Knowledge Cartography Alexandra Okada, Simon J. Buckingham Shum, Tony Sherborne, 2014-10-07 Focuses on the process by which manually crafting interactive hypertextual maps clarifies one's own understanding communicates it to others and enables collective intelligence The authors see mapping software as visual tools for reading and writing in a networked age In an information ocean the challenge is to find meaningful patterns around which we can weave plausible narratives Maps of concepts discussions and arguments make the connections between ideas tangible and critically disputable With 22 chapters from leading researchers and practitioners 5 of them new for this edition the reader will find the current state of the art in the field Part 1 focuses on knowledge maps for learning and teaching in schools and universities before Part 2 turns to knowledge maps for information analysis and knowledge management in professional communities but with many cross cutting themes reflective practitioners documenting the most effective ways to map conceptual frameworks for evaluating representations real world case studies showing added value for professionals more experimental case studies from research and education visual languages many of which work on both paper and with software knowledge cartography software much of it freely available and open source visit the companion website for extra resources books.kmi.open.ac.uk knowledge cartography Knowledge Cartography will be of interest to learners educators and researchers in all disciplines as well as policy analysts scenario planners knowledge managers and team facilitators Practitioners will find new perspectives and tools to expand their repertoire while researchers will find rich enough conceptual grounding for further scholarship

The Creaky Traveler in the North West Highlands of Scotland Warren Rovetch, 2002-10 On a journey of discovery Warren and Gerda Rovetch both creaky themselves explore the hidden places of Great Britain's last wilderness the rugged and startling coast of Scotland's North West Highlands They bring fresh perspectives to the environmental cultural and spiritual dimensions of their experience as their journey moves at an easy pace from village pubs and croft houses to places of untouched natural beauty and solitude Celtic history and tradition comes alive as our hosts meander their way along Part travelogue part guidebook but all charm and wit this book transports us to another culture where we have much to learn

The Reportage of Urban Culture Rolf Lindner, 1996-07-11 The current fascination with urban life has encouraged a growing interest in the Chicago School of sociology by students of sociological history It is generally accepted that the field research practised by the Chicago sociologists during the 1920s the Golden Age of Chicago sociology used methods borrowed from anthropology However Rolf Lindner also argues convincingly that the orientation of urban research advocated by Robert Park the key figure in the Chicago School and himself a former reporter is ultimately indebted to the tradition of urban reportage The Reportage of Urban Culture goes beyond a thorough reconstruction of the relationship between

journalism and sociology It shows how the figure of the city reporter at the turn of the century represents a new way of looking at life and reflects a transformation in American culture from rejecting variety to embracing it **The SAGE Handbook of Current Developments in Grounded Theory** Antony Bryant, Kathy Charmaz, 2019-04-22 Building on the success of the bestselling The SAGE Handbook of Grounded Theory 2007 this title provides a much needed and up to date overview integrating some revised and updated chapters with new ones exploring recent developments in grounded theory and research methods in general The highly acclaimed editors have once again brought together a team of leading academics from a wide range of disciplines perspectives and countries This is a method defining resource for advanced students and researchers across the social sciences Part One The Grounded Theory Method 50 Years On Part Two Theories and Theorizing in Grounded Theory Part Three Grounded Theory in Practice Part Four Reflections on Using and Teaching Grounded Theory Part Five GTM and Qualitative Research Practice Part Six GT Researchers and Methods in Local and Global Worlds **Floor Covering Weekly** ,2005
