A Sense of Place Michael Shapiro, 2004 In *A Sense of Place* journalist travel writer Michael Shapiro goes on a pilgrimage to visit the world's great travel writers on their home turf to get their views on their careers the writer's craft and most importantly why they chose to live where they do and what that place means to them The book chronicles a young writer's conversations with his heroes writers he's read for years who inspired him both to pack his bags to travel and to pick up a pen and write Michael skillfully coaxes a collective portrait through his interviews allowing the authors to speak intimately about the writer's life and how place influences their work and perceptions In each chapter Michael sets the scene by describing the writer's surroundings placing the reader squarely in the locale whether it be Simon Winchester's Massachusetts Redmond O Hanlon's London or Frances Mayes's Tuscany He then lets the writer speak about life and the world and through quiet probing draws out fascinating commentary from these remarkable people For Michael it's a dream come true to meet his mentors for readers it's an engaging window onto the twin landscapes of great travel writers and the world in which they live

Prague and the Czech Republic David Farley, Jessie Sholl, 2006 Featuring essays by Myla Goldberg Helen Epstein Jan Morris and Francine Prose *Travelers Tales Prague* collects over 20 stories from the city that inspired compositions from Mozart and novels from Kafka The pieces in this book are both a charming enticement for prospective travelers and a welcome companion for those already there *The Cambridge Introduction to Travel Writing* Tim Youngs, 2013-05-27 Critics have long struggled to find a suitable category for travelogues From its ancient origins to the present day the travel narrative has borrowed elements from various genres from epic poetry to literary reportage in order to evoke distant cultures and exotic locales and sometimes those closer to hand Tim Youngs argues in this lucid and detailed Introduction that travel writing redefines the myriad genres it comprises and is best understood on its own terms To this end Youngs surveys some of the most celebrated travel literature from the medieval period until the present exploring themes such as the quest motif the traveler's inner journey postcolonial travel and issues of gender and sexuality The text culminates in a chapter on twenty-first century travel writing and offers predictions about future trends in the genre making this Introduction an ideal guide for today's students teachers and travel writing enthusiasts *You Should Really Write a Book* Regina Brooks, Brenda Lane Richardson, 2024-06-04 This is a terrific guide that clearly explains how to take your own story and turn it into a book that readers can't put down Julie Silver MD Chief Editor of Books at Harvard Health Publications If you've ever been told that You should really write a book and you've decided to give it a try this book is for you It hones in on the three key measures
