Seneca Iii Moral Essays Iii Loeb Classics:

Baumgarten's Philosophical Ethics Alexander Gottlieb Baumgarten, 2023-12-14 Alexander Baumgarten's *Ethica Philosophica* 1740 served as a chief textbook of philosophical instruction in German universities for several decades and was used by Immanuel Kant for his lectures on moral philosophy between 1759 and 1794. Now translated into English for the first time, John Hymers explores the extent of Baumgarten's influence on the development of German philosophy. Accompanied by an introduction to Baumgarten and his work, this translation features an explanation of the main themes of the *Ethica Philosophica*, touching upon its relation to Christian Wolff and G. F. Meier's practical philosophy but focusing especially on its role in Kant's lectures. First-time translations of elucidatory passages from the writings of Meier, Wolff, and Heinrich Kehler appear together with the relevant transcriptions of Kant's lectures on ethics. Based on a thorough knowledge of the original text, Hymers' clear translation and supporting material makes it possible to distinguish Kant's own remarks and insights from his attempts to expound and summarize Baumgarten's ideas. This is a much-needed contribution for anyone working in the history of modern philosophy.

Paul's Emotional Regime Ian Y. S. Jew, 2020-10-15 In his letters, Paul speaks often of his emotions and also promotes certain feelings while banishing others. This indicates that for Paul, emotion is vital. However, in New Testament studies, the study of emotions is still nascent. Current research in the social sciences highlights its cognitive and social dimensions. Ian Y. S. Jew combines rigorous social scientific analysis and exegetical enquiry to argue that emotions are intrinsic to the formation of the Pauline communities as they encode belief structures and influence patterns of social experience. By taking joy in Philippians and grief in 1 Thessalonians as representative emotions and contrasting Paul's approach with that of his Stoic contemporaries, Jew demonstrates that authorized feelings have socially integrating and differentiating functions by reinforcing the shared theological realities upon which emotional norms are based. Group belonging is bolstered. Simultaneously, authorized emotions fortify the theological boundaries between Christians and others, which strengthens group solidarity in the Church by accentuating its members' insider status. Using this framework, Jew explores how the interplay of symbolic ritual and social elements within Paul's eschatological worldview reinforces emotional norms and demonstrates that attention to emotion can only deepen our understanding of the social formation of the early believers.

Many Convincing Proofs Stephen S. Liggins, 2016-03-21 While there have been various studies examining the contents of the evangelistic proclamation in Acts and various studies examining from one angle or another individual persuasive phenomena described in Acts (e.g., the use of the Jewish Scriptures), no individual studies have sought to identify the key persuasive phenomena presented by Luke in this book or to analyse their impact upon the book's early audiences. This study identifies four key phenomena: the Jewish Scriptures, witnessed supernatural events, the Christian community, and Greco-Roman cultural interaction. By employing a textual analysis of Acts that takes into account both narrative and socio-historical contexts, the impact of these phenomena upon the early audiences of Acts—that is, those people

who heard or read the narrative in the first decades after its completion is determined The investigation offers some unique and nuanced insights into evangelistic proclamation in Acts persuasion in Acts persuasion in the ancient world each of the persuasive phenomena discussed evangelistic mission in the early Christian church and the growth of the early Christian church

The Hermeneutics of the Subject NA NA,2016-09-27 The Hermeneutics of the Subject is the third volume in the collection of Michel Foucault's lectures at the Collège de France one of the world's most prestigious institutions Faculty at the Collège give public lectures in which they present works in progress on any subject of their choosing Foucault's wide ranging lectures influenced his groundbreaking works like The History of Sexuality and Discipline and Punish In the lectures comprising this volume Foucault focuses on how the self and the care of the self were conceived during the period of antiquity beginning with Socrates The problems of the ethical formation of the self Foucault argues form the background for our own questions about subjectivity and remain at the center of contemporary moral thought This series of lectures throws new light on Foucault's final works and shows the full depth of his engagement with ancient thought Lucid and provocative The Hermeneutics of the Subject reveals Foucault at the height of his powers

Reclaiming Divine Wrath Stephen Butler Murray,2011-09-02 Following the 9/11 terrorist attacks in the United States there was prolific misuse and abuse of the concept of divine wrath in church pulpits In pursuit of a faithful understanding of what he calls a lost doctrine the author of this study investigates the substantial history of how the wrath of God has been interpreted in Christian theology and preaching Starting with the Hebrew and Christian Scriptures and moving historically through Christianity's most important theologians and societal changes several models of divine wrath are identified The author argues for the reclamation of a theological paradigm of divine wrath that approaches God's love and God's wrath as intrinsically enjoined in a dynamic tension Without such a commitment to this paradigm this important biblical aspect of God is in danger of suffering two possible outcomes Firstly it may suffer rejection through conscious avoidance of the narrow misinterpretations of divine wrath that dominate contemporary theology and preaching Secondly irresponsible applications of divine wrath may occur when we neglect to engage and understand the wrath of God as inseparable from God's justice and love in Christian theology and proclamation

Sejanus John S McHugh,2020-04-06 The figure of Sejanus has fascinated from ancient to more modern times Sejanus the emperor Tiberius infamous Praetorian Prefect is synonymous with overreaching ambition murder conspiracy and betrayal According to the traditional storyline this man craved the imperial throne for himself and sought it by isolating the naive emperor in his island pleasure palace on Capri whilst using his control over the Praetorian Guard coupled with his immense power and influence in Rome to purge the capital of potential opponents His victims supposedly included the emperor's son Drusus poisoned by his own wife who had been seduced by Sejanus The emperor forewarned of Sejanus ambition struck first The Prefect was arrested in the Senate strangled and his corpse cast down the Gemonian Stairs Study of Sejanus has generally been overshadowed by focus on Tiberius John McHugh makes a fresh appraisal of the sources

to offer the first full length study in English to focus on this highly influential figure and his development of the Praetorian Prefecture **Eratosthenes and the Measurement of the Earth's Circumference (c.230 BC)** Christopher A.

Matthew,2023-06-05 Eratosthenes and the Measurement of the Earth's Circumference c 230 BC is an innovative and thought provoking examination of one of the pivotal moments in the history of science This text analyses a debate that has been going on for more than 2 300 years over the accuracy of Eratosthenes experiment and calculations and puts to rest all prior theories that have come before This work engages with this long running debate by applying innovative and multi disciplinary methods such as linguistic analysis mathematical modelling satellite mapping archaeological investigation and historical examination that creates the first ever combined exploration of this important event in the history of astronomy

The Banishment of Beverland Karen Eline Hollewand,2019-03-19 In 1679 Hadriaan Beverland 1650 1716 was banished from the province of Holland Why was this humanist scholar exiled from one of the most tolerant parts of Europe in the seventeenth century To answer this question this book places Beverland's writings on sex sin and scholarship in their historical context for the first time Beverland argued that sexual lust was the original sin and highlighted the importance of sex in human nature ancient history and his own society His audacious works hit a raw nerve Dutch theologians accused him of atheism he was abandoned by his humanist colleagues and he was banished by the University of Leiden By positioning Beverland's extraordinary scholarship in the context of the seventeenth century Dutch Republic this book examines how his radical studies challenged the intellectual ecclesiastical and political elite providing a fresh perspective upon the Dutch Republic in the last decades of its Golden Age Temple of the Living God Philip N. Richardson,2018-12-21

When writing to the Corinthians the Apostle Paul used figurative temple language repeatedly to shape the identity of his audience Temple of God Temple of the Holy Spirit and Temple of the Living God While other scholars have identified the place of the Jerusalem temple in Paul's thinking or the impact of temples in the life of Corinth there has been no comprehensive study of the way that figurative temple language in philosophy could have influenced the Corinthians worldview Hellenistic philosophy was pervasive in the first century and provided theological guidance for faith and practice to Paul's Gentile audience before their conversion Philip N Richardson provides a comprehensive survey of figurative temple language in Hellenistic philosophy shedding light on the way that the kinds of philosophical thought known in cities like Corinth may have influenced the Corinthians to think about figurative temple language This study throws into sharp relief the similarities and differences between Paul's use of temple language and that of philosophy and illuminates Paul's setting of this language in the wider framework of 1 2 Corinthians and his purpose for its use in the argument of the letters *Incest, Drama and Nature's Law, 1550-1700* Richard A. McCabe,2008-10-30 This is a full length study of incest in English Renaissance and Restoration drama Richard McCabe's comprehensive survey offers a literary history of this theme informed by an investigation of the intellectual background with particular emphasis on changing concepts of natural law and consequent reassessments of

classical tradition It examines a wide range of theological philosophical legal and literary sources in the context of modern psychological and sociological theories of family development Extensive comparisons with classical models and contemporary European dramatists from Tasso to Corneille and Racine explore the volatile association between dramatic form and emotional content structural experiment and sexual ambivalence The centrality of the family to all human relationships and the mutual reflection of familial politics and the patriarchal state make incest a powerful metaphor for the ambivalence of all concepts of natural authority and for various forms of social and political revolt
