Pinoy, the First Wave, 1898-1941 Roberto V. Vallangca, 1977 The testimonies of Filipinos who came to America as part of the first wave of Filipino immigration are prefaced by information on their cultural background and special problems **The Global Ethnopolis** M. Laguerre, 1999-10-11 This book focuses on three ethnic neighbourhoods in San Francisco commoditized Chinatown gentrified Japantown and defunct Manilatown and argues that the city is global because it comprises a multiplicity of global niches in its midst that interface with and sustain each other at the local level **Filipino American Lives** Yen Le Espiritu, Yen Espiritu, 2010-06-17 First person narratives by Filipino Americans reveal the range of their experiences before and after immigration Filipino American Faith in Action Joaquin Jay Gonzalez, 2009-02 Introduction Calling in San Francisco Resurrecting Christian faith Praying then delivering miracles Gathering souls with food Converting bowling to civic involvement Blessing passion and revolution Reconciling old and young spirits Conclusion Embracing new bonds and bridges The Columbia Guide to Asian American History Gary Y. Okihiro, 2005-03-30 Offering a rich and insightful road map of Asian American history as it has evolved over more than 200 years this book marks the first systematic attempt to take stock of this field of study It examines comments and questions the changing assumptions and contexts underlying the experiences and contributions of an incredibly diverse population of Americans Arriving and settling in this nation as early as the 1790s with American born generations stretching back more than a century Asian Americans have become an integral part of the American experience this cleverly organized book marks the trajectory of that journey offering researchers invaluable information and interpretation Part 1 offers a synoptic narrative history a chronology and a set of periodizations that reflect different ways of constructing the Asian American past Part 2 presents lucid discussions of historical debates such as interpreting the anti Chinese movement of the late 1800s and the underlying causes of Japanese American internment during World War II and such emerging themes as transnationalism and women and gender issues Part 3 contains a historiographical essay and a wide ranging compilation of book film and electronic resources for further study of core themes and groups including Chinese Japanese Filipino Hmong Indian Korean Vietnamese and others Filipinos in San Francisco Filipino American National Historical Society, Manilatown Heritage Foundation, Pin@y Educational Partnerships, 2011-02-14 Tens of thousands of Filipinos who have lived worked and raised families for over five generations in this unique city stake their rightful claim to more than a century of shared history in San Francisco The photographs herein attest to the early arrivals who came as merchant mariners businesspeople scholars and musicians as well as agricultural and domestic workers But their story has often been ignored told incompletely by others and edited too selectively by many The Filipino American experience both epitomizes and defies the traditional immigrant storyline and these pictures honestly and respectfully document the fruits of their labors the products of their perseverance and at times their resistance to social exclusion and economic suppression **Becoming Mexipino** Rudy P. Guevarra, Jr., 2012-05-09 Becoming Mexipino is a

social historical interpretation of two ethnic groups one Mexican the other Filipino whose paths led both groups to San Diego California Rudy Guevarra traces the earliest interactions of both groups with Spanish colonialism to illustrate how these historical ties and cultural bonds laid the foundation for what would become close interethnic relationships and communities in twentieth century San Diego as well as in other locales throughout California and the Pacific West Coast Through racially restrictive covenants and other forms of discrimination both groups regardless of their differences were confined to segregated living spaces along with African Americans other Asian groups and a few European immigrant clusters Within these urban multiracial spaces Mexicans and Filipinos coalesced to build a world of their own through family and kin networks shared cultural practices social organizations and music and other forms of entertainment They occupied the same living spaces attended the same Catholic churches and worked together creating labor cultures that reinforced their ties often fostering marriages Mexipino children living simultaneously in two cultures have forged a new identity for themselves Their lives are the lens through which these two communities are examined revealing the ways in which Mexicans and Filipinos interacted over generations to produce this distinct and instructive multiethnic experience Using archival sources oral histories newspapers and personal collections and photographs Guevarra defines the niche that this particular group carved out for itself

Asian-american Education Meyer Weinberg, 2012-12-06 Asian American Education Historical Background and Current Realities fills a gap in the study of the social and historical experiences of Asians in U S schools It is the first historical work to provide American readers with information about highly individual ethnic groups rather than viewing distinctly different groups as one vague global entity such as Asians The people who populate each chapter are portrayed as active participants in their history rather than as passive victims of their culture Each of the twelve country specific chapters begins with a description of the kind of education received in the home country including how widely available it was how equal or unequal the society was and what were the circumstances under which the emigration of children from the country occurred The latter part of each of these chapters deals with the education these children have received in the United States Throughout the book instead of dwelling on a relatively narrow range of children who perform spectacularly well the author tries to discover the educational situation typical among average students The order of chapters is roughly chronological in terms of when the first sizable numbers of immigrants came from a specific country

**Concepcion** Albert Samaha, 2022-10-11 Absolutely extraordinary A landmark in the contemporary literature of the diaspora Jia Tolentino author of Trick Mirror If Concepcion were only about Samaha s mother it would already be wholly worthwhile But she was one of eight children in the Concepcion family whose ancestry Samaha traces in this powerful book The New York Times A journalist s powerful and incisive account reframes how we comprehend the immigrant experience Nearing the age at which his mother had migrated to the US part of the wave of non Europeans who arrived after immigration quotas were relaxed in

1965 Albert Samaha began to question the ironclad belief in a better future that had inspired her family to uproot themselves from their birthplace. As she, her brother Spanky, a rising pop star back in Manila now working as a luggage handler at San Francisco airport, and others of their generation struggled with setbacks amid mounting instability that seemed to keep prosperity ever out of reach, he wondered whether their decision to abandon a middle class existence in the Philippines had been worth the cost. Tracing his family's history through the region's unique geopolitical roots in Spanish colonialism, American intervention, and Japanese occupation, Samaha fits their arc into the wider story of global migration as determined by chess moves among superpowers. *Ambitious* is intimate and incisive. Concepcion explores what it might mean to reckon with the unjust legacy of imperialism, to live with contradiction and hope, to fight for the unrealized ideals of an inherited homeland.

**Bound by War** Christopher Capozzola, 2020-07-28 A sweeping history of America's long and fateful military relationship with the Philippines amid a century of Pacific warfare. Ever since US troops occupied the Philippines in 1898, generations of Filipinos have served in and alongside the US armed forces. In *Bound by War*, historian Christopher Capozzola reveals this forgotten history, showing how war and military service forged an enduring yet fraught alliance between Americans and Filipinos. As the US military expanded in Asia, American forces confronted their Pacific rivals from Philippine bases. And from the colonial era, Philippine Scouts, to post-9/11 contractors in Iraq and Afghanistan, Filipinos were crucial partners in the exercise of US power. Their service reshaped Philippine society and politics and brought thousands of Filipinos to America. Telling the epic story of a century of conflict and migration, *Bound by War* is a fresh, definitive portrait of this uneven partnership and the two nations it transformed.

**Labor Divided** Robert Asher, Charles Stephenson, 1990-01-01 *Labor Divided* is the first anthology on race, ethnicity, and the history of American working class struggles to give substantial attention to the experiences of African American, Asian, and Hispanic workers, as well as to the experiences of workers from European backgrounds. The essays in *Labor Divided* cover a time period of more than a century. They focus on the experiences of service workers as well as factory workers, women as well as men. Because the American labor force presently is absorbing significant numbers of workers from abroad, and especially Asian and Hispanic workers, this volume will be of great interest to readers seeking historical perspectives on contemporary economic developments.

**From All Points** Elliott Robert Barkan, 2007-05-11 A history of immigrants in the American West in the nineteenth and twentieth centuries and their effect on the region. At a time when immigration policy is the subject of heated debate, this book makes clear that the true wealth of America is in the diversity of its peoples. By the end of the twentieth century, the American West was home to nearly half of America's immigrant population, including Asians, Armenians, Germans, Greeks, Mexicans, Italians, Swedes, Basques, and others. This book tells their rich and complex story of adaptation and isolation, maintaining and mixing traditions, and an ongoing ebb and flow of movement, assimilation, and replenishment. These immigrants and their children built communities, added to the region's culture, and contended with discrimination and the lure of Americanization. The mark of

the outsider the alien the nonwhite passed from group to group even as the complexion of the region changed The region welcomed then excluded immigrants in restless waves of need and nativism that continue to this day Written in the fashion of Oscar Handlin this study makes a convincing case that immigration history comprises an essential part of the history of the American West and that appreciation of the former and the roles played by myriad alien arrivals is essential for understanding the latter Barkan combines vignettes based on immigrant reminiscences with keen analysis to explore four related themes various groups arrivals their economic influences their effects on public policy and their adaptation and assimilation The resulting narrative is readable and informative Recommended Choice A remarkable synthesis of the West as a region of immigrants It tells the story of how vital immigrants were to economic growth and modernization This will be the prime reference for 21st century scholars of immigration and ethnicity in the American West Annals of Wyoming Spring 2010

*State and Finance in the Philippines, 1898-1941* Yoshiko Nagano, 2015-04-20 During the First World War ill advised steps by colonial officials in the Philippines who were responsible for the colony's finances created a crisis which lasted from 1919 until 1922 The circumstances shook the foundations of the American colonial state and contributed to Manuel L Quezon's successful effort to replace Sergio Osmeña as leader of the politically dominant Nacionalista Party These events have generally been blamed on a corruption scandal at the Philippine National Bank which had been established in 1916 as a multi purpose semi governmental agency whose purpose was to provide loans for the agricultural export industry to do business as a commercial bank to issue bank notes and to serve as a depository for government funds Based on detailed archival research Yoshiko Nagano argues that the crisis in fact resulted from mismanagement of currency reserves and irregularities in foreign exchange operations by American officials and that the notions of a corruption scandal arose from a colonial discourse that masked problems within the banking and currency systems and the U S colonial administration Her analysis of this episode provides a fresh perspective on the political economy of the Philippines under American rule and suggests a need for further scrutiny of historical accounts written on the basis of reports by colonial officials **Strangers from a**

**Different Shore**, 2012-11 In an extraordinary blend of narrative history personal recollection oral testimony the author presents a sweeping history of Asian Americans He writes of the Chinese who laid tracks for the transcontinental railroad of plantation laborers in the canefields of Hawaii of picture brides marrying strangers in the hope of becoming part of the American dream He tells stories of Japanese Americans behind the barbed wire of U S internment camps during World War II Hmong refugees tragically unable to adjust to Wisconsin's alien climate culture Asian American students stigmatized by the stereotype of the model minority This is a powerful moving work that will resonate for all Americans who together make up a nation of immigrants from other shores **Social Process in Hawaii**, 1991 *The Oxford Encyclopedia of Food and Drink in America* Andrew Smith, 2013-01-31 Home cooks and gourmets chefs and restaurateurs epicures and simple food lovers of all stripes will delight in this smorgasbord of the history and culture of food and drink Professor of Culinary History Andrew

Butler, 2011-07-01 Ethnic Studies has drawn higher education usually kicking and screaming into the borderlands of scholarship pedagogy faculty collegiality and institutional development Johnnella E Butler writes in her Introduction to this collection of lively and insightful essays Some of the most prominent scholars in Ethnic Studies today explore varying approaches multiple methodologies and contrasting perspectives within the field Essays trace the historical development of Ethnic Studies its place in American universities and the curriculum and new directions in contemporary scholarship The legitimization of the field the need for institutional support and the changing relations between academic scholarship and community activism are also discussed The institutional structure of Ethnic Studies continues to be affected by national regional and local attitudes and events and Ronald Takaki's essay explores the contested terrains of these culture wars Manning Marable delves into theoretical aspects of writing about race and ethnicity while John C Walter surveys the influence of African American history on U S history textbooks Elizabeth Cook Lynn and Craig Howe explain why American Indian Studies does not fit into the Ethnic Studies model and Lauro H Flores traces the historical development of Chicano a Studies forged from the student and community activism of the late 1960s Ethnic Studies is simultaneously discipline based and interdisciplinary self containing and overlapping This volume captures that dichotomy as contributors raise questions that traditional disciplines ignore Essays include Lane Ryo Hirabayashi and Marilyn Caballero Alquizola on the gulf between postmodernism and political and institutional realities Rhett S Jones on the evolution of Africana Studies and Judith Newton on the trajectories of Ethnic Studies and Women's Studies and their relations with marginalized communities Shirley Hune and Evelyn Hu DeHart each make a case for the separation of Asian American Studies from Asian Studies while Edna Acosta Bel n argues for a hemispheric approach to Latin American and U S Latino a Studies T V Reed rounds out the volume by offering through cultural studies bridges to the twenty first century Religion at the Corner of Bliss and Nirvana Lois Ann Lorentzen, Joaquin Jay Gonzalez, Kevin M.
