Back cover *Alive and Writing* Larry McCaffery,Sinda Gregory,1987 *Scepticism and Hope in Twentieth Century Fantasy Literature* Kath Filmer-Davies,1992 Religious discourse has become alien to the secular and skeptical western societies of the twentieth century There is real discomfort when religious discourse appears either in the popular press or in society But even in a secular society there is still a psychological need one might even use the stronger word will if not to believe then at least to hope Dr Filmer states this need is met in the literature of fantasy *The Child in Film* Karen Lury,2010-03-30 Ghastly and ghostly children dirty little white girls the child as witness and as victim have always played an important part in the history of cinema as have child performers themselves In exploring the disruptive power of the child in films made for an adult audience across popular films including Taxi Driver and Japanese horror and art house productions like Mirror and Pan s Labyrinth Karen Lury investigates why the figure of the child has such a significant impact on the visual aspects and storytelling potential of cinema Lury s main argument is that the child as a liminal yet powerful agent has allowed filmmakers to play adventurously with cinema s formal conventions with far reaching consequences In particular she reveals how a child s relationship to time allows it to disturb and question conventional master narratives She explores too the investment in the child actor and expression of child sexuality as well as how confining and conservative existing assumptions can be in terms of commonly held beliefs as to who children really are *The Modern Library* Carmen Callil,Colm Toibin,2011-06-30 For Colm Toibin and Carmen Callil there is no difference between literary and commercial writing there is only the good novel engrossing inspirational compelling In their selection of the best 200 novels written since 1950 the editors make a case for the best and the best loved works and argue why each should be considered a modern classic Enlightening often unexpected and always engaging this tour through the world of fiction is full of surprises forgotten masterpieces and a valuable guide to what to read next Authors in the collection include Agatha Christie Georgette Heyer Daphne du Maurier Patrick Hamilton Carson McCullers J D Salinger Bernard Malamud Flannery O Connor Mulk Raj Anand Raymond Chandler L P Hartley Amos Tutuola Sylvia Townsend Warner Samuel Beckett Patricia Highsmith Chinua Achebe Isak Dineson Alan Sillitoe Ivy Compton Burnett Grace Paley Harper Lee Olivia Manning and Mordecai Richler

*England's Hidden Reverse, revised and expanded edition* David Keenan,2024-01-09 An expanded edition of the classic exploration of the English esoteric musical underground with the first biography of Coil Current 93 and Nurse With Wound This newly expanded edition of England's Hidden Reverse the classic exploration of the English esoteric musical underground that includes the first and only biographies of Coil Current 93 and Nurse With Wound is based on exclusive interviews and unprecedented access to all three bands personal archives Together these genre defying bands and their circles represent the English underground in all its cultural artistic and sexual variety Over four decades the three intertwined groups have maintained a symbiotic yet uneasy relationship with the mainstream of popular culture even as their music beliefs and practices have repelled them from it Theirs was a clandestine scene whose work accents the many occulted peculiarities of Englishness that flow through generations of outsiders channeling personalities as diverse as Aleister Crowley Arthur Machen Joe Orton Shirley Collins Björk and Marc Almond The story of this Hidden Reverse has necessarily remained a secret Until now This new volume contains almost 100 pages of extra material culled from Furfur a collection of interviews with musicians and artists whose careers intersected with the bands initially published alongside Strange Attractor's first limited edition of the book     *A Shuddering Dawn* Ira Chernus,Edward T. Linenthal,1989-08-17 Exploring the symbolic meanings of the Bomb this book excavates the depth dimension of the nuclear age Rather than adding to the many ethical commentaries asking whether or not there should be nuclear weapons the authors ask why there are nuclear weapons and a continuing arms race They also address the kinds of symbolic changes that must occur in order to reverse the build up of nuclear weapons The authors approach these questions from the perspective of academic research not from particular faith commitments asking the reader to envision different human responses to this technology human stances that can be illuminated by the creative insight of religious studies     *The Contemporary Post-Apocalyptic Novel* Diletta De Cristofaro,2019-12-26 Traditional apocalyptic texts concern the advent of a better world at the end of history that will make sense of everything that happened before But what is at stake in the contemporary shift to apocalyptic narratives in which

the utopian end of time is removed The Contemporary Post Apocalyptic Novel offers an innovative critical model for our cultural obsession with the end by focussing on the significance of time in the 21st century post apocalyptic novel and challenging traditional apocalyptic logic Once confined to the genre of science fiction the increasing popularity of end of the world narratives has caused apocalyptic writing to feature in the work of some of contemporary literature s most well known fiction writers Considering novels by Will Self Cormac McCarthy David Mitchell Emily St John Mandel Jeanette Winterson and others Diletta De Cristofaro frames the contemporary apocalyptic imagination as a critique of modernity s apocalyptic conception of time and history Interdisciplinary in scope the book historicises apocalyptic beliefs by exploring how relentlessly they have shaped the modern world
