Sentencing Process And Purpose:

Sentencing Gerhard O. W. Mueller, 1977 **Sentencing in International Criminal Law** Silvia D'Ascoli, 2011-04-01

This book deals with sentencing in international criminal law focusing on the approach of the UN ad hoc Tribunals for the former Yugoslavia ICTY and Rwanda ICTR. In contrast to sentencing in domestic jurisdictions and in spite of its growing importance, sentencing law is a part of international criminal law that is still under construction and is unregulated in many aspects. International sentencing law and practice is not yet defined by exact norms and principles and as yet there is no body of international principles concerning the determination of sentence notwithstanding the huge volume of sentencing research and the extensive modern debate about sentencing principles. Moreover, international judges receive very little guidance in sentencing matters; this contributes to inconsistencies and may increase the risk that similar cases will be sentenced in different ways. One purpose of this book is to investigate and evaluate the process of international sentencing especially as interpreted by the ICTY and the ICTR and to suggest a more comprehensive and coherent system of guiding principles which will foster the development of a law of sentencing for international criminal justice. The book discusses the law and jurisprudence of the ad hoc Tribunals and also presents an empirical analysis of influential factors and other data from ICTY and ICTR sentencing practice, thus offering quantitative support for the doctrinal analysis. This publication is one of the first to be entirely devoted to the process of sentencing in international criminal justice. The book will thus be of great interest to practitioners, academics and students of the subject. *Sentencing and Criminal Justice* Andrew Ashworth, Rory Kelly, 2021-07-15

This revised and updated new edition focuses on major developments in sentencing law, practice and theory. Sentencing in England and Wales is now dominated by Sentencing Council guidelines and scrutiny of those guidelines is central to this book. Issues of principle are identified and discussed to include the constitutional position of the Sentencing Council, the meaning of and challenges to proportionality and the sentencing of BAME offenders and women offenders. The book welcomes the new Sentencing Code introduced as the Sentencing Act 2020 and critically examines the government's plans for sentencing reform set out in the 2020 White Paper *A Smarter Approach to Sentencing*. Throughout the book, sentencing is explored in its wider criminal justice context, making it essential reading for courses on sentencing, criminal justice and criminal law. Introduction to Criminal Justice Lawrence Travis III, 2017-10-23 This student-friendly introductory core text describes the criminal justice process in the United States, outlining the decisions, practices, people and issues involved. It provides a solid introduction to the mechanisms of the criminal justice system with balanced coverage of the issues presented by each facet of the process, including a thorough review of practices and controversies in law enforcement, the criminal courts and corrections. *Criminal Sentencing as Practical Wisdom* Graeme Brown, 2017-06-01 How do judges sentence? In particular, how important is judicial discretion in sentencing?

Sentencing guidelines are often said to promote consistency but is consistency in sentencing achievable or even desirable Whilst the passing of a sentence is arguably the most public stage of the criminal justice process there have been few attempts to examine judicial perceptions of and attitudes towards the sentencing process Through interviews with Scottish judges and by presenting a comprehensive review and analysis of recent scholarship on sentencing including a comparative study of UK Irish and Commonwealth sentencing jurisprudence this book explores these issues to present a systematic theory of sentencing Through an integration of the concept of equity as particularised justice the Aristotelian concept of phronesis or practical wisdom the concept of value pluralism and the focus of appellate courts throughout the Commonwealth on sentencing by way of instinctive synthesis it is argued that judicial sentencing methodology is best viewed in terms of a phronetic synthesis of the relevant facts and circumstances of the particular case The author concludes that sentencing is best conceptualised as a form of case orientated concrete and intuitive decision making one that seeks individualisation through judicial recognition of the profoundly contextualised nature of the process

The Practice of Punishment Wesley Cragg,2003-09-02 Cragg combines the findings of contemporary studies reports and papers focusing on crime punishment and penal practice with philosophical argument and thereby constructs a radical theory of restorative justice
