Mental Magic Thomas Welton, 1884 Much of the text deals with the treatment of various illnesses and diseases through the application of mesmerism though there are attempts to utilize spiritual access for empirical purposes The author's intention is to teach readers how to induce a mesmeric state as opposed to explaining the science behind it A number of case studies are provided in which health is attained through the practices described including incidents of sleep induction cure of ulcers rickets colds tooth and earaches the author does advise however that until the reader is more thoroughly acquainted with the science and application of mesmerism not to attempt to cure epilepsy or skin diseases Welton was a surgical instrument maker and spiritualist and along with his wife Sarah claimed to have invented the planchette a fore runner of the Ouija board which is described herein The book was edited by Robert H Fryar a publisher of occult works Fryar includes some of his own material in an appendix as well as a chapter on magical mirrors entitled Treatise on mental magic or an historical and practical treatise on fascination translated from the work of the noted French spiritualist Louis Alphonse Cahagnet Antiquarian bookseller's description

Picture World Rachel Teukolsky, 2020-08-16 The modern media world came into being in the nineteenth century when machines were harnessed to produce texts and images in unprecedented numbers In the visual realm new industrial techniques generated a deluge of affordable pictorial items mass printed photographs posters cartoons and illustrations These alluring objects of the Victorian parlor were miniaturized spectacles that served as portals onto phantasmagoric versions of the world Although new kinds of pictures transformed everyday life these ephemeral items have received remarkably little scholarly attention Picture World shines a welcome new light onto these critically neglected yet fascinating visual objects They serve as entryways into the nineteenth century's key aesthetic concepts Each chapter pairs a new type of picture with a foundational keyword in Victorian aesthetics a familiar term reconceived through the lens of new media Character appears differently when considered with caricature in the new comics and cartoons appearing in the mass press in the 1830s likewise the book approaches realism through pictorial journalism illustration via illustrated Bibles sensation through carte de visite portrait photographs the picturesque by way of stereoscopic views and decadence through advertising posters Picture World studies the aesthetic effects of the nineteenth century's media revolution it uses the relics of a previous era's cultural life to interrogate the Victorian world's most deeply held values arriving at insights still relevant in our own media age [The Esoteric](#) , 1897 **The Social**
