El pasado como presente. 50 películas de género histórico José María Caparrós Lera, 2017-02-17 Las películas son un testimonio de la sociedad de ayer y de hoy Cuando evocan el pasado lo hacen desde el presente en el que fueron concebidas del mismo modo en que los espectadores vivimos en presente las películas que vemos sobre el pasado Además cuando retratan el presente al poco tiempo se transforman en pasado Por tanto una de las posibles maneras de entender el cine es verlo como un conjunto de documentos visuales que pueden transformarse en testimonios históricos Sin embargo la diversidad es grande las películas están producidas con intenciones muy diferentes y dirigidas a distintos sectores de público Desde el noticiario informativo y la película documental hasta el filme de pura ficción las obras que se dan cita en este libro se han transformado en el espejo de una época ya que evidencian cómo eran las personas que participaron en ellas y la sociedad en la que nacieron
