Harold Hongju Koh

Separating Power Essays On The Founding Period:

Separating Power Gerhard Casper,1997 The separation of powers along functional lines legislative executive and judicial has been a core concept of American constitutionalism ever since the Revolution As noted constitutional law scholar Gerhard Casper points out in this collection of essays barren assertions of the importance of keeping the powers separate do not capture the complexity of the task when it is seen as separating power flowing from a single source the people Popular sovereignty did not underlie earlier versions of the separation of powers doctrine Casper vividly illustrates some of the challenges faced by Washington Adams Hamilton Madison Gallatin Jefferson and many others in Congress and the executive branch as they guided the young nation setting precedents for future generations He discusses areas such as congressional executive relations foreign affairs appropriations and the Judiciary Act of 1789 from the separation of powers vantage point The picture of our government s formative years that emerges here of a rich and overlapping understanding of responsibilities and authority runs counter to rigid syllogistic views Separating Power gives us a clear portrait of the issues of separation of power in the founding period as well as suggesting that in modern times we should be reluctant to tie separation of powers notions to their own procrustean bed

Separating Power Gerhard Casper,1997 Casper offers a clear portrait of the issues of separation of power along functional lines legislative executive and judicial in the founding period as well as a suggestion that in modern times we should be reluctant to tie separation of powers notions to their own procrustean bed

The Development of the American Presidency Richard J. Ellis,2013-06-17 Our understanding of the politics of the presidency is greatly enhanced by viewing it through a developmental lens analyzing how historical turns have shaped the modern institution The Development of the American Presidency pays great attention to that historical weight but is organized topically and conceptually with the constitutional

origins and political development of the presidency its central focus Through comprehensive and in depth coverage this text looks at how the presidency has evolved in relation to the public to Congress to the Executive branch and to the law showing at every step how different aspects of the presidency have followed distinct trajectories of change All the while Ellis illustrates the institutional relationships and tensions through stories about particular individuals and specific political conflicts Ellis s own classroom pedagogy of promoting active learning and critical thinking is well reflected in these pages Each chapter begins with a narrative account of some illustrative puzzle that brings to life a central concept A wealth of photos figures and tables allow for the visual presentations of concepts A companion website not only acts as a further resources base directing students to primary documents newspapers and data sources but also presents interactive timelines practice quizzes and key terms to help students master the book s lessons

The Education of John Adams Richard B. Bernstein,2020 This book a free standing companion to Bernstein s 2003 biography Thomas Jefferson responds to the public curiosity about Adams his life and his work for those intrigued by popular culture portrayals of Adams in the Broadway musical 1776 and the HBO television miniseries John Adams As with Bernstein s other work e g *The Founding Fathers A Very Short Introduction* it is a clear scholarly concise well written and well researched account of Adams s life career and thought addressing anyone seeking to learn more about him

Potential Congressional Responses to the Supreme Court's Decision in State Farm Mutual Automobile Ins. V. Cambell United States. Congress. House. Committee on the Judiciary. Subcommittee on the Constitution,2003

Founding the American Presidency Richard J. Ellis,1999-08-31 At a time when the institution of the presidency seems in a state of almost permanent crisis it is particularly important to understand what sort of an institution the framers of the Constitution thought they were creating *Founding the American Presidency* offers a first hand view of the minds of the founders by bringing together extensive selections from the constitutional convention in Philadelphia as well as representative selections from the subsequent debates over ratification Organized topically the book focuses on those issues of executive power that most deeply concerned and often sharply divided the founders including the electoral college and impeachment the presidential term and reeligibility the veto power and war powers the power of appointment and the power of pardon Ellis judicious selections mean that teachers and students no longer need to settle for the meager rations of a Federalist paper or two supplemented by a quick summary of the founders thoughts before being fast forwarded to the contemporary presidency Pointed discussion questions provoke students to consider new perspectives on the presidency Ideal for all courses on the presidency the book is also important for all citizens who want to understand not only the past but the future of the American presidency

The Founding Fathers: A Very Short Introduction R. B. Bernstein,2015-11-16 *The Founding Fathers* is a concise accessible overview of the brilliant flawed and quarrelsome group of lawyers politicians merchants military men and clergy known as the Founding Fathers who got as close to the ideal of the Platonic philosopher kings as American or world history has ever seen R B

Bernstein reveals Washington Franklin Jefferson Adams Hamilton and the other founders not as shining demigods but as imperfect human beings people much like us who nevertheless achieved political greatness They emerge here as men who sought to transcend their intellectual world even as they were bound by its limits men who strove to lead the new nation even as they had to defer to the great body of the people and learn with them the possibilities and limitations of politics Bernstein deftly traces the dynamic forces that molded these men and their contemporaries as British colonists in North America and as intellectual citizens of the Atlantic civilization s Age of Enlightenment He analyzes the American Revolution the framing and adoption of state and federal constitutions and the key concepts and problems that both shaped and circumscribed the founders achievements as the United States sought its place in the world Finally he charts the shifting reputations of the founders and examines the specific ways that interpreters of the Constitution have used the Founding Fathers A masterly blend of old and new scholarship brimming with apt description and insightful analysis this book offers a digestible account of how the Founding Fathers were formed what they did and how generations of Americans have viewed them ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

The Hong Kong Legal System Stefan H. C. Lo, Kevin Kwok-yin Cheng, Wing Hong Chui, 2020 Offers an accessible overview of Hong Kong s legal system and guides first year law students in legal research and methods

The National Security Constitution in the Twenty-First Century Harold Hongju Koh, 2024-06-25 A deeply researched fully updated edition of The National Security Constitution that explores the growing imbalance of institutional powers in American foreign affairs and national security policy Since the beginning of the American Republic a package of norms has evolved in the U S Constitution to protect the operation of checks and balances in national security policy This National Security Constitution promotes shared powers and balanced institutional participation in foreign policymaking Today it is under attack from a competing claim of executive unilateralism generated by recurrent patterns of presidential activism congressional passivity and judicial tolerance This dynamic has pushed presidents of both parties to press the limits of law in foreign affairs In his award winning National Security Constitution 1990 Harold Hongju Koh traced the evolution of this constitutional struggle across America s history This new book based on the earlier volume but with roughly 70 percent new material brings the story to the present placing recent events into constitutional perspective Reviewing the presidencies of the twenty first century he explains why modern national security threats have given presidents of both parties incentives to monopolize foreign policy decision making Congress incentives to defer and the courts reasons to rubber stamp Koh suggests both a workable strategy and crucial prescriptions to restore the balance of our constitutional order in addressing modern global crises
