Ayooob,1987-01-01 *Security Governance in East Africa* Kennedy Agade Mkutu,2017-12-15 This collection of cases from East Africa contributed largely by locally based authors explores the increasing security governance phenomenon in the region that is the mix of state and non state actors including private entities volunteer auxiliaries homegrown vigilantes and gangs and the relationship between police and communities Local dynamics brought by globalization liberalization the new scramble for resource wealth inequality and international terrorism are observed in detail superimposed upon the well known development challenges ethno-political divides and patterns of government and security provision which continue to reflect their colonial past This book raises both practical and theoretical ethical dilemmas of the increasing fragmentation of security functions within Uganda Kenya South Sudan mainland Tanzania and Zanzibar It is a vital contribution to the non state plural policing debates and is of both local and global relevance **Women & Guns** ,2003 **Quick Kills** Lynn Lurie,2014-09-22 Our first excursion was to the Bronx Zoo The Photographer wanted to shoot me holding a python The snakemaster wrapped the thickest blackest one around my shoulders An employee of the zoo offered to take a picture of the python and me with the Photographer referring to me as the Photographer s daughter At that moment the snake picked up its head and began to slither towards my face I did not scream I pleaded with the snakemaster to take the python off me After the snake was in its tank I washed my hands with a special soap One wash was not enough He let me wash as many times as I wanted There is fear in my eyes I see the fear clearly even in the blurred snapshot The adults waiting in line with their children must have seen it too Fear like I have seen in my sister s eyes Quick Kills chronicles the desperate longing to belong as well as the effect of neglect familial absence and the nature of secrets The young female narrator is seduced by an older man who convinces her that she is the perfect subject for his photographs Meanwhile the narrator s sister embarks on an equally precarious journey Never clearly delineating the border between art and pornography the narrator s escalating disquiet is evidence that lines have been crossed Lynn Lurie is an attorney with an MA in International Affairs and a MFA in writing Quick Kills is her second novel **The Police Chief** ,1992-07 *365 Guns You Must Shoot* T J Mullin,2015-07-07 The closest you can come to 365 of the most iconic guns in the world without actually shooting them This fully illustrated collection of the 365 most iconic guns in world history that collectors enthusiasts and serious minded hobbyists would love to shoot if given the chance is unique complete and spellbinding T J Mullin a prolific and well regarded gun writer and expert on all types of guns profiles top handguns and rifles some common and some unique and contextualizes them with period and modern photographs situates them in proper

The Politics of Gun Control Robert J. Spitzer, 2020-10-13 The new edition of this classic text covers the latest developments in American gun policy including the most recent shooting incidents that persist in plaguing the American landscape Continuing a multi-decade trend crime generally remains low throughout the US but mass shootings have increased in both number and lethality stoking greater support for gun laws among the public Two seismic political events are highlighted in the eighth edition The first is the ascendance of the gun safety movement culminating in numerous electoral victories for gun law supporters in 2018 congressional and state races around the country This outcome which contributed to the Democrats capture of the House of Representatives for the first time since 2008 also demonstrates that support for stronger gun laws could be a winning issue for proponents in 2020 and beyond The second political development featured is the financial political and legal crises that beset the nation's oldest and most powerful gun group the National Rifle Association These crises are sufficiently grave that they may pose an existential threat to the organization's traditional dominance in the realm of gun politics Author Robert J Spitzer has long been a recognized authority on gun control and gun policy His even handed treatment of the issue as both a member of the NRA and the Brady Center continues to compel national and international interest including appearances on major media such as the PBS NewsHour The eighth edition of The Politics of Gun Control provides the reader with up to date data and coverage of gun ownership gun deaths school shootings border patrols and new topics including universal background checks limits on large capacity ammunition magazines and red flag laws New to the Eighth Edition Covers the ascendance of the Second Amendment sanctuary and gun safety movements resulting from heinous shootings in Las Vegas and Parkland Florida Tracks the financial political and legal crises that threaten the dominance of the National Rifle Association Examines new policy measures including universal background checks limits on large capacity ammunition magazines the bump stock controversy and red flag laws among others
