Santa Ana Ca Postcard History:

Santa Ana in Vintage Postcards Guy Ball, 2001 Santa Ana began as the dream of early pioneers in the 1800s when the dry desolate area was little more than windswept fields of wild mustard grass Santa Ana celebrates this area's pioneer heritage and the people who created it and chronicles the development of this city with fascinating vintage postcards Santa Ana was one of the earliest incorporated cities and became the county seat in 1889 Wealthy businessmen successful political leaders and even an occasional maharajah chose Santa Ana as their home Today Orange County is one of the most dynamic counties in California

Early Santa Ana Marge Bitetti, Guy Ball, 2006 Located at the heart of Orange County Santa Ana has been the civic and community center as the OC grew and prospered Thirty three miles from Los Angeles and 12 miles from the Pacific Ocean the city was founded by William Spurgeon who in 1867 purchased just over 74 acres of what was once the Yorba family's Rancho Santiago de Santa Ana to start a new community This book revisits those formative years that left a rich history in architecture and culture laying the foundation for today's 350 000 city residents Santa Ana boasts two historic districts and 20 buildings on the National Register of Historic Places Growing with the ranching and citrus industries as well as the transportation routes they spawned the city also contains 400 locations of historic significance on its own citywide historic register

Palm Springs in Vintage Postcards Judy Artunian, Mike Oldham, 2005 Palm Springs has been a desert vacation oasis for nearly a century and remains the ultimate posh desert spa in pop culture Film stars put Palm Springs on the map as a destination for weekend getaways In the postwar era it became a centerpiece for golfers and a second home for such Hollywood icons as Bob Hope and Bing Crosby Over the years postcards portraying Palm Springs have concentrated on its hotels spas golf courses celebrities and other aspects that have fed the national reputation of the city and its environs as a playground for the rich and famous

Orange County, 2005 The formerly wide open space southeast of Los Angeles blossomed from cattle ranches into a center of citrus production by the early 20th century Orange County separated from Los Angeles County in 1889 soon Anaheim and Santa Ana changed from farming communities to major cities while coastal communities grew beyond anyone's imagination One of the most populous counties in the United States today Orange County began in the mid 20th century to evolve from its bedroom community status to become an urban suburban region with its own identity This collection of vintage postcards follows the county's diverse development illustrating such spots as Disneyland and the area's world renowned beaches as well as remembering the pastoral origins industries unique buildings and cityscapes that have added dimension to its history

Postcards from the Baja California Border Daniel D. Arreola, 2021-10-05 Postcards have a magical pull They allow us to see the past through charming relics that allow us to travel back in time Daniel D Arreola's Postcards from the Baja California Border offers a window into the historical and geographical past of storied Mexican

border communities Once popular tourist destinations from the 1900s through the 1950s the border communities explored in Postcards from the Baja California Border used to be filled with revelers cabarets curio shops and more The postcards in this book show the bright and dynamic past of California's borderlands while diving deep into the historic and geographic significance of the imagery found on the postcards This form of place study calls attention to how we can see a past through a serial view of places by the nature of repetition and the photographing of the same place over and over again Arreola draws our focus to townscapes or built landscapes of four border towns Tijuana Mexicali Tecate and Algodones during the first half of the twentieth century With an emphasis on the tourist's view of these places this book creates a vivid picture of what life was like for tourists and residents of these towns in the early and mid twentieth century Postcards from the Baja California Border is a rich and fascinating experience one that takes you on a time travel journey through border town histories and geographies while celebrating the visual intrigue of postcards

A Dictionary of the Art and Artists of Nineteenth Century Fresno, California Ralph J. Gorny, 2006

Octopus's Garden Benjamin T. Jenkins, 2023-07-10 As Southern California recovered from the collapse of the cattle industry in the 1860s the arrival of railroads attacked by newspapers as the greedy octopus and the expansion of citrus agriculture transformed the struggling region into a vast idealized and prosperous garden New groves of the latest citrus varieties and new towns like Riverside quickly grew directly along the tracks of transcontinental railroads The influx of capital industrial technology and workers especially people of color energized Southern California and tied it more closely to the economy and culture of the United States than ever before Benjamin Jenkins's *Octopus's Garden* argues that citrus agriculture and railroads together shaped the economy landscape labor systems and popular image of Southern California Orange and lemon growing boomed in the 1870s and 1880s while railroads linked the region to markets across North America and ended centuries of geographic isolation for the West Coast Railroads competed over the shipment of citrus fruits from multiple counties engulfed by the orange empire resulting in an extensive rail network that generated lucrative returns for grove owners and railroad businessmen in Southern California from the 1890s to the 1950s While investment from white Americans particularly wealthy New Englanders formed the financial backbone of the *Octopus's Garden* citrus and railroads would not have thrived in Southern California without the labor of people of color Many workers of color took advantage of the commercial developments offered by railroads and citrus to economically advance their families and communities however these people also suffered greatly under the constant realities of bodily harm low wages and political and social exclusion Promoters of the railroads and citrus cooperatives touted California as paradise for white Americans and minimized the roles of non white laborers by stereotyping them in advertisements and publications These practices fostered conceptions of California's racial hierarchy by praising privileged whites and maligning the workers who made them prosper The *Octopus's Garden* continues to shape Southern Californians' understanding of their past In bringing together multiple storylines Jenkins provides a complex and fresh perspective on the

impact of citrus agriculturalists and railroad companies in Southern Californian history The History of the U.S. Army Medical Service Corps Richard V. N. Ginn, 1997 **An Ordered Love** Louis J. Kern, 1981 An Ordered Love is the first detailed study of sex roles in the utopian communities that proposed alternatives to monogamous marriage The Shakers 1779 1890 the Mormons 1843 90 and the Oneida Community 1848 79 The lives of men and women
