The Semiotic Sphere Thomas A. Sebeok, Jean

Umiker-Sebeok, 2012-12-06 Although semiotics has in one guise or another flourished uninterruptedly since pre Socratic times in the West and important semiotic themes have emerged and developed independently in both the Brahmanic and Buddhist traditions semiotics as an organized undertaking began to bloom only in the 1960s Workshops materialized with a perhaps surprising spontaneity over much of Europe Eastern and Western and in North America Thereafter others quickly surfaced almost everywhere over the literate globe Different places strategically allied themselves with different legacies but all had a common thrust to aim at a general theory of signs by way of a description of different sign systems their comparative analysis and their classification More or less permanent confederations were forged with the most diverse academic disciplines and amazingly varied frameworks were devised suited to the needs of the times and the sites to carry the work of consolidation forward Bit by bit mutually supportive international networks were put together Today it can truly be asserted that semiotics has become a global enterprise This of course is far from saying that the map is uniform or even that world wide homogeneity is in the least desirable While our conjoint ultimate goal remains steadily in focus the multiplicity of avenues available for its realization is inherent in the adventure of the search itself Handbook of Russian

Literature as Communication and Cognition in Bakhtin and Lotman Allan Reid, 2016-08-19 This title first published in 1990 argues for the existence of a significant connection between the theories of literature and culture of Mikhail Mikhailovich Bakhtin 1895 1975 and Iurii Mikhailovich Lotman 1922 1993 There is general agreement in the academic or scholarly community that there is such a connection however it is generally held to refer to Bakhtin s influence on Lotman which he expressed late in his life The major aim of this study meanwhile is to demonstrate that the critical theories of Lotman and Bakhtin are highly compatible independent of and prior to any direct influence This title will be of interest to students of literature and literary theory
