Pragmatic Moral Realism Sami Pihlström, 2005 This book examines the issue of moral realism from a pragmatist point of view drawing attention to our human practices of ethical evaluation and deliberation It defends the essentially ungrounded and humanly fundamental place of ethics in our thought and action Ethics must remain beyond justification and ubiquitous in our human forms of life

Plato's Cratylus Michael W. Riley, 2005-01-01 This book explains how the Cratylus Plato's apparently meandering and comical dialogue on the correctness of names makes serious philosophical progress by its notorious etymological digressions While still a wild ride through a Heraclitean flood of etymologies which threatens to swamp language altogether the Cratylus emerges as an astonishingly organized evaluation of the power of words

The New Science of Axiological Psychology Leon Pomeroy, 2005-01-01 This book uses scientific validity measures to create empirical value science and a normative new science of axiological psychology by integrating cognitive psychology with Robert S Hartman's formal theory of axiological science It reveals a scientific way to identify and rank human values achieving values appreciation values clarification and values measurement for the twenty first century
