M. Gorman,1995 This volume brings together for the first time the important work of W M Terence Gorman a major figure in the development of economics during the past 40 years His publications on separability aggregation duality and demand are recongized as fundamental contributions to economic theory **Separability and Aggregation : the Collected Works of William Moore Gorman** W.M. Gorman,1995 **The Palgrave Companion to Oxford Economics** Robert A. Cord,2021-06-16 The University of Oxford has been and continues to be one of the most important global centres for economics With six chapters on themes in Oxford economics and 24 chapters on the lives and work of Oxford economists this volume shows how economics became established at the University how it produced some of the world s best known economists including Francis Ysidro Edgeworth Roy Harrod and David Hendry and how it remains a global force for the very best in teaching and research in economics With original contributions from a stellar cast this volume provides economists especially those interested in macroeconomics and the history of economic thought with the first in depth analysis of Oxford economics A History of Irish Economic Thought Thomas Boylan,Renee Prendergast,John Turner,2013-03 For a country that can boast a distinguished tradition of political economy from Sir William Petty through Swift Berkeley Hutcheson Burke and Cantillon through to that of Longfield Cairnes Bastable Edgeworth Geary and Gorman it is surprising that no systematic study of Irish political economy has been undertaken In this book the contributors redress this glaring omission in the history of political economy for the first time providing an overview of developments in Irish political economy from the seventeenth to the twentieth century Logistically this is achieved through the provision of individual contributions from a group of recognized experts both Irish and international who address the contribution of major historical figures in Irish political economy along the analysis of major thematic issues schools of thought and major policy debates within the Irish context over this extended period *The Index Number Problem* Sydney Afriat,2014-02 This volume addresses the search for a true price index the need to know how to convert an amount at one date into the right amount at another date The longstanding question concerning how such an index should be constructed is known as The Index Number Problem **Handbook of Applied**

Economic Statistics Aman Ullah, 1998-02-03 This work examines theoretical issues as well as practical developments in statistical inference related to econometric models and analysis This work offers discussions on such areas as the function of statistics in aggregation income inequality poverty health spatial econometrics panel and survey data bootstrapping and time series
