

The background of the book cover is a classical painting. It depicts two figures, likely Cupid and Psyche, in a tender embrace. The figure on the left has curly blonde hair and is looking towards the right. The figure on the right is seen from the back, with long dark hair. A pink ribbon flows from the top right corner across the figures. A golden, ornate box is visible behind the figures. The background is a clear blue sky.

Same Sex Debating The Ethics Science And Culture Of Homosexuality:

Same Sex John Corvino, 1999 *Same Sex* presents a comprehensive anthology on homosexuality exploring historical conceptions of homosexuality homosexual identity and a variety of public policy issues *Same Sex* John Corvino, 1999

Same Sex John Corvino, 1997 Debates and discussions on the controversial topic of homosexuality *The Moral Defense of Homosexuality* Chris Meyers, 2015-05-14 Chris Meyers takes the reader on a careful rational sustained criticism of arguments about the immorality of homosexuality Meyers refutes anti gay arguments by showing that they are based on unreasonable or demonstrably false ideas about the nature of morality Working through the morality arguments against homosexuality Meyers shows how the nature of morality demands impartial overriding reasons to act He argues that morality is not grounded in visceral feelings of disgust commands from the scriptures or mysterious Platonic essences In clear convincing discussion Meyers examines morality to promote the moral logic of granting rights to all people no matter their sexual orientation

Same-Sex Cultures and Sexualities Jennifer Robertson, 2008-04-15 This book demonstrates the centrality of sex gender and sexuality to theories of human behaviors and practices Moves beyond other lesbian and gay studies readers by presenting a broader view of the significance of studying same sex cultures and sexualities across cultures Offers readings from all four subfields of anthropology cultural biological linguistic and archaeological along with historical and applied anthropology Includes discussion of biotechnology and bioethics health and illness language ethnicity identity politics post colonialism kinship development and policymaking

Reader's Guide to Lesbian and Gay Studies Timothy Murphy, 2013-10-18 The Reader's Guide to Lesbian and Gay Studies surveys the field in some 470 entries on individuals Adrienne Rich arts and cultural studies Dance ethics religion and philosophical issues Monastic Traditions historical figures periods and ideas Germany between the World Wars language literature and communication British Drama law and politics Child Custody medicine and biological sciences Health and Illness and psychology social sciences and education Kinsey Report

Philosophy of Sex Alan Soble, 2002-05-28 Leading philosophers discuss a range of issues relating to sex in this revised and expanded version of Alan Soble's popular anthology of essays New material includes date rape and sexual harassment

Same Sex, Different Politics Gary Mucciaroni, 2009-05-15 Why is it so much harder for American same sex couples to get married than it is for them to adopt children And why does our military prevent gays from serving openly even though jurisdictions nationwide continue to render such discrimination illegal Illuminating the conditions that engender these contradictory policies *Same Sex Different Politics* explains why gay rights advocates have achieved dramatically different levels of success from one policy area to another The first book to compare results across a wide range of gay rights struggles this volume explores debates over laws governing military service homosexual conduct adoption marriage and partner recognition hate crimes and civil rights It reveals that in each area the gay rights movement's achievements depend both on Americans perceptions of its demands and on the political venue in which the conflict plays out Adoption policy for

example generally takes shape in a decentralized system of courts that enables couples to target sympathetic judges while fights for gay marriage generally culminate in legislation or ballot referenda against which it is easier to mount opposition Brilliantly synthesizing all the factors that contribute to each kind of outcome Same Sex Different Politics establishes a new framework for understanding the trajectory of a movement

Democratic Rights Corey Brettschneider, 2010-10-10 When the Supreme Court in 2003 struck down a Texas law prohibiting homosexual sodomy it cited the right to privacy based on the guarantee of substantive due process embodied by the Constitution But did the court act undemocratically by overriding the rights of the majority of voters in Texas Scholars often point to such cases as exposing a fundamental tension between the democratic principle of majority rule and the liberal concern to protect individual rights Democratic Rights challenges this view by showing that in fact democracy demands many of these rights Corey Brettschneider argues that ideal democracy is comprised of three core values political autonomy equality of interests and reciprocity with both procedural and substantive implications These values entitle citizens not only to procedural rights of participation e g electing representatives but also to substantive rights that a pure procedural democracy might not protect What are often seen as distinctly liberal substantive rights to privacy property and welfare can then be understood within what Brettschneider terms a value theory of democracy Drawing on the work of John Rawls and deliberative democrats such as Jürgen Habermas he demonstrates that such rights are essential components of rather than constraints on an ideal democracy Thus while defenders of the democratic ideal rightly seek the power of all to participate they should also demand the rights that are the substance of self government

The Philosophy of Ang Lee Robert Arp, Adam Barkman, James McRae, 2013-05-01 Ang Lee b 1954 has emerged as one of cinema's most versatile critically acclaimed and popular directors Known for his ability to transcend cultural and stylistic boundaries Lee has built a diverse oeuvre that includes films about culture clashes and globalization Eat Drink Man Woman 1994 and The Wedding Banquet 1993 a period drama Sense and Sensibility 1995 a martial arts epic Crouching Tiger Hidden Dragon 2000 a comic book action movie Hulk 2003 and an American western Brokeback Mountain 2005 The Philosophy of Ang Lee draws from both Eastern and Western philosophical traditions to examine the director's works The first section focuses on Taoist Confucian and Buddhist themes in his Chinese language films and the second examines Western philosophies in his English language films but the volume ultimately explores how Lee negotiates all of these traditions strategically selecting from each in order to creatively address key issues With interest in this filmmaker and his work increasing around the release of his 3 D magical adventure The Life of Pi 2012 The Philosophy of Ang Lee serves as a timely investigation of the groundbreaking auteur and the many complex philosophical themes that he explores through the medium of motion pictures
