The Home Sweet Home Collection: A Little Salty to Cut the Sweet / Home Is Where My People Are Sophie Hudson, 2016-05-20 This collection bundles two of popular author Sophie Hudson's books together in one e book for a great value A Little Salty to Cut the Sweet There's nothing quite like family for good or bad But in a world where we sometimes know more about the Kardashians than we do the people sleeping right down the hall it's easy to forget that walking through life with our family offers all sorts of joy wrapped up in the seemingly mundane There's even a little bit of sacred sitting smack dab in the middle of the ordinary And since time's a wastin we need to be careful that we don't take our people and their stories for granted Whether it's a marathon bacon frying session a road trip gone hysterically wrong or a mother in law who makes every trip to the grocery store an adventure author Sophie Hudson reminds us how important it is to slow down and treasure the day to day encounters with the people we love the most Written in the same witty style as Sophie's BooMama blog A Little Salty to Cut the Sweet is a cheerful funny and tender account of Sophie's very Southern family It's a look into the real lives of real people and a real loving God right in the middle of it all Home Is Where My People Are All roads lead to home It's easy to go through life believing that we can satisfy our longing for home with a three bedroom two bath slice of the American dream that we mortgage at 4 percent and pay for over the course of thirty years But ultimately in our deepest places we're really looking to belong and to be known And what we sometimes miss in our search for the perfect spot to set up camp is that wherever we are on the long and winding road of life God is at work in the journey teaching us shaping us and refining us sometimes through the most unlikely people and circumstances In Home Is Where My People Are Sophie Hudson takes readers on a delightfully quirky journey through the South introducing them to an unforgettable cast of characters places and experiences Along the way she reflects on how God has used each of the stops along the road to impart timeless spiritual wisdom and truth Nobody embodies the South like Sophie Hudson and this nostalgic celebration of home is sure to make even those north of the Mason Dixon line long to settle in on the front porch with a glass of sweet tea and reflect on all of the people in our lives who related or not have come to represent home Because at the end of the day it's not the address on the front door or

even the name on the mailbox that says home but the people who live and laugh and love there wherever there might happen to be *Senior Living Texas Directory, Guide for Assisted Living, Memory Care, and Skilled Nursing Facilities*

THE "BOOMERS" ARE COMING Jerry Rhoads, 2012-12-10 The foundation of democracy is the pursuit of the Greater Good As a country we pursue what is good for most of the people most of the time But that is not our approach for the care of our elderly Of the 330 million people in America 77 million are baby boomers In the next 10 years a staggering majority of them turned 60 Even though it would be for the Greater Good of America there are no provisions for taking care of these aging lives There are only time bombs Currently there are 2 3 million falls per year among the elderly in nursing homes There will be 80 million per year when the baby boomers come of nursing home age On the average baby boomers will have 4 to 5 chronic illnesses by the time they are 65 that equates to 350 million chronic conditions 77 million families will be impacted by the disabilities and chronic conditions imposed on them by aging baby boomers 77 million households are not equipped and never will be to handle chronic illnesses and dependent lives 77 trillion dollars will be imposed annually on the budgets of State and Federal Governments to care for the aging boomers The 46 million uninsured will become 100 million as the baby boomers become retirement age and unemployed There are currently 1 7 million nursing home patients in 18 000 nursing homes and 4 million assisted living residents in 23 000 assisted living facilities We will need 12 times as many nursing homes and 15 times as many assisted living facilities to handle the 77 million baby boomers in a supportive setting 2 million physicians 2 million nurses 7 500 hospitals and 750 000 other health professionals cannot handle the needs of 77 million aging baby boomers But they do want their share of the health care dollars Making the radical change from health maintenance to prevention and health preservation would serve the greater good and make more Medicare money available On top of these time bombs we have 77 million high expectations If we are expecting these 77 million baby boomers to just accept nursing homes and assisted living as they are think again They tend to be dependent on others for their approach to health care and generally are not staying healthy nor are they schooled on preserving their health and do not pay more for poor health Compounding this their health care providers are not schooled in detecting cause or in pursuing measurable outcomes But they are paid regardless of results
