Sans Giac Certification Security Essentials Toolkit Gsec:

SANS GIAC Certification Eric Cole, Mathew Newfield, John M. Millican, 2002 Master the tools of the network security trade with the official book from SANS Press You need more than a hammer to build a house and you need more than one tool to secure your network Security Essentials Toolkit covers the critical tools that you need to secure your site showing you why when and how to use them Based on the SANS Institute's renowned Global Information Assurance Certification GIAC program this book takes a workbook style approach that gives you hands on experience and teaches you how to install configure and run the best security tools of the trade

SANS GIAC Certification Eric Cole, Mathew Newfield, John M. Millican, 2002 Master the tools of the network security trade with the official book from SANS Press You need more than a hammer to build a house and you need more than one tool to secure your network Security Essentials Toolkit covers the critical tools that you need to secure your site showing you why when and how to use them Based on the SANS Institute's renowned Global Information Assurance Certification GIAC program this book takes a workbook style approach that gives you hands on experience and teaches you how to install configure and run the best security tools of the trade

Security+ Training Guide Todd King, 2003 The Security certification is CompTIA's response to membership requests to develop a foundation level certification for security workers The IT industry is in agreement that there is a need to better train staff and empower those tasked with designing and implementing information security and Security is an effort to meet this demand The exam is under consideration by Microsoft as the baseline security certification for Microsoft's new security certification initiative The Security Training Guide is a comprehensive resource for those preparing to take this exam covering everything in a format that maps to the exam objectives The book has been subjected to a rigorous technical review ensuring content is superior in both coverage and technical accuracy The accompanying CD features PrepLogic™ Practice Tests Preview Edition This product includes one complete PrepLogic Practice Test with approximately the same number of questions found on the actual vendor exam Each question contains full detailed explanations of the correct and incorrect answers The engine offers two study modes Practice Test and Flash Review full exam customization and a detailed score report

Computer Security John S. Potts, 2002 We live in a wired society with computers containing and passing around vital information on both personal and public matters Keeping this data safe is of paramount concern to all Yet not a day seems able to pass without some new threat to our computers Unfortunately the march of technology has given us the benefits of computers and electronic tools while also opening us to unforeseen dangers Identity theft electronic spying and the like are now standard worries In the effort to defend both personal privacy and crucial databases computer security has become a key industry A vast array of companies devoted to defending computers from hackers and viruses have cropped up Research and academic institutions devote a considerable amount of time and effort to the study of information systems and computer security Anyone with access to a computer needs to be aware of the developing trends and growth of computer security To that end

this book presents a comprehensive and carefully selected bibliography of the literature most relevant to understanding computer security Following the bibliography section continued access is provided via author title and subject indexes With such a format this book serves as an important guide and reference tool in the defence of our computerised culture

CISSP Training Guide Roberta Bragg,2003 The CISSP Certified Information Systems Security Professionals exam is a six hour monitored paper based exam covering 10 domains of information system security knowledge each representing a specific area of expertise This book maps the exam objectives and offers numerous features such as exam tips case studies and practice exams *Wiley Pathways Network Security Fundamentals* Eric Cole,Ronald L.
