian was the Donatists no longer

Lawrence's Final Fictions* Ben Stoltzfus,2024-04-08 D H Lawrence s Final Fictions A Lacanian Perspective explores how literature thinks more specifically how the reading of fiction influences behavior Lawrence writes passionately about our alienation from ourselves from other people and from the cosmos He believes that we need to heed the voices of our unconscious and he shows us how to meld body and mind so that psychoanalytically speaking Id and Ego can come together In this endeavor there is a salient convergence between Lawrence s writings and those of Jacques Lacan the French psychoanalyst In this book Stoltzfus examines the poetics of seven major fictions that Lawrence wrote between 1925 and 1930 five productive years that are referred to as his fabulation period In each of the book s seven chapters in tandem with Lacan s writings Stoltzfus analyzes seven major characters four of whom move from alienation to the renewal of self and the cosmos He argues that Lawrence s fiction is simultaneously descriptive and prescriptive by showing us how to circumvent dysfunction Stoltzfus brings literature and psychoanalysis together in

readings that are both aesthetic and epistemological They are recipes for curing the Anthropocene

**The Beauty of Preaching** Michael Pasquarello,2020-08-27 What does beauty have to do with healing the fragmentation within our churches According to Michael Pasquarello everything Amid the cacophony of ugly political invective that dominates nearly every space today including church only God has the power to unify and heal through his truth and goodness revealed in his beauty And every Sunday those in the pulpit have the opportunity and responsibility to share this beauty with their parishioners Tapping into a long tradition that can be traced back to Augustine Michael Pasquarello explores a theological definition of beauty that has tremendous revelatory power in a post Christendom world A church manifesting this beauty is not merely a gathering of people but a place where God s new creation appears in the midst of the old creation ushered in by a pastor willing to make God the primary actor within the doxological craft of preaching
