Frase, 2013 This title presents a fully developed punishment theory which incorporates both utilitarian and retributive sentencing purposes The author describes and defends a hybrid sentencing model that integrates theory and practice blending and balancing both the competing principles of retribution and rehabilitation and the procedural concern of weighing rules against discretion Principled Sentencing Andrew Von Hirsch, Andrew Ashworth, 1992 **Sentencing Fragments** Michael H. Tonry, 2016 Cover Contents Preface Acknowledgments 1 Sentencing Matters 2 Sentencing Fragments 3 Federal Sentencing 4 Sentencing Theories 5 Sentencing Principles 6 Sentencing Futures References Index *Sentencing and Society* Cyrus Tata, Neil Hutton, 2017-03-02 Combining the latest work of leading sentencing and punishment scholars from twelve different countries this major new international volume answers key questions in the study of sentencing and society It presents not only a rigorous examination

of the latest legal and empirical research from around the world but also reveals the workings of sentencing within society and as a social practice. Traditionally work in the field of sentencing has been dominated by legal and philosophical approaches. Distinctively this volume provides a more sociological approach to sentencing so allowing previously unanswered questions to be addressed and new questions to be opened. This extensive collection is drawn from around one third of the papers presented at the First International Conference on Sentencing and Society. Almost without exception the chapters have been revised, cross referenced and updated. The overall themes and findings of the international volume are set out by the opening Introduction and the closing Reflections chapters. Research findings on particular penal policy questions are balanced with an analysis of fundamental conceptual issues making this international volume essential reading for sentencing and punishment scholars, criminal justice policy makers and graduate students.

Predictive Sentencing Jan W de Keijser, Julian V Roberts, Jesper Ryberg, 2019-05-16

Predictive Sentencing addresses the role of risk assessment in contemporary sentencing practices. Predictive sentencing has become so deeply ingrained in Western criminal justice decision making that despite early ethical discussions about selective incapacitation it currently attracts little critique. Nor has it been subjected to a thorough normative and empirical scrutiny. This is problematic since much current policy and practice concerning risk predictions is inconsistent with mainstream theories of punishment. Moreover predictive sentencing exacerbates discrimination and disparity in sentencing. Although structured risk assessments may have replaced gut feelings and have now been systematically implemented in Western justice systems the fundamental issues and questions that surround the use of risk assessment instruments at sentencing remain unresolved. This volume critically evaluates these issues and will be of great interest to scholars of criminal justice and criminology.

Sentencing Multiple Crimes Jesper Ryberg, Julian V. Roberts, Jan Willem de Keijser, 2018

Sentencing Multiple Crimes confronts the practical and theoretical challenges for the criminal justice system when punishing multiple crime offenders including the proportionality of the crimes committed, the temporal span between the crimes and the relationship between theories about the punitive treatment of recidivists and multiple offenders. It provides a comprehensive examination of the dynamics involved with sentencing multiple offenders.

from the perspective of several legal theories Changing Attitudes to Punishment Julian V. Roberts, J. M. Hough, 2002 Throughout the Western world public opinion plays an important role in shaping criminal justice policy At the same time opinion polls demonstrate that the public knows little about crime or justice This title addresses the problem by drawing upon research from a number of different countries **Sentencing and Artificial Intelligence** Jesper Ryberg, Julian V. Roberts, 2022 This book is the first collective work devoted exclusively to the ethical and penal theoretical considerations of the use of artificial intelligence at sentencing Jesper Ryberg and Julian V Roberts bring together leading experts in the field to investigate to what extent and under which conditions justice and the social good may be promoted by allocating parts of the most important task of the criminal court that of determining legal punishment to computerized sentencing algorithms

The Social Contexts of Criminal Sentencing Martha A. Myers, Susette M. Talarico, 2012-12-06 Historically the announcement and invocation of criminal penalties were public spectacles Today fear of crime and disaffection with the criminal justice system guarantee that this public fascination with punishment continues In the past decade virtually every legislature in the country has undertaken sentencing reform in the hope that public concern with crime would be allayed and disparities in criminal sentences would be reduced if not eliminated Scholars have intensified their longstanding preoccupation with discrimination and the sources of disparate treatment during sentencing issues that continue to fuel contemporary reform efforts As documented in Chapter 1 empirical research on sentencing has concentrated much of its attention on the offender Only recently have attempts been made to imbed sentencing in its broader organizational and social contexts Our study extends these attempts by quantitatively analyzing the relationship between the offender and the social contexts in which he or she is sentenced We use data on felony sentencing in Georgia between 1976 and 1985 to ask three questions The first addresses an issue of perennial concern during sentencing how important are offender attributes both those of explicit legal relevance and traits whose legal relevance is questionable or nonexistent The second question directs attention to the social contexts of sentencing and asks whether they directly affect sentencing outcomes **The U.S.**

Sentencing Guidelines Dean J. Champion, 1989-11-03 A distinguished group of noted criminal justice specialists here examines the impact of the new U S sentencing guidelines imposed in 1987 on law enforcement the prosecution and courts and corrections Although these guidelines were created with the expressed purpose of increasing judicial fairness and reducing prison overcrowding the contributors argue that their long range effects will be to aggravate present overcrowding problems to intolerably high levels To make their case contributors address individually such issues as plea bargaining the new role of parole and corrections officers the likely effects of the scheduled abolition of the parole board in 1992 and more Both students of criminal justice and practicing parole and corrections officers will find these chapters enlightening reading Following an introductory overview that puts the U S sentencing guidelines in perspective two chapters discuss their impact on law enforcement officer discretion and crime control and deterrence Turning to an exploration of the courts the

contributors address prosecutorial discretion in plea bargaining judicial discretion and sentencing disparities case processing and sentencing alternatives and how predictions of dangerousness affect the sentencing process In their analysis of the relationship between the sentencing guidelines and corrections trends the contributors examine issues such as community based corrections and privatization inmate litigation and constitutional issues and recidivism Finally editor Dean Champion offers a perceptive synthesis of the volume by summarizing the serious problems posed by imposition of the U S sentencing guidelines Four appendices provide additional related information for the student and researcher

Strafzumessung Kai Ambos, 2020 In September 2018 the criminal law section of the 72nd Deutscher Juristentag DJT German Assembly of Jurists debated the question Sentencing Guidelines vs Free Judicial Discretion Is German Sentencing Law in Need of Reform Despite the expert opinion provided by Johannes Kaspar and the accompanying scholarly commentaries ensuing proposals for fundamental reform met with rejection The comparative perspective was limited to the US Federal sentencing guidelines The intention of this volume is therefore on the one hand to draw a more nuanced picture of Anglo American sentencing law focusing on three legal systems England Wales USA and Canada accompanied by commentaries from a German perspective on the other hand we want to make the German perspective better known within the Anglo American legal world by reproducing important DJT documents in English language To ensure the widest possible distribution we opted for a bilingual open access publication
