Ride Guide:

Ride Guide Dan Goldfischer,1994 **Staff Ride Guide - The Battle Of First Bull Run [Illustrated Edition]** Ted Ballard,2014-08-15 Illustrated with 12 maps and 15 Illustrations On 16 July 1861 the largest army ever assembled on the North American continent up to that time marched from the vicinity of Washington D C toward Manassas Junction thirty miles to the southwest Commanded by newly promoted Brig Gen Irvin McDowell the Union force consisted of partly trained militia with ninety day enlistments almost untrained volunteers and three newly organized battalions of Regulars Many soldiers unaccustomed to military discipline or road marches left the ranks to obtain water gather blackberries or simply to rest as the march progressed Near Manassas along a meandering stream known as Bull Run waited the similarly untrained Confederate army commanded by Brig Gen Pierre G T Beauregard This army would soon be joined by another Confederate force commanded by General Joseph E Johnston After a minor clash of arms on 18 July McDowell launched the first major land battle of the Civil War by attempting to turn the Confederate left flank on 21 July A series of uncoordinated and sometimes confusing attacks and counterattacks by both sides finally ended in a defeat for the Union Army and its withdrawal to Washington The Battle of First Bull Run highlighted many of the problems and deficiencies that were typical of the first year of the war Units were committed piecemeal attacks were frontal infantry failed to protect exposed artillery tactical intelligence was nil and neither commander was able to employ his whole force effectively McDowell with 35 000 men was only able to commit about 18 000 and the combined Confederate forces with about 32 000 men committed only 18 000 **Battle Of Antietam, Staff Ride Guide [Illustrated Edition]** Ted Ballard,2014-08-15 Contains more than 20 maps diagrams and illustrations The Battle of Antietam has been called the bloodiest single day in American History By the end of the evening 17 September 1862 an estimated 4 000 American soldiers had been killed and over 18 000 wounded in and around the small farming community of Sharpsburg Maryland Emory Upton then a captain with the Union artillery battery later wrote I have heard of the dead lying in heaps but never saw it till this battle Whole ranks fell together The battle had been a day of confusion tactical blunders individual heroics and the effects of just plain luck It brought to an end a Confederate campaign to liberate the border state of Maryland and possibly take the war into Pennsylvania A little more than one hundred and forty years later the Antietam battlefield is one of the best preserved Civil War battlefields in the National Park System Antietam is ideal for a staff ride since a continuing goal of the National Park Service is to maintain the site in the condition in which it was on the day of the battle The purpose of any staff ride is to learn from the past by analyzing the battle through the eyes of the men who were there both leaders and rank and file soldiers Antietam offers many lessons in command and control communications intelligence weapons technology versus tactics and the ever present confusion or fog of battle We hope that these lessons will allow us to gain insights into decision making and the human condition during combat **Ride Guide** Dan Goldfischer,1989 **Scenic Ride Guide Book Motorcycle Trip Planner for the**
