Serial Offenders Current Thought Recent Findings:

Serial Offenders Louis B. Schlesinger, 2000-07-31 Although serial offenders have been a recognized problem in society for centuries only recently have the complexities of these individuals come to light Serial Offenders Current Thought Recent Findings presents current and inclusive information on serial offending in a clear and straightforward manner Citing numerous case examples this book will provide forensic psychologists and psychologists as well as criminologists social workers and corrections officials with relevant and informative data Author Louis B Schlesinger presents current thinking on serial offenders in the first of three parts contained in the text In Part I he covers serial homicide child molestation rape arson and the nonviolent serial offender while offering new information and perspectives on these traditional problems Part II reverses thought and takes a look at recent clinical and research findings From profiling by law enforcement and health care workers to the neurobiological approach to understanding why people continually commit these crimes Part II delves beyond right and wrong to illuminate and identify the many shades of gray Part III focuses on the unusual aspects of serial offending and on special populations of offenders From infantophilia to serial offending by females adolescents and members of the clergy Schlesinger provides insight into a world that few have witnessed in such a comprehensive manner [Serial Offenders](#) Kevin Borgeson, Kristen Kuehnle, 2012 Identifying crimes and classifying them as serial murders is the first step towards determining who the offender is and what his or her motives and actions were Serial Offenders Theory and Practice explores the act of criminal profiling and the effective methods of case analysis and linkage Intriguing case studies are used to thoroughly examine the behavioral aspects of serial homicide and the investigative issues that criminal justice professionals face Readers will learn how to build hypotheses construct timelines and develop suspect lists Successful interview and interrogation skills and methods are also covered **Review of RD.** Walter, 2001 Based upon the stated assumption that recognizable serial offenders who present greater risk than nonserial offenders are on the increase in society the authors mental health and law enforcement professionals have attempted to correlate and understand the various types offenses and the offenders The book is divided into three sections The first presents current theory and thinking of serial offenders The second addresses recent clinical and research findings The third part considers unusual issues that include child offenses clergy abuse and survival victims of serial offenders [Serial Murder and the Psychology of Violent Crimes](#) Richard N. Kocsis, 2008-01-08 This book brings together an international collection of research literature on the topics of criminal profiling and serial violent crime by integrating the respected insights of both scholars and practitioners from around the globe It explains etiological factors and psychological mechanisms to reveal criminal motives **The Psychology of Arson** Rebekah Doley, Geoffrey Dickens, Theresa Gannon, 2015-08-14 The Psychology of Arson is the first book in its field to focus specifically on contemporary topics relevant to practitioners and professionals working with adolescent and adult deliberate firesetters Rebekah Doley Geoffrey Dickens and Theresa Gannon have integrated the very latest

information regarding prevalence theory research and practice in one accessible resource and provide practical advice strategies and techniques in a context of evidence based research which will be invaluable for all treatment providers who work in the field of deliberate fire setting Unique features of this book include chapters considering community awareness strategies survivors of arson filicide and suicide by fire as well as a new treatment model developed on the basis of the latest research in the field It is divided into four parts Theories and typologies of firesetting Legal investigative and preventative issues Assessment and risk assessment of deliberate firesetters Treatment needs and management of deliberate firesetters The Psychology of Arson provides the first scientist practitioner model for the treatment of arson offenders It will be an essential resource for forensic psychiatrists clinical psychologists and other professionals working with this client group

The Psychology of Death Investigations Katherine Ramsland,2017-11-06 The Psychology of Death Investigations outlines definitively how behavioral evidence can often provide the necessary components and missing pieces to complement physical evidence as an essential tool for incident reconstruction In order to determine the direction of an investigation and to prioritize leads if necessary death investigators must establish the manner of a death natural accident homicide or suicide The most overlooked aspect of death investigation is the psychological dimension which can provide unique leads correct false assumptions enhance investigative awareness and solve cases in surprising ways In an estimated 10 20% of cases the manner of death cannot be determined or worse has been erroneously categorized Since many jurisdictions can t afford behavioral consultants this book has been written to provide practical information for a basic psychological analysis If the circumstances surrounding a death are equivocal psychological consultants can compile information retrospectively about a deceased person s mental state and possible motive to assist with unravelling ambiguity about the manner of death This is the primary function of a psychological autopsy and as such this is the first book of its kind dedicated solely to the topic In the event that the manner of death is determined to be a homicide behavioral profiling can help to focus the potential pool of suspects Professionals and students alike will benefit from the exercise of cognitive awareness and the application of psychological logic presented Psychologists medical examiners coroners attorneys fraud examiners law enforcement personnel death and homicide investigators and students enrolled in criminal profiling forensic psychology and criminal justice programs will find this text to be a compelling and insightful reference to add to their professional toolkit

The (Mis)Representation of Queer Lives in True Crime Abbie E. Goldberg,Danielle C. Slakoff,Carrie L. Buist,2023-08-25 This book examines the representation and misrepresentation of queer people in true crime addressing their status as both victims and perpetrators in actual crime as well as how the media portrays them The chapters apply an intersectional perspective in examining criminal cases involving LGBTQ people as well as the true crime media content surrounding the cases The book illuminates how sexual orientation gender race and other social locations impact the treatment of queer people in the criminal legal system and the mass media Each chapter describes one or more high profile criminal cases involving queer

people e g the murders of Brandon Teena and Kitty Genovese serial killer Aileen Wuornos the Pulse nightclub mass shooting The authors examine how the cases are portrayed in the media via news films podcasts documentaries books social media and more Each chapter discusses not only what is visible or emphasized by the media but also what is invisible in the accounting or societal focus surrounding the case Lesser known but similar cases are used in the book to call attention to how race gender sexuality sexual orientation social class and or other features influence the dominant narrative surrounding these cases Each chapter addresses teachable moments from each case and its coverage leaving readers with several considerations to take with them into the future The book also provides media resources and supplemental materials so that curious readers including scholars students content creators and advocates can examine the cases and media content further The book will appeal to scholars and students of criminology psychology sociology law media studies sexuality studies and cultural studies and people with an interest in true crime

The Dark Side of Relationship Pursuit Brian H. Spitzberg, William R. Cupach, 2014-04-16 Awards and Praise for the first edition Recipient of the 2006 International Association for Relationship Research IARR Book Award This text as it presently stands is THE go to text for stalking researchers That is my opinion and the opinion of multiple fellow scholars I know in the field It rarely sits on my shelf but rather is a constant reference on my desk I can always count on these authors to have done an extensive review of literature I thought I was thorough but they are always providing me with new references Dr H Colleen Sinclair Associate Professor of Psychology Mississippi State University Cupach and Spitzberg provide the reader with a multidisciplinary framework for understanding the nature and impact of unwanted relationship pursuits This book is an excellent resource for students and professionals alike who seek to gain knowledge about unwanted relational pursuits and stalking Journal of Couple Relationship Therapy The Dark Side of Relationship Pursuit provides historical and definitional frames for studying unwanted relationship pursuit and considers the role of the media law and social science research in shaping today s conceptualizations of stalking The volume integrates research from diverse contributing fields and disciplines providing a thorough summary and assessment of current knowledge on stalking and obsessive pursuit Building on the foundation of the award winning first edition this revision considers assessment issues offers an expanded analysis of the meta analysis data set and includes coverage of intercultural and international factors As an increasing number of scholarly disciplines and professional fields study stalking and other forms of obsessive relationship pursuit this book is a must have resource for examining interpersonal conflict social and personal relationships domestic violence unrequited love divorce and relational dissolution and harassment It also has much to offer researchers counselors and professionals in psychology counseling criminal justice sociology psychiatry forensic evaluation threat assessment and law enforcement

Crime and Criminality Sandie Taylor, 2015-12-22 The question of why and how certain individuals are drawn towards behaving in a way that contravenes the Law of the Land is not an easy one to address Researchers from various different fields have nevertheless attempted to

develop theoretical explanations for the existence of different types of crime and why some individuals commit such acts Crime and Criminality draws on criminology sociology psychology and neuroscience to offer a balanced perspective of crime the criminal and criminality Coverage includes a comprehensive discussion of theoretical approaches to criminal behaviour including biological social and rational choice approaches an analysis of legal and social definitions of crime and how these definitions influence the way specific behaviours are labelled as criminal an examination of different types of crime and criminals from delinquents to psychopaths and sex offenders an exploration of different ways in which crime is predicted including risk assessment and offender profiling and an overview of investigative techniques Addressing a broad range of topics and offering a synthesis of competing theoretical explanations of criminality this book is essential reading for students taking courses in criminology criminal psychology criminal behaviour forensic psychology and psychological criminology

CRIMINAL PSYCHOLOGY Laurence Miller, 2012-01-01 Criminal psychology is the application of the principles of normal and abnormal psychology to the understanding prediction and control of criminal behavior Criminal Psychology Nature Nurture Culture provides an in depth yet readable introduction to the foundations of criminal psychology as it is understood and practiced from the classroom to the courtroom The book is organized into five sections Part I examines the nature and origins of criminal behavior These chapters outline the role of psychology in the criminal justice system and review the biology psychology and sociology of crime to develop a naturalistic model of criminal behavior that can guide theory and practice in law enforcement criminal justice and forensic evaluation Part II examines the major classes of mental disorder that may be associated with criminal behavior including psychotic disorders mood disorders organic brain syndromes substance abuse and personality disorders Each chapter consists of a description of the syndrome followed by applications to law enforcement criminal justice and forensic mental health issues of competency sanity and criminal culpability Part III deals with death Topics include homicide serial murder mass homicide workplace and school violence and terrorism Part IV covers sexual offenses and crimes within the family including rape and sexual assault sex crimes against children child battery domestic violence and family homicide Part V discusses the psychological dynamics of a variety of common crimes such as stalking and harassment theft and robbery gang violence organized crime arson hate crimes victimology the psychology of corrections and the death penalty Each chapter contains explanatory tables and sidebars that illustrate the chapter's main topic with examples from real life cases and the media and explore controversies surrounding particular issues in criminal psychology such as criminal profiling sexual predator laws dealing with children who kill psychotherapy with incarcerated offenders and the use of designer defenses in court Grounded in thorough scholarship and written in a crisp engaging style this volume is the definitive handbook and reference source for forensic psychologists mental health practitioners attorneys judges law enforcement professionals and military personnel It will also serve as an authoritative core text for courses in forensic psychology criminology and criminal justice practice

While this might not be the Serial Offenders Current Thought Recent Findings full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Serial Offenders Current Thought Recent Findings eBooks, including some popular titles.

FAQs About Serial Offenders Current Thought Recent Findings Books

What is a Serial Offenders Current Thought Recent Findings PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Serial Offenders Current Thought Recent Findings PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Serial Offenders Current Thought Recent Findings PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Serial Offenders Current Thought Recent Findings PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Serial Offenders Current Thought Recent Findings PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
