Bible Myths, and Their Parallels in Other Religions Thomas William Doane, 1883

Josephus's Interpretation of the Bible Louis H. Feldman, 1999-01-18 Josephus A D 37 100 a pro Roman Jew closely associated with the emperor Titus is the earliest systematic commentator on the Bible as well as one of the foremost historians of the beginning of the Christian era Politically Josephus was pro Roman and although he had no sympathy for extreme Jewish nationalism he was a zealous defender of Jewish religion and culture Louis H Feldman examines the principles that guided Josephus in his understanding of the Bible investigating his creative contribution in the rewriting of biblical accounts This comprehensive study evaluates Josephus as a historian and demonstrates the originality and consistency of his work as an author The first part of Feldman's work attempts to understand Josephus's purposes and techniques in retelling the Bible The second part reviews Josephus's treatment of twelve key biblical figures In addition to its reevaluation of an important early historian this unique compendium provides a mine of information on the reassessment of the most important biblical figures

Bible Myths and Their Parallels in Other Religions Thomas William Doane, 2007-03-01 American author THOMAS WILLIAM DOANE 1852 1885 is considered one of the most significant contributors to the Freethought movement which held the view that belief should be based on the epistemology of scientific and logical laws rather than on faith In support of this philosophy Doane undertook extensive research delving into the parallels between Christianity and preexisting religions from around the world ultimately meaning to show the difference between eternal truths both spiritual and scientific and fable Here in a work first published in 1882 he takes a methodical stroll through each of the most popular Biblical myths from both the Old and New Testaments including the Flood the Exodus Samson the Star of Bethlehem baptism and the temptation of Christ By providing copious evidence of the preexistence of the morals and indeed associated details of each as well as thorough bibliographic information the fruit of

Doane's labor is a fascinating survey of world religions and a compelling critique of the originality of Christian dogma

World War I and the Foundations of American Intelligence Mark Stout, 2023-11-16 Ask an American intelligence officer to tell you when the country started doing modern intelligence and you will probably hear something about the Office of Strategic Services in World War II or the National Security Act of 1947 and the formation of the Central Intelligence Agency. What you almost certainly will not hear is anything about World War I. In *World War I and the Foundations of American Intelligence*, Mark Stout establishes that in fact World War I led to the realization that intelligence was indispensable in both wartime and peacetime. After a lengthy gestation that started in the late nineteenth century, modern American intelligence emerged during World War I, laying the foundations for the establishment of a self-conscious profession of intelligence. Virtually everything that followed was maturation, reorganization, reinvigoration, or reinvention. World War I ushered in a period of rapid changes. Never again would the War Department be without an intelligence component. Never again would a senior American commander lead a force to war without intelligence personnel on their staff. Never again would the United States government be without a signals intelligence agency or aerial reconnaissance capability. Stout examines the breadth of American intelligence in the war, not just in France, not just at home, but around the world and across the army, navy, and State Department, and demonstrates how these far-flung efforts endured after the Armistice in 1918. For the first time, there came to be a group of intelligence practitioners who viewed themselves as different from other soldiers, sailors, and diplomats. Upon entering World War II, the United States had a solid foundation from which to expand to meet the needs of another global hot war and the Cold War that followed.
