Sequence Rory Donnelly, 1996-01-01 **Sequence** Rory D. Stephens, 1982 **Basic Writing** George Otte, Rebecca Williams Mlynarczyk, 2010-03-15 Framed by historic developments from the Open Admissions movement of the 1960s and 1970s to the attacks on remediation that intensified in the 1990s and beyond Basic Writing traces the arc of these large social and cultural forces as they have shaped and reshaped the field **Politics Of Remediation** Mary Soliday, 2002-09-01 While some students need more writing instruction than others The Politics of Remediation reveals how that need also pertains to the institutions themselves Mary Soliday argues that universities may need remedial English to alleviate their own crises in admissions standards enrollment mission and curriculum and English departments may use remedial programs to mediate their crises in enrollment electives and relationships to the liberal arts and professional schools Following a brief history of remedial English and the political uses of remediation at CCNY before during and after the open admissions policy Soliday questions the ways in which students need for remedial writing instruction has become widely associated with the need to acculturate minorities to the university In disentangling identity politics from remediation she challenges a powerful assumption of post structuralist work that a politics of language use is equivalent to the politics of access to institutions
