Santa Barbara Jarrell C. Jackman, 1988-01-01 **Santa Barbara's Royal Presidio** Jarrell Jackman, 2023-01-30 Unique in California history and beloved by visitors and residents alike the city of Santa Barbara boasts three great historical properties the Mission the Courthouse and the Presidio Least known is the Presidio This book fills this vacuum beginning with the story of its adobe construction between 1784 and 1790 This itself was preceded by the construction of three other Spanish forts Monterey 1770 San Diego 1773 and San Francisco 1776 All four Presidios helped secure the Spanish settlement of Alta or Upper California as the mixed racial soldiers and their families became the first Spanish settlers of the region The Santa Barbara Presidio was the last Spanish fort founded and built not only in California but in all of Spanish North America an area that in its day covered much of the southern portion of the modern United States from Florida to California This book celebrates the Santa Barbara Presidio's place in not only American history but also that of Spain and honors the community that came together to ensure its preservation and faithful reconstruction **Material Dreams** Kevin Starr, 1990 In *Material Dreams* Starr turns to one of the most vibrant decades in the Golden State's history the 1920s when some two million Americans migrated to California the vast majority settling in or around Los Angeles Although he treats readers to intriguing side trips to Santa Barbara and Pasadena Starr focuses here mainly on Los Angeles revealing how this major city arose almost defiantly on a site lacking many of the advantages required for urban development creating itself out of sheer will the Great Gatsby of American cities He describes how William Ellsworth Smyth the Peter the Hermit of the Irrigation Crusade propounded the importance of water in Southern California's future and how such figures as the self-educated Irish engineer William Mulholland who built the main aqueducts to Los Angeles and George Chaffey who diverted the Colorado River transforming desert into the lush Imperial Valley brought life supporting water to the arid South He examines the discovery of oil Yes it's oil oil oil that makes LA boil went the official drinking song of the Uplifters Club the boosters and land developers the evangelists such as Bob Shuler the Methodist Savanarola of Los Angeles and Aimee Semple McPherson and countless other colorful figures of the period There are also fascinating sections on the city's architecture such as the remarkably innovative Bradbury Building and its eccentric neophyte designer George Wyman the impact of the automobile on city planning the great antiquarian book collections the Hollywood film community and much more By the end of the decade Los Angeles had tripled in population and become the fifth largest city in the nation In *Material Dreams* Kevin Starr captures this explosive growth in a narrative tour de force that combines wide ranging scholarship with captivating prose *Historic Santa Barbara* Neal Graffy, 2010 *Directory of Historic House Museums in the United States* Patricia Chambers Walker, Thomas Graham, 2000 The first comprehensive guide to America's historic house museums this directory moves beyond merely listing institutions to providing information about interpretive themes historical and architectural significance collections and cultural and social importance along with programming events and facility information Useful
