Nurses Handbook Of Complementary And Alternative Therapies:

The Nurses' Handbook of Complementary Therapies Denise F. Rankin-Box, Victoria E. Slater, 1996 Core Curriculum for Oncology Nursing - E-Book Oncology Nursing Society, Joanne K. Itano, Karen N. Taoka, 2015-04-23

Core Curriculum for Oncology Nursing E Book *Nurses' Handbook of Complementary Therapies* Churchill Livingstone, 2000-11 This is a comprehensive guide to complementary therapies written specifically for nurses and midwives The book covers the general issues involved in dealing with complementary therapies change policy models supervision and examines the broad concepts which underpin many of the therapeutic approaches energy healing environments The bulk of the book consists of short summaries of a number of therapies examining specifically the research underpinnings the therapeutic potential related to nursing and midwifery and contraindications *Practices in Children's Nursing E-Book* Ethel Trigg, Toby Mohammed, Louise Ford, Hermione Montgomery, Vicky Vidler, 2010-06-17 The skills required by children s nurses are many and varied and are undertaken in a variety of settings Sick children are cared for at home in children s units and hospitals and sometimes in adult wards In addition children with disabilities may need nursing care while at special schools or in residential settings This book provides a clinical manual of common practices Each practice is research based and presented in a common format which covers Objectives Rationale Factors to note Guidelines Positioning Equipment Method Special observations and possible complications References and further reading The guidelines have been written specifically for children s nursing by contributors from well known children s units They are not simply adaptations from adult practices and therefore recognise the unique differences between adult and children s nursing The introductory section covers common concepts and infection control There is also a chapter on complementary therapies and an appendix on the use of play as a distraction All hospital and community nurses dealing with children whether at home in specialised units or in community settings will find the book of great practical help The common format of each practice makes the book easy to use and refer to in a clinical setting Each practice is based on the latest research to ensure it is evidence based and up to date Introductory chapters cover issues common to all practices to make the book easier to use The appendix on play reinforces its common usage as a distraction technique A chapter on complementary therapies explains these as they are becoming more widespread All practices have been reviewed by regional centres to avoid parochialism Content reorganised to reflect the Essential Skills Clusters from the NMC New chapter on communicating with children All chapters updated to reflect the current evidence base *Emergency Nursing Core Curriculum E-Book* Emergency Nurses Association, 2007-08-06 Whether you are a new or an experienced emergency nurse you ll find that the Emergency Nursing Core Curriculum 6th Edition is an essential tool for your practice Authored by the Emergency Nurses Association ENA this highly respected resource will help you build and verify your knowledge develop practice standards improve quality of care and educate nursing staff as well as patients and families The Emergency Nursing Core Curriculum 6th Edition is also the ideal resource to help you prepare for the Certification for

Emergency Nurses CEN exam Authored by ENA you can rely on this text to be the most authoritative and up to date resource available The text s outline format and alphabetical listing of the Clinical Emergencies chapters mean you can find the information you need fast The most recent CEN examination content is included to ensure that you re prepared and confident Nine new chapters incorporate the latest information about Triage Complementary and Alternative Therapies Cultural Dimensions and Emergency Nursing End of Life Issues in the Emergency Department Hemodynamic Monitoring Hematologic Oncologic Emergencies Mechanism of Injury Weapons of Mass Destruction Forensic Nursing Practice A new unit on trauma emergencies reorganizes information from the previous edition to help you more easily find the facts you need More illustrations and tables are included to enhance your understanding of key information **Nursing Interventions**
